442	Community Development Fund, Recovery Act	YWCA Windows - The Muncie YWCA is listed on the National Register of Historic Places and includes 41 sleeping rooms, 4 apartments, and common areas, such as laundry room, adult learning center with computers, a craft and study area, and a children's learning and play room. The Muncie YWCA is a member of the Homeless Provider Network and is the only facility in Muncie that provides emergency shelter 24 hours/7 days per week for women and children. The YWCA's existing 214 wood windows are leaky, and many no longer latch, resulting in significant infiltration. The existing storm windows are triple-track type and are deteriorated. The City will restore 141 wood windows, install 214 new storm windows, and weather strip. The project should greatly reduce energy usage and related costs for the facility while improving occupant comfort and safety. It will also eliminate the need for YWCA staff to spend hours taking temporary measures against energy loss, such as installing plastic window films. Since the building is listed on the National Register of Historic Places, all work will adhere to the Secretary of the Interior's Standards for the treatment of historic structures. - 310	1	CE	done	1			Yes

522	Community Development Fund, Recovery Act	Lot Clearance/Boardup/Demolition Tiered Review - Description Provide an expected 290 contracting opportunities for approximately 600 lot clearances and 200 boardups that are nuisance and safety issues and 25 demolitions of dilapidated and unsafe structures primarily in low-moderate income neighborhoods. This project will be implemented through the City's Planning and Community Development Department's Code Compliance Division. The Division's Compliance staff performs the inspections of properties to evaluate compliance with the City's Codes and Ordinances including zoning, housing and environmental standards and requirements. Properties that are found to be non-compliant are processed with proper notification to the owner and follow through to ensure compliance. After this due process, the Lot Clearance/Boardup/ Demolition Project will allow the City to contract the work on non-compliant properties to ensure the health, safety and welfare of the low-moderate income neighborhoods. Location Citywide LMI areas primarily from 1st to 61st Streets from Harborside and Avenues C and E to Seawall Boulevard and Avenue S/Stewart Road and other LMI areas. The low-moderate income areas are mostly located in Census Tracts: 7240, 7241, 7242, 7243, 7244, 7245, 7246, 7247, 7248, 7249, 7250, 7251, 7252, 7253, 7254, 7256, 7258 and 7259. Based on the 2000 Census numbers, this area is approximately 64% LMI with a total population of 50,400. Site Specific reviews will be completed as locations are	1	CE	done	1		11/24/2009	Yes

1227	Community Development Fund, Recovery Act	Historic Lincoln Building - The Black Economic Union (BEU) owns the Historic Lincoln Building at 1601 E. 18th Street. The BEU has been allocated CDBG-R funds for a Scope of Work that includes the following: maintenance activities, upgrade of interior space to ensure code compliance and ADA accessibility, storefront renovation (replacement of plexi-glass windows installed as part of an early 1980s upgrade to the building) and improvement to interior finish of one ground level storefront to accommodate a new tenant, improvement to mechanicals within the building, and interior remodeling of non-public space to accommodate a new tenant. The activities proposed were contemplated as part of earlier environmental reviews, including an Environmental Assessment [ERRs 98-14, 02-08 and 07-08 B]. The 1998 review was associated with a Revolving Loan Fund directed toward economic development activities, property acquisition, and property rehabilitation. The 2002 review was an Environmental Assessment that resulted in a Conditional Approval. All funding that has been dedicated to the phased redevelopment of the 18th & Vine Historic District was/is subject to the conditions of the Memorandum of Agreement that is in place to govern the rehabilitation activities that take place in the 18th & Vine	1	CE	done	1		8/18/2009	Yes

2406	Community Development Fund, Recovery Act	Environmental Assessment - The CDBG-R program will provide assistance to the City of Chandler for a traffic-calming plan along Knox Road to improve the safety for pedestrians and bicyclists. The proposal included a raised crosswalk, bulb-outs, bike lanes, landscaped medians and defined parking areas. The City of Chandler has prepared this programmatic assessment (EA) of the Knox Road Traffic Calming Project (CDBG-R), Title XII of the 2009 American Recovery and Reinvestment Act (Recovery Act) that was signed by President Obama in February 2009. This programmatic EA implements the tiering process outlines in 24 CFR Part 58.15 which encourages agencies to tier environmental documents, eliminating repetitive discussions of the same issue and in intended to consider the targeted environmental impacts from CDBG-R program activities. Some activities may require subsequent site-specific reviews or checklists to fully comply with environmental regulations cited at 24 CFR Part 58. Chandler will distribute and utilize CDBG-R funds by engaging in the following activities within the identified area on Knox Rd. between Alma School Rd. and Arizona Avenue These programs meet needs identified in the city's Consolidated Plan: -Providing funding to support programs focusing on the emerging workforce and continue to make street and sidewalk improvements to all areas of Chandler that either lack them or need improvements. -With the use of CDBG-R funds will assist those most impacted by the recession by	1	CE	done	1		8/24/2009	Yes

2471	Community Development Fund, Recovery Act	Middletown Police- North End Cameras - The Mdtn. Police Dept. is proposing to continue their 2006 "Operation View" project. The 2006 project has proven successful in decreasing criminal activity with the area of the cameras. The proposed project for 2009 is to install two cameras within the same area (1) Green Street and (1) Liberty/Pearl Streets. These cameras are successful deterrents for criminal activity, assist with surveillance operations & aid in the prosecution of offenders committing criminal acts within the view of the camera system. - 222 Main Street, Middletown, CT	1	CE	done	1		8/12/2009	Yes		
2472	Community Development Fund, Recovery Act	Mercy Housing Shepherd Home - A 70 bed long-term transitional residential facility for homeless men & women working toward self-sufficiency & permanent housing, operated by Mercy Housing & Shelter Corp (MHSC) in Middletown on the campus of CVH since 1988. Necessary improvements have been postponed due to a lack of funding, including upgrading the kitchen, an area of just over 200 sq. feet in which 210 meals per day are prepared and cooked. The current kitchen lacks space & surfaces for adequate food preparation & for post-prep of cooked food. By utilizing an adjacent room, the work area will expand fro 209 sf to a total of 489 sf and allow for separate food prep & cooking/post-prep areas - and more efficient, hygienic meal production. Improvements will benefit over 140 different homeless men & women during the 1st year and each year thereafter. Mercy's Director of Facilities planned the project in consultation with plumbing & electrical professionals, the Middletown Health Inspector and CVH authorities. - 112 Bow Lane, Middletown, CT	1	CE	done	1		12/1/2009	Yes		
2473	Public Housing Capital Fund, Recovery Act	Greene County ARRA Capital Fund Formula Grant - 201 units of Public Housing. Dwelling structures: Stabalize units/slab and footing. - South Prairie Ave, Eutaw, AL	1	CE	done	1			No

			Quantity	NEPA Action		27863	577		8482		
2493	Home Investment Partnership Program, Recovery Act	North Hills Highlands - New construction of one four-story multifamily residential building on a 3.75 acre lot in Ross Township for the purpose of providing 60 one- and two-bedroom units for elderly age 62 and older occupancy. - 110 McIntyre Road, Pittsburgh, PA	1	CE	done	1		9/4/2009	Yes		
2494	Community Development Fund, Recovery Act	St. Vincent DePaul - St. Vincent DePaul Place operates the Soup Kitchen and the agency's administrative, outreach and housing support offices out of a facility at 617 Main Street. This facility is owned by the Diocese of Norwich but is maintained by St. Vincent DePaul Place. The Community Health Center (CHC) has a proposal to develop a new health care facility that would include their medical, mental health and dental clincs on a new site. If the CHC project is approved, CHC's medical facility at 625 Main Street would become vacant. St. Vincent DePaul Place would like to transfer the ownership of its current facility to CHC and recieve title to the CHC medical facility. This project would be contigent upon the approval of the CHC proposal and sufficient funding to cover the costs of renovation and relocation. We would vacate the 617 Main Street building and move our programs off the Main Street site to the property in the rear. This project will involve transforming the current medical building into a soup kitchen, with refrigeration, pantry, and offices. St. Vincent DePaul Place does not have the funds available to pay for a project of this scope and would require this CDBG funding to make the project viable.	1	CE	done	1			No		
2495	Public Housing Capital Fund, Recovery Act	Apt. Rehab. and Roof Replacements - Kitchen Modernization and Roof Replacements Colonial I Apartments Colonial II Apartments Valentine Apartments Rome, NY - 205 St. Peter's Ave., 310 Cottage St., 152 Turin St., Rome, NY	1	CE	done	1		4/29/2009	Yes

3014	Public Housing Capital Fund, Recovery Act	Westpark Redevelopment - Redevelopment of a 1940's-era low income housing community which has been designated as a blighted area. Redevelopment converts the 83-acre site into a mixed-use, mixed-income, pedestrian-oriented community with modern infrastructure and well designed buildings parks and open space. As revised, the Westpark Redevelopment (also referred to as the Bay Vista Development) would contain 875 housing units in a mix of attached and detached types to accmodate a wide range of housing needs, including 190 units public housing. All existing units have been or will be demolished. Non-residential uses would include an 8-acre Village Center with commercial uses, plus additional commercial activities in mixed-use buildings and an office building. The existing community center would be demolished; some existing programs would be relocated on-site, and others would be shifted off-site. A new community center would be constructed. Parks and open space would comprise approximately 18 percent of the site's area, including a large community park and natural preserve. All existing utilities will be replaced, and all existing streets will be replatted. A new stormwater management system will include use of Low Impact Development techniques, including reduced street widths, pervious pavement, rain gardens, roof drains and infiltration of stormwater.	1	CE	done	1		1/7/2009	Yes

3025	Public Housing Capital Fund, Recovery Act	ARRA-CFRG - Repair, replacement, betterment of existing building and site components. - 307 W. 24th Street, North Newton, KS	1	CE	done	1		10/7/2009	Yes		
3026	Community Development Fund, Recovery Act	Cherryville Cedar St Pump Station Replacement - Total replacement of a 125 gallon per minute self-priming submersible sanitary sewer pumping station to serve 22 homes, 93% of which are LMI - 116 South Mountain St, Cherryville, NC	1	CE	done	1		2/5/2010	Yes		
3027	Public Housing Capital Fund, Recovery Act	Columbia Center Revitalization - The award of funds will allow the acceleration of the comprehensive Planned Unit Development of the Columbia Center public housing project. This plan has been gradually implemented since 2001 due to limited funding. Transformation activities include demolition and renovation of existing obsolete units, the construction of new duplex units within the the development and the acquistion of acreage (14 fully serviced lots) for additional construction of new duplex units. The targeted public housing project, which original consisted of 400 units on 40 acres, was built in 1942 and meets the defination of physical distress housing. The existing unit structures have outlived their useful life and the floor plans are outdated and inefficient. There are serious deficiencies in the original design (including but not limited to accessibility, kitchens, bathrooms and mechanical, electrical and plumbing systems). There is obsolescence of major systems, both building and site. The funds will allow us to help redevelop this development that is distressed and a blighting influence on the surrounding community. The surrounding community is a stable and well functioning	1	EA	done	1		12/7/2006	Yes

3543	Community Development Fund, Recovery Act	Targeted Rehabilitation Loan - The Targeted Rehabilitation Loan (TRL) program offers limited repairs to qualified owner occupied and/or investor-owned properties. The following may be replaced or improved: -Garages: repair or replacement, including demolition, if the structure has a blighting influence in the neighborhood -Roofs: house and/or garage -Gutters: house and/or garage -Sidewalks: public or private sidewalk (loan can be used as owner share of City of Rock Island 50/50 public sidewalk program). -Tree removal: private property and/or public right of way. The maximum loan amount is $5,000 at a 3% interest rate for a maximum 5-year term, but is a forgivable loan (grant) for very low to low income families (50% or below AMI). If an investment is made in an owner occupied home, it is limited to families earning less than 80% of the area median income based on family size. Tenant occupied property investments are used to eliminate code violations. This program provides short-term construction jobs and long-term benefits to residents by eliminating code violations, making property improvements, reversing deterioration, stabilizing neighborhoods and promoting additional investment in the area.	1	CE	done	1			No

3555	Public Housing Capital Fund, Recovery Act	Westpark Redevelopment - Redevelopment of a 1940's-era low income housing community which has been designated as a blighted area. Redevelopment converts the 83-acre site into a mixed-use, mixed-income, pedestrian-oriented community with modern infrastructure and well designed buildings parks and open space. As revised, the Westpark Redevelopment (also referred to as the Bay Vista Development) would contain 875 housing units in a mix of attached and detached types to accmodate a wide range of housing needs, including 190 units public housing. All existing units have been or will be demolished. Non-residential uses would include an 8-acre Village Center with commercial uses, plus additional commercial activities in mixed-use buildings and an office building. The existing community center would be demolished; some existing programs would be relocated on-site, and others would be shifted off-site. A new community center would be constructed. Parks and open space would comprise approximately 18 percent of the site's area, including a large community park and natural preserve. All existing utilities will be replaced, and all existing streets will be replatted. A new stormwater management system will include use of Low Impact Development techniques, including reduced street widths, pervious pavement, rain gardens, roof drains and infiltration of stormwater.	1	CE	done	1		1/7/2009	Yes

3675	Native American Housing Block Grant, Recovery Act	Lovejoy Estate Property - The Colville Indian Housing Authority plans to purchase property with future multiple-housing development planned. There will be no construction activity for at least two years. Pre-planning will consist of soils sampling, water sampling, and completion of the environmental assessment. Lovejoy Estate Project Description: Parcel No. 3427202003. The property is 20.0 acres in size, rectangular in shape, with five modest manufactured homes on site. The location is east shoulder of Omak-Riverside Eastside Road at Homestead Trailer Court approximately one mile east of Omak, WA. The property is found within the Colville Indian Reservation. The property is fee simple, a site-built garage and one manufactured home that has had its title eliminated. Four manufactured homes considered here are personal property that apparently have not had their titles eliminated. Topography: generally level to gently sloping. The northeasterly region of the site is slightly elevated and has been improved with the one manufactured home that has been attached to the site as real property. The public utilities are: power and telephone. Potable water: on-site drilled well serving all five dwellings. The system may lack proper permitting at all levels; it is apparently fraught with problems. Sewer: a number of on-site private septic systems. The status, locations, and condition of these systems are generally unknown.	1	EA	done	1		8/31/2009	Yes

4627	Native American Housing Block Grant, Recovery Act	Big Pine FEMA Project - The Big Pine Paiute Tribe's FEMA Project is a modular home project wherein sixteen modular units were acquired from FEMA. Twelve of the units will be used to house eligible participants and their families in single family residences, three units will be used for ermergency/relocation homes, and one unit will be used for office space for the Tribe's Housing Department. All units will be placed on sites on the Big Pine Reservation. Funding for the transport of the units, setup, and repair and bringing up to local codes of the units is the IHBG, a RHED Grant, and IHBG (ARRA)Formula Stimulus Funding. HUD ARRA funding for the project is in the amount of $130,878.00. The Big Pine Paiute Tribe of the Owens Valley chose the tiered approach to best satisfy the environmental review requirements of the project, according to the principles for compliance and the review process for the environmental laws and authorities listed in the "Principles for Compliance and Review Process: Environmental Laws and Authorities Cited in 24 CFR 58.5." The tiered approach consisted of a project site overview, in which potential environmental impacts that might occur by relocating FEMA trailers to any qualified (but unspecified) site on the Big Pine Indian Reservation were researched and analyzed. In January 2008, the Tribe, as the Responsible Entity, completed the Tier 1 Environmental Review Record (ERR) with regard to HUD funding for acquisition and relocation of manufactured homes (FEMA Trailers) on the reservation. Overall, the Tribe found the	1	EA	pending		1		No

4799	Community Development Fund, Recovery Act	Housing Rehabilitation - Energy Efficiency Small Repair program,an extension of the Housing Rehabilitation Program, to assist Low to Mod Income homeowners through this small repair program. The program is under tiered review as sites are undetermined at this time; site-specific reviews will be conducted, completed prior to implementation of repair, and located per individual file. The City previously completed a tiered review under its 2008 plan housing rehabilitation program, strategy for unspecified sites for single family rehabilitation, with funding supported by its Community Development Block Grant (CDBG) funds. Upon a secondary review,the proposed CDBG-R program activities do not involve substantial changes in the nature, or extent of housing rehabilitation activities previously approved under the City of McKinney?s CDBG Program and previously reviewed as a part of the referenced tiered review for unspecified sites. - 314 S. Chestnut Street, McKinney, TX	1	CE	done	1		12/30/2009	Yes		
4800	Native American Housing Block Grant, Recovery Act	Rehabilitate Homes - We have updated 10 homes so far in many areas, such as new roofs on older units, added porch coverings. Our senior center has had an elevator installed to ensure those in wheelchairs access to the basement for severe weather. We are also in the process of updating our boiler system on the senior center. Have plans on installing solar thermal on our office building to help save on energy, and use it as a test run before we install them on our new homes project as well. - 3265 IndianSettlement Rd., Crandon, WI	1	CE	done	1			No

5092	Community Development Fund, Recovery Act	Streetscape Improvements - Streetscape improvements which may include crosswalks, curbs, benches, planters, lighting,signage and trash receptacles. - 6th-7th at Northampton, PIne St., Easton, PA	1	CE	done	1		10/16/2009	Yes		
5093	Community Development Fund, Recovery Act	Park East Road Reconstruction - The proposed activity involves the reconstruction of streets and roadways in the low to moderate income eligible Park East Neighborhood, Census Tract 608.00 and Block Groups 1, 5, and 6, all of which exceed the 51% low to moderate income requirement according to the 2000 Census. The Park East Neighborhood is the primary location associated with the City's Neighborhood Stabilization Program and has been hit particularly hard by foreclosures. The street reconstruction will ensure that the City's strategy of improving this neighborhood continues as does its commitment to assisting those most impacted by the recession. The state of the current street system in this neighborhood requires rehabilitation and over the years it has begun to deteriorate. With this activity, the City will invest in its current transportation system by improving the streets in the most impacted neighborhood in the City. The activity directly minimizes reductions in essential services, as roads are essential to all communities. The construction industry in Florida has been especially hard hit by the recent economic downturn. This much needed road resurfacing project will stimulate jobs in the construction industry. The City anticipates that this	1	EA	done	1		5/7/2009	Yes

5207	Public Housing Capital Fund, Recovery Act	Entry Door/Storm Door Replacement - Front and Rear Entry Doors and Storm Doors will be replaced on 72 apartments of the Broadway Apartment Complex (IL001). - 1901 Broadway, Pekin, IL	1	CE	done	1		9/18/2009	Yes		
5208	Community Development Fund, Recovery Act	34 Morton Avenue Rehabilitation Project - 34 Morton Avenue is an abandoned three story building with two residential units over a commercial storefront. It is emblematic of the two-block stretch of Morton Avenue, where over 50 percent of the buildings are abandoned, and of the South End, which contains many of the over 800 abandoned buildings in the City of Albany. The building was recently foreclosed upon by Albany County and transferred to the Albany Housing Authority as part of an ongoing effort to eliminate blight and stimulate reinvestment. Pursuant to the Capital South Plan, the Authority and its developer partner, Omni Housing Development, LLC, already have developed 52 units of affordable housing and anticipate funding for another 43 units, many of which will be in abandoned buildings on Morton Avenue. AHA and Omni intend to rehabilitate 34 Morton Avenue in a similar manner, using CDBG stimulus funding leveraged with other resources provided by the City, such as lead abatement, weatherization, and training funding. The project will be used as a demonstration project for utilizing residents from the local community [Section 3]. In addition to two units of affordable housing, the Authority will work with the South End Action Committee, a	1	CE	done	1		9/14/2009	Yes

5268	Community Development Fund, Recovery Act	Lincoln Boulevard Reconstruction - The Lincoln Boulevard Reconstruction Project has been in the planning phase since 2004. The road length is approximately 1,900 linear feet and is a main East-West connector in the Village of Kenmore. The road links both Elmwood and Delaware Avenues and connects the main municipal building, the police station, and a neighborhood park. It has been considered a multi-year project under the regular CDBG program from 2004-2009. Funds have been allocated in each of those program years to help pay for the reconstruction of all new underground utilities, road resurfacing, sidewalks, and landscaping. The total estimated cost for the project is $2.2M. Engineering for the project is complete and the bids have been received for the construction of the entire road length during 2009 and 2010 at a cost of $1.7M. The total regular CDBG funds to be spent on the project equal $1,083,819.78. CDBG-R funds equal $101,024. The $600,000 shortfall will be paid through municipal bonds. The economic impact of the CDBG-R funds may be calculated at a .058 ratio of the overall project cost. This activity meets the requirements of Title XII of Division A and Section 1602 of ARRA because the contracts for the project have already been signed and all other federal requirements have been met under the regular CDBG program. It is an infrastructure	1	EA	done	1		5/19/2009	Yes

5272	Public Housing Capital Fund, Recovery Act	ARRA Capital Fund Program - The ARRA Grant will be used to advance the planned capital improvements of the Roanoke Redevelopment and Housing Authority's (RRHA) five-year plan to include the addition of surveillance camera equipment at each of RRHA's 7 AMPS. In addition, site lighting is to be improved in AMP 201. RRHA anticipates improvement in the reduction of crime activity at each of the sites. Additional improvements will be made in the update of elevators at RRHA's mid-rise elderly and disabled housing at AMP 206. The remaining additional funding will allow for energy conserving measures such as Energy Star window replacement, insulated entrance door replacement, water saving bath fixture replacement, Energy Star domestic hot water heater replacement, and high efficiency Energy Star HVAC upgrades. In AMP 202, RRHA plans to address some 504 compliance upgrades and also improve landscaping at several AMPS. RRHA expects the grant funding to lessen RRHA's crime rate, improve utility dependence, make facilities more accessible, and improve the curb appeal of RRHA's properties. - 2624 Salem Turnpike, NW, Roanoke, VA	1	CE	done	1		7/22/2009	Yes

5396	Public Housing Capital Fund, Recovery Act	2.4 Stimulus - The Board of Commissioners of the Housing Authority of the City of Spartanburg awarded contracts at their May 19, 2009 Board meeting to three contractors. The four contractors were Sherman Construction, T & D Grading, Doug's Tree Service and Operation Drains of the Upstate. Additionally the Housing Authority had procured the services of Sinclair and Associates to perform engineering and building assessment for the task orders for the Health and Safety and Energy Savings construction activities that were identified as a part of the stimulus Grant. The Housing Authority has obligated a total of $114,100 for Sinclair and Associates. The work activity relative to engineering and building assessment is 100% complete and 100% of the funds obligated for this task order has been expended. The work activities will be performed at the following Public Housing sites: Archibald Hi-Rise, Archibald Village, Watson Apartments, Gooch, Barksdale Apartments, Cammie Clagett, Leland Street Apartments, Spruce Street Apartments, Victoria Gardens, Tobias Booker Hartwell, Prince Hall Apartments, Camp Croft Court. A total of $2,427,419.00 has been obligated for the task orders under this contract that represents 100% obligation. Work activity is presently underway and approximately 65% of the work has been completed. Two contracts have been awarded to Sherman Construction and T & D Grading to perform sidewalks, curb and gutter, concrete, storm drainage work, handicap ramps, sewer replacement, landscaping and grading at all Public Housing properties. A contract was awarded to Doug's Tree Service to perform tree removal at six of our	1	CE	done	1			Yes

5485	Community Development Fund, Recovery Act	City of Santa Maria Fire Station No. 3 Construction - The City's Fire Department provides "all risk" emergency services, as well as public education programs, fire prevention, and life safety measures to the City's residents. The City is divided geographically into fire management zones and each zone is assigned to a fire company officer. Each company officer is tasked with fostering positive working relationships with business and residential customers within their respective zones. This is accomplished through proactive contacts in a non-emergency atmosphere. These services support the Fire Department's mission of effectively preserving lives and protecting property." " Based on the geographic expansion and new residential development that has occurred particularly in the northern area of the City over the last few years, the City's Fire Department has seen an increase in the number of calls for service in that area. In particular, in 2008 the northwest area had the highest call volume of all other areas with 3,530 calls (40 percent) of the total 8,841 calls for the entire City being from that area. Of those calls, 110 were fire, 2,628 were emergency medical service, and 792 were of another nature." " The proposed project involves the construction of a new fire station to serve the northern portion of the City. The City already owns the site which is currently part of the existing City-owned Preisker Park. The surrounding service area is occupied primarily by	1	EA	pending		1		No

5591	Public Housing Capital Fund, Recovery Act	Housing Authority of Savannah ARRA Capital Fund Competitive Grant - Reducing energy consumption in Frazier Homes will focus on two primary areas: 1) Preventing the infiltration of undesired air and heat through improvements to the building envelope and 2) Reducing energy consumption of lighting, HVAC and water heating. To reduce infiltration of undesired air and heat, weatherization retrofits will include replacement of single pane glass windows with Low-E double pane insulated windows with foam sealing around the perimeter. Windows will have a U-value and solar heat gain coefficient (SHGC) of &lt.35. Attic insulation will be increased to R-38 from existing conditions of roughly R-11 by blowing in low-emitting cellulose insulation over the existing fiberglass batts. Additionally, blower door testing will be performed to identify air leaks in the building envelope which will then be sealed with spray foam and/or low-VOC caulk. Energy conservation retrofits will include replacing the standard incandescent type lighting fixtures with compact fluorescent fixtures. This will cut lighting loads (and the associated heat gains) by nearly 70%. Additionally, the existing air source heat pumps will be replaced with 14 SEER heat pumps with variable speed air handlers. Aged water heaters will be replaced with high efficiency (EF &gt.92) water heaters. Water conservation retrofits: The plumbing fixtures in Frazier Homes do not even meet the 1992 EPACT flow rates, and thus toilets use 4 gallons per flush. As such, all toilets, lavatory faucets and showerheads will be replaced with highly water efficient fixtures.	1	EA	done	1		2/26/2010	Yes		
5592	Public Housing Capital Fund, Recovery Act	Housing Authority of Savannah ARRA Capital Fund Competitive Grant - Reducing energy consumption in Frazier Homes will focus on two primary areas: 1) Preventing the infiltration of undesired air and heat through improvements to the building envelope and 2) Reducing energy consumption of lighting, HVAC and water heating. 5639	Community Development Fund, Recovery Act	Home Rehabilitation Program, CDBG and CDBG-R - The purpose of the City of Bellingham Home Rehabilitation Program (HRP) is to perform repair and rehabilitation of existing one to four family owner and tenant-occupied units located within the City of Bellingham's city limits. Annually, the HRP rehabilitates approximately 25 units of housing occupied by low- to moderate-income households using approximately $270,000 in CDBG funds and $154,078 in CDBG-R funds. In this Tiered Review the first tier is a broad area-wide statutory review of the HRP. The City of Bellingham has identified laws and authorities that it has determined will not be triggered by the HRP projects. These laws and authorities include: Coastal Zone Management Act of 1972, the Wild and Scenic Rivers Act of 1968, the Clean Air Act, the Farmland Protection Act of 1981, Sole Source Aquifers (The Safe Drinking Water Act, 40 CFR Part 149), Airport Clear Zones and Accident Potential Zones (24 CFR Part 51D), and the Explosive and Flammable Operations Standard (24 CFR Part 51D). The tiered review of the HRP was reviewed to include the CDBG-R funding. - City of Bellingham, Planning and Comm Development Dept., 210 Lottie Street, Bellingham, WA	1	CE	pending		1		No
