5753	Public Housing Capital Fund, Recovery Act	Amory - Create a comprehensive services center for frail elders at its Amory Street Elderly/Disabled development. These CFRC funds coupled with $203,136 of leveraged funds and $1,976,200 of matched funds will enable BHA to renovate an existing 10,000 square foot community and office space into a full-service Center serving the needs of BHA frail elders and people with disabilities who are over the age of 55. The Center will be operated by Upham¿s Corner Health Center¿s Elder Service Plan-PACE (Program of All-inclusive Care for Elders) (UESP ¿ PACE)-a community-based, comprehensive initiative providing medical, adult day health and supportive care for frail elders. The program allows elders to remain living independently in the community, rather than in a nursing home. As elder residents age, many face increasing need for coordinated, comprehensive supportive care while their physical and cognitive abilities and monetary resources are decreasing. Too many elders face unnecessary hospitalization, emergency room visits and permanent nursing home placement, when positive options such as the BHA-Upham¿s Corner PACE collaboration can help them continue to age in place. - 125 Amory	1	EA	done	1		10/28/2009	Yes

5876	Community Development Fund, Recovery Act	HOPE House HVAC upgrade - Hope House is owned and operated by Christian Ministries, Inc. and provides emergency housing for single women with children. During the 2008 heating season, Hope House had almost weekly service calls to repair the antiquated heating system. Although a local HVAC contractor donated his services to Christian Ministries, he estimated the market value to be $5,000 in repairs to the existing system in the past year. When the furnace was not operating, Hope House used portable heaters, which is expensive and inefficient, and they often had to arrange alternate housing for Hope House residents because the temperature would drop below 50 degrees. This project will remove three existing furnaces and provide 2 new rooftop HVAC units and one high-efficiency furnace. Energy efficiency for the heating system will improve from 65% to 90%; cooling will improve from 8 SEER to 13 SEER. The building is located in the Emily Kimbrough Historic District, listed on the National Register	1	CE	done	1			Yes

5916	Community Development Fund, Recovery Act	Deconstruction Training Program - In an effort to recycle valuable building components as part of its CDBG- and NSP-funded demolition program, the City will implement a pilot program to train local contractors and laborers to deconstruct houses. Two training programs will be conducted: 1) Using CDBG and NSP clearance funds, the City will contract with an experienced deconstruction specialist with an existing curriculum to teach contractors the art of building deconstruction; 2) Using CDBG-R funds, a deconstruction specialist will teach formerly incarcerated and other low- and moderate-income persons the skills necessary to perform deconstruction work, thus improving marketability to contractors. Instruction will involve both classroom work and on-site, hands-on deconstruction of a blighted structure. The deconstruction training program will be developed in conjunction with Work One (the state¿s workforce development agency), the City¿s Weed and Seed/Community Corrections agency, Habitat for Humanity, and professional consultants who have expertise in building deconstruction and an established deconstruction training curriculum. 5939	Green Retrofit Program (Grants) for Multifam Housing - Recov Act	Kivel Manor - Kivel Manor is a building for Seniors located in Phoenix, Arizona. The approximate 4.0-acre site is situated on the east side of North 36th Street, approximately 7 miles east of downtown Phoenix. The overall site has 3 buildings remaining as ¿Kivel Campus of Care¿, including Kivel Manor, which is the only building addressed in this report. Kivel Manor East and Kivel Manor West have been reviewed on other GRPCA reports. The adjacent nursing home area has been sold and is being torn down at this time. Kivel Manor includes two 4-story buildings with a one story attached common area between the two buildings. It should be noted that the two 4 story buildings are called East and West wings. A total of 120 apartment units are provided. In 2005 the building had extensive renovations completed, which modified 30 existing units to make them Assisted Living compliant Units. The Assisted Living units are all located on floors one and two in the west wing. In 2005 these two floors and common areas had asbestos abatement and had a fire sprinkler system installed during the renovations. The remaining	1	CE	done	1		6/30/2010	Yes

5952	Public Housing Capital Fund, Recovery Act	baxter park - The first phase of this development will be comprised of 90 mixed income rental units on 3.5 acres, to include 32 public housing units. The new Baxter Park plan includes a mixed use, mixed income neighborhood that vigorously connects to the surrounding assets of the area: Washington Park and the historic James Street District to the east, New Jersey Institute of technology to the south, and the future development of Orange Street to the north. The central vision of the rejuvenated Baxter Terrace is the creation of a grand outdoor space at the heart of the new neighborhood. The new Baxter Park will give residents and visitors a recognizable and memorable open space with a variety of activities on paved and natural surfaces. The Park will bring a diverse population together in a grand and gracious public outdoor room. The central north/south spine of the Park is designed as a promenade with benches and central water feature that flank broad walking paths. This axis aligns with the pedestrian gateway to New Jersey Institute of Technology across Central Avenue and plugs into their public green adjacent to their student center. The cross axis, east/west, aligns with the historic James	1	EA	done	1		8/28/2008	Yes

The project includes the conversion and renovation of a vacant, 13,248 square foot, County-owned commercial building (former Smart and Final). This renovated facility will provide space for employment, counseling, referral, and veterans¿ services. The reconfigured interior will include conference and meeting rooms, waiting areas, offices, storage space, restrooms, activities areas, a break room, as well as electrical and plumbing improvements. The exterior of the building will be redesigned to provide a modern façade. Other exterior improvements include parking, vehicular and pedestrian flow, landscaping, outdoor activities, drainage, signage, and other improvements. Further, the modernization and renovations to	1	CE	done	1		4/7/2010	Yes

6464	Community Development Fund, Recovery Act	FIND Regional Food Distribution Center - CDBG-R funds will be used by the County and its sub-recipient, FIND Food Bank, Inc., a non-profit organization, for improvements and upgrades to FIND¿s 36,000 square foot regional food distribution center located in Indio, CA. Improvements include the construction/installation of fixed racking, in-ground scales, and other facility upgrades. The upgrades to this new facility will provide FIND with modern, energy efficient, and properly designed food distribution center that serves other non-profits, shelters, food banks, and other emergency food centers throughout eastern Riverside County. The new facility is located in close proximity to Interstate 10 allowing for greater access; the in-ground scales will expedite the weighing and distributing of food supplies; and the new layout and racking systems will significantly improve inventory control, safety, and product flow. - 83-775 Citrus Avenue, Indio, CA	1	EA	done	1		10/10/2009	Yes		
6465	Community Development Fund, Recovery Act	Home Gardens Community Sidewalk & Pedestrian Safety Improvements - CDBG-R funds will be used by the County of Riverside to pay for costs associated with the design, engineering, and construction of approximately 3,000 lineal feet of sidewalk, ADA accessibility, curb, gutter, and ancillary improvements to portions of Indiana Ave, Neece Street, and Brotherton Street in the unincorporated community of Home Gardens. The improvements will benefit an established residential area that has a low/moderate-income percentage of nearly 70%. These improvements will provide immediate benefits to pedestrians, disabled persons, and motorists in this portion of Home Gardens. The improvements will provide secondary benefits including managed drainage and storm water runoff, PM10 (dust) mitigation, vehicle parking, and increased property values. This project has been selected for CDBG-R funding because it is anticipated that the activities can be started and completed expeditiously. It is expected that work can be initiated within 120 days of the date that the CDBG-R funds area made available to the County. However, there will be some factors that may delay the project implementation including	1	CE	done	1		9/9/2009	Yes

6691	Home Investment Partnership Program, Recovery Act	House to Home - House to Home is a single-family affordable rental housing development consisting of 20 homes located in the central core of Kansas City, Wyandotte County. Each home will have three bedrooms (1,300 square feet) and will include standard amenties. In addition, tenants will be provided home maintenance, homeownerownership and financial literacy classes to enable them to eventually become homeowners. The homes will be built on multiple sites located in an area bounded by Orville on the north, 10th on the east, Central on the south and the alley between Valley and Thorpe, Kansas City, Kansas (Census Tract: 421). The homes will be built on vacant infill parcels. The existing conditions of the project area are single-family homes, a commercial corridor on Central and a Medical Office building in the middle. Most of the single-family homes are deteriorating and are surrounded by vacant pieces of land. The majority of the land is held in the Land Bank. If the area were to continue without the project, it would just become older	1	EA	done	1		10/8/2009	Yes		
6692	Home Investment Partnership Program, Recovery Act	McKinley Housing - McKinley Housing will consist of two areas of construction. The first portion will be in the northern area of the city and will consist of two and three bedroom duplexes. The second portion will be in the southeast area of town and with consist of 1 and 2 bedroom duplexes and triplexes. The northern area is a vacant lot, formerly owned by the School District. The surrounding area is residential in nature, made up of pre-WWII housing. The southeastern area is vacant lots that were previously residential housing. The neighborhood is a mix of single, duplex and triplex housing, with approximately 22 HOME-assisted rental scattered throughout. The proposed development is also HOME funded. KHRC completed the Part 58 review in December 2008 and HUD issue release in January 2009. - 13th and Sycamore and the Aganipe Park Area, Independence, KS	1	EA	done	1		1/26/2009	Yes

6860	Home Investment Partnership Program, Recovery Act	Hilltop Terrace - The Hilltop Apartments are an Acquisition / Rehabilitation of an existing 39 unit affordable housing development in Valencia County (2009 High Priority Geographic Area). The last rehabilitation was undertaken in 1988 as a Section 42 Low Income Housing Tax Credit. The project is in great need of capital improvements and presents an important preservation opportunity given that the existing 15 year compliance period expired in 2003. The developers are working with the architect to provide more than a face lift through Enterprise Green improvements and improved curb appeal. The unit improvements will decrease utility costs and improve livability. Common areas will be expanded from a small laundry area and dilapidated playground structure through construction of a new community building. The new community building will be flanked by an entry plaza and basketball court. The expanded space will house a new managers unit, laundry facilities, leasing office and space for social services including recreation room with computer access for tenants use. The end result will be a more visually appealing, accessible and sustainable 40-unit affordable rental community.	1	CE	done	1			No		
6861	Home Investment Partnership Program, Recovery Act	Belen Apartments - The Belen Apartments are an acquisition / rehabilitation of an existing 40 unit affordable housing development in Valencia County (2009 High Priority Geographic Area). The last rehabilitation was undertaken in 1988 as a Section 42 Low Income Housing Tax Credit. The project is in great need of capital improvements and presents an important preservation opportunity given that the existing 15 year compliance period expired in 2003. The developers are working with the architect (Autotroph) to provide more than a face lift through Enterprise Green improvements and improved curb appeal. The unit improvements will decrease utility costs and improve livability. Common areas will be expanded from a small laundry area and dilapidated playground structure through construction of a new community building. The structure will be built on an adjoining parcel and will include offices for the social programs, modern laundry facilities and expanded recreation room with computers for tenant use, leasing offices along with a new manager¿s unit. The existing manager unit will be gutted and converted into a 3 bedroom handicap accessible unit and an existing two	1	CE	done	1			No

6862	Home Investment Partnership Program, Recovery Act	La Pradera Apartments - La Pradera, a project in NE Hobbs was awarded points under Tax Credit Design Competition. The developers have invested considerable time, effort and funds to involve the community to develop and affordable housing community to help alleviate the severe housing shortage for low to moderate income families in Hobbs. La Pradera has developed a comprehensive social service plan for households with children including on-site childcare, financial/computer/job training/gardening seminars. Each unit will contain a private courtyard to allow safe play outside by young children and allow supervision. The developer has been working with the city to connect the school campus by extending the city¿s street grid and include a walking trail. The site will originate east to west to maximize solar gain. La Pradera intends to receive LEED for Homes Silver or greater. Nearly 1.6 acres will be set aside for native grassland open space. Landscaping will utilize native drought resistant plants, shrubs, ground cover and trees. There will be one (6), two (36) & three (18) bedrooms with 744 sq ft, 885 sq ft & 1,157 sq ft respectively. Net rents will range from $283 to $926 per month. All	1	EA	done	1		9/20/2009	Yes

7006	Community Development Fund, Recovery Act	46th Avenue Street Improvements - The purpose of the proposed 46th Avenue Street Improvements project is to make improvements to an existing city street in order to provide efficient traffic movement between 28th Street and the newly constructed 28th Street Elementary School. Project involves widening the existing road to 22 feet. Since a certain portion of the existing street is out of the city right-of-way, some existing sections will be demolished or abondoned and a new road section will be constructed in the right-of-way. The project limits include the entire length of 46th Ave, north from 28th St to end of the road (approximately 2100 linear feet)and a portion of 31st St in front of the school(approximately 400 ft). The existing roadway is 18 foot wide asphalt paved 2-lane facility not suitable for school bus traffic The upgrade to the roads includes widening to achieve 22 feet, two-lane facility and improving the drainage system to city standards - 46th Avenue (between 28th St and 31st St), Gulfport, MS	1	EA	done	1		9/30/2009	Yes		
7007	Native American Housing Block Grant, Recovery Act	Rehabilitation of Homes - Replaced furnaces and performed electrical upgrades for energy efficiency of 10 low-income tribal member homes located in the Native Village of Eklutna. - 26339 Eklutna Village Road, Chugiak, AK	1	CE	done	1			No		
7008	Community Development Fund, Recovery Act	LED Traffic Light Lens Replacement - This Public Works project would fund the conversion of the City of Norfolk's traffic signals from incandescent light bulbs to brighter, energy saving Light Emitting Diodes (LED). Our project proposes the replacement of all of the incandescent signal indications to include signal blank-out signs and pedestrian signal indications. The City has 286 signalized intersections, a total number of signal lenses of 10,000, and approximately 35% of conversions completed to date. Benefits to LED signal indications: 1) Increased safety to motorists and signal personnel. 2) Reduction of traffic congestion. 3) Reduced air pollution from electric generation. 4) Reduced electricity costs to City and taxpayers. - Low/Mod census tract intersections, Norfolk, VA	1	CE	done	1			No		
7009	Community Development Fund, Recovery Act	Dorr Street Infrastructure - This project involves the Dorr Street infrastructure improvement to enhance entry into the Dorr Steet Corridor and make it more attractive for development of adjacent parcels. Environmental review is complete and no additional environmental review is required. - 500 to 1400 Block of Dorr Street, Toledo, OH	1	EA	done	1		9/2/2009	Yes		
7010	Native American Housing Block Grant, Recovery Act	Houstin Johnson Heights - Replace furnaces, coils, condensers, and hot water tanks in 30 units - 6th Avenue, Warner, OK	1	CE	done	1		4/8/2009	Yes

(YWCA) proposes the rehabilitation of a four story building with 185 units and the construction of eight new units, with 181 single resident occupancy (SRO) units, 11 efficiency units and 1 one bedroom unit, on a 2.49 acre site at 69 North Broadway in the City of White Plains, Westchester County. The building is composed of two sections, the Kennedy Duncan Residence (KDR) and the Acheson Wallace Hall (AWH). KDR is eligible for listing in the National Register of Historic Places. Public water and sewer are available at the site. Limited site work will be conducted. A trench will be dug from Park Street into the building for new water and gas service and a second trench will be dug between the two buildings to carry utility and data services. At KDR, the proposed rehabilitation work includes converting the existing vending machine area into new community space, converting a sunroom into two new units, installing a new elevator and upgrading and updating the interior of the building.	1	EA	done	1		11/3/2009	Yes

7308	Home Investment Partnership Program, Recovery Act	Parkside Commons - Funding from HUD's Tax Credit Assistance Program (TCAP) is being sought in connection with a project known as Parkside Commons (the ¿Project¿). The Project will consist of the acquisition and rehabilitation of a 393 unit, multifamily rental development, consisting of 14 apartment buildings, located at 1935-2001 East Fayette Street (Tax Map ID # 036.-01-18.0) in the City of Syracuse, Onondaga County, New York. The Project has an existing HFA mortgage from 1994 under the name ¿Rolling Green.¿ The Project was constructed in two phases in 1948 and 1962. The entire 14-building, 393-unit complex was renovated in 1980 and was refinanced in 1994 as an LIHTC project. Amenities include laundry facilities, a playground, a community room, and outdoor parking lots for tenants. The management office is located on the premises. The Project is presently 97% occupied. The Borrower proposes a substantial rehabilitation to be undertaken with tenants in place. The proposed scope of work consists of interior and exterior capital improvements and apartment upgrades. Major improvements include the full modernization of elevators, new bathrooms and kitchens, new	1	EA	done	1		9/11/2009	Yes

7364	Home Investment Partnership Program, Recovery Act	Madison Plaza Apartments - Funding from HUD's Tax Credit Assistance Program (TCAP) is being sought in connection with a project known as Madison Plaza (the ¿Project¿). The Project involves the acquisition and rehabilitation of a residential rental development, known as Madison Plaza, consisting of 127 units, located at 100 North Madison Street, Rome, New York. Madison Plaza consists of one seven-story residential building for family tenants on a 2.59 acre lot . The building is an existing Mitchell Lama project built in 1973, under HUD¿s Section 236 program. The project includes 29 efficiency apartments, 48 one-bedroom units and 50 two-bedroom units and includes 102 parking spaces. One, one-bedroom unit is reserved for the project superintendent. The first floor of the building contains a lobby, laundry room, community room, mechanical and storage rooms. The Borrower proposes a substantial rehabilitation to be undertaken with tenants in place. The proposed scope of work consists of facade repair, site-work, new windows, new doors, common area upgrades, kitchen and	1	CE	done	1		8/27/2009	Yes

7468	Home Investment Partnership Program, Recovery Act	97 Crooke Avenue - The City of New York - Department of Housing Preservation and Development (HPD) intends to undertake activities funded through the US Department of Housing and Urban Development's (HUD) Tax Credit Assistance Program (TCAP) to finance the new construction of a 9-story residential building containing a total of 53 dwelling units for homeless and low-income individuals. All units will be affordable to families making up to 50% AMI. The project site is located at 97 Crooke Avenue (Block 5059, Lot 51) in Brooklyn, New York (the "project site"). The project site is currently vacant, irregular in shape and measures approximately 8,226 square feet in area. It is bounded by Crooke Avenue to the south, 6-story apartment houses to the north and west and an MTA-New York City Transit subway line to the east. The requested funding would facilitate the new construction of a 9-story residential (supportive housing) development (the "proposed project") containing a total of 53 studio apartments as	1	EA	done	1		9/15/2009	Yes

7700	Home Investment Partnership Program, Recovery Act	Chaffee Park Senior Residences - The project will consist of one, 4-story building with 62 units with an elevator. The building will sit on a concrete foundation with wood frames and have a flat built-up roof. The building exterior will have brick and vinyl siding. Units will be accessible via double-loaded interior hallways by elevator and stairways. In addition, each unit will have either an exterior patio or balcony. Common areas will be on the first floor of the building and include 3,000 SF of common space for a community room/library, business center with internet access, library and leasing office. The site is currently improved with a 21,602 square foot single story existing vacant commercial building, built in 1967, in poor condition. The existing building will be demolished and removed. The site is two blocks west of Pecos Street and three blocks south of Interstate 70 in North Denver¿s Sunnyside neighborhood. The project is in an older residential neighborhood containing a mix of single family dwellings built in the 1930s and 1970s in average condition and commercial and industrial properties along Pecos Street and Interstate 70. - 1900 and 1930 West 46TH Avenue, Denver, CO	1	EA	done	1		1/7/2010	Yes

7973	Home Investment Partnership Program, Recovery Act	Kemble Square - Housing Visions Consultants, Inc. proposes to substantially rehabilitate 6 buildings and construct 2 buildings on 8 individual lots to create 37 units of affordable housing for families in the City of Utica, Oneida County. The scattered site project called Kemble Square is in the Cornhill neighborhood of Utica. The design and construction of the project will follow the NYS Division of Housing and Community Renewal¿s guidelines for the ¿Green Energy Efficiency Building Initiative¿. Public water and sewer are available at the sites. Site work will include clearing, grading and excavation, construction of driveways, parking areas and sidewalks, finish grading and landscaping. - 1221 ¿ 1229, 1444 and 1450 Kemble Street; 108 and 110 Hobart Street; 722 ¿ 724 and 726 ¿ 728 Noyes Street, City of Utica, NY	1	EA	done	1		12/9/2009	Yes		
7974	Home Investment Partnership Program, Recovery Act	Orcutt Townhomes III - Orcutt Townhomes Phase III is the continuation of the redevelopment of the former Orcutt Homes public housing project. Previously the developer, the Newport News Redevelopment and Housing Authority has replaced over 100 units of public housing with the Ashe Manor midrise, consisting of 50 units for elderly and disabled households; and Orcutt Townhomes Phase II, consisting of 40 units for families. Orcutt Townhomes Phase III will feature 30 units for families in two and three-bedroom townhouse dupexes and garden style apartments. The developer will utilize the principles of universal design to the greatest extent possible and will incorporate green building techniques enabling the project to receive Earthcraft Virginia certification. The rents for every unit will be paid from the NNRHA's Annual Contributions Contract and as a mixed-finance project there will be no hard ebt service, therefore our debt service coverage ratio , and annual increases in revenues and expenses appear to be outside of VHDA's standards. - 3200 & 3500 Blocks of Orcutt Avenue and 1000 Block of 32nd 33rd, 35th, 36th	1	EA	done	1		12/22/2009	Yes

8200	Native American Housing Block Grant, Recovery Act	Chilkoot Estates, ARRA IHBG - The Recovery Act Funds will be used to supplement ICDBG funding that the Tribe is using to construct four low-to-moderate-income rental units within the Haines Borough. This project clearly enhances the community's viability by reducing the number of families living in substandard housing by making four affordable rental units available. The project will result in an increase in affordable and decent rental units. This will reduce the number of families waiting for affordable housing who currently live in either substandard rental units or overcrowded homes because they are forced to stay in the home of their parents. The four-plex will be constructed on the Tribe's land less than one-tenth of a mile from downtown Haines. This allows the occupants easy access to the town's infrastructure: post office, grocery store, and schools. The four-plex will be 3,600 square feet in size and contain four two-bedroom apartments, the size with the highest demand, and an onsite laundry facility. - Lot 2, Block 3, Haines, AK	1	CE	done	1		12/4/2007	Yes		
8201	Native American Housing Block Grant, Recovery Act	Twin Hills Sub Rehab - Purchase and install Windows and Doors and insulation. - Lot 5a,9a,11a,2,1,3,7a Twin Hills Sub, Twin Hills, AK	1	CE	done	1			No		
8202	Home Investment Partnership Program, Recovery Act	Villa West Apts. - Villa West Apartments is a Preservation Project consisting of acquistion and rehabilitation of 48 units with Section 8 site based rental assistance. Funds will be used to keep the project affordable and available to low income families. - 201 SW Agee Street, McMinnville, OR	1	CE	done	1		9/15/2009	Yes		
8203	Native American Housing Block Grant, Recovery Act	Clarks Point Sub Rehab - Energy Rehab of 1 unit, installing doors, windows, monitor heater, inside wall panels, efficient hot water heater - USS 4992, Track B, Lot 6, Clarks Point, AK	1	CE	done	1			No

8246	Home Investment Partnership Program, Recovery Act	Metro North Rehab Redevelopment Project (Hobbs Court and The Ciena), East Harlem - Funding from HUD¿s Tax Credit Assistance Program (TCAP) is being sought in connection with the development of affordable housing on two sites in the East Harlem neighborhood of Manhattan. Hobbs Ciena Associates L.P. is proposing redevelopment and rehabilitation affecting a total of 17 six-story walk-up buildings currently owned by the New York City Housing Authority. The existing buildings currently contain a total of 321 vacant dwelling units. The proposed project includes two components: (i) demolition of 12 buildings (containing 212 unoccupied units) on E. 102nd and 103rd Streets between First and Second Avenues to facilitate the construction of a new 8-story building with 259 affordable units, and (ii) the rehabilitation of five buildings (containing 109 unoccupied units) located on E. 100th Street between First and Second Avenues to provide 81 units which upon completion of rehabilitation would be contained within a single building. Upon completion, the two components will have a combined total of 340 units. The properties are currently owned and maintained by NYCHA. However, a ground	1	EA	done	1		6/30/2009	Yes

8710	Public Housing Capital Fund, Recovery Act	Vinyl Carports - This project included replacing existing carports in 100 units at scattered sites in Oxnard with new vinyl carports. Project included adding new carports per plans where permitted and adding motion light detectors on all carports. Also repairing some poles and cutting out some other poles per plans. And painting the entires carports. Project was awarded 0n 2/9/2010. Precon was held on 3/18/3010. Contractor applied for permit on 4/12/2010 and plans were approved on 9/15/10. City required that fire sprinkler system be installed on the carports. Contractor worked with the City and modified plans and upgraded the carport system patent to the required class B and satisfied fire sprinkler examption for the project. City required removal of few carports in order to exampt us from fire sprinkler system requirement. The scope of work was reduced and a credit change order applied to the contract. Construction started on 9/27/10 and completed on 11/19/2010. Note that this project used both ARRA funds and Capital funds. The ARRA portion of the project is 100% complete now. - 640-666 Cuesta Del Mar, 1341-1387 Althea Court, 230-	1	CE	done	1		6/18/2009	Yes

8908	Community Development Fund, Recovery Act	Bartolo Square North Improvement Project Phase I - The Bartolo Square North Neighborhood Street Improvement Project involves the construction and installment of a new polyvinyl chloride (PVC) 8¿ water main pipe lines to replace existing 8¿ cast iron pipes that are corroded. Due to the corrosion, water main breaks and leaks occur frequently. These leaks and breaks affect water quality and pressure as well as increase the potential for contamination of the drinking water system. The reduced water pressure affects fireline service to the area in the event of an emergency, but most significantly, main breaks result in a loss of potable water to the residents. The new proposed PVC water main pipe line is an industrial standard that prevents corrosion and has a greater useful life as compared to the cast iron pipe. PVC water pipe lines will provide residents with improved quality of potable water, improved water distribution and improved fireline service. The new water main pipe lines comprise of 6,796 linear feet and will be constructed and installed on Hill Street from Ventura Road to ¿1¿ Street (2,200 linear feet) on ¿1¿ Street from Wooley Road to Hemlock Street (3,796 linear feet) and	1	CE	done	1			No

9281	Native American Housing Block Grant, Recovery Act	The Settlement - The project is the development of nine single family homes for the Tribe?s elders. All homes are green construction and built on a 36-acre parcel located in Wayland Twp., MI., on 128th Ave. To meet the elders? needs, the homes are a mixture of barrier free and general floor plans. Holland Engineering, Inc. was selected as a result of the Request for Proposals (RFP), which solicited engineers. Holland and the Committee overseeing the project addressed site plans and the steps necessary for approval from the local township. During this reporting period, the following items within Holland?s scope of work were completed: surveying, development of a site plan, street design, and geotechnical assessment. Plans for the utility layout and development of a storm water management plan have been initiated. The Wayland Township Planning Commission held their preliminary review of the Tribe?s rezoning request. Substantial time was spent preparing a Request for Qualifications (RFQ) for general contractors. Important factors in the RFQ? are: relevant	1	EA	done	1		8/25/2010	Yes

9417	Public Housing Capital Fund, Recovery Act	Partial Demolition and Construction of New Units at Garden Valley - The Garden Valley Phase III initiative will consist of 69 replacement public housing units to be built on the land area between Port Avenue, Carson Avenue, and East 71st and East 73rd Streets in the City of Cleveland's Kinsman neighborhood. CMHA will relocate residents and demolish 136 units at the site to prepare for this new development. The new development will consist of 69 ACC/LIHTC units in primarily two-story townhouse structures ranging from 4 to 7 units each along with single family detached homes. The project also includes the construction of new streets and related infrastructure improvements. All units will have individual entrances, and all accessible units will be one-story flats. The construction will be wood frame, and each unit will have its own utilities, meters, and heating and air conditioning systems. The building envelope is detailed and insulated to achieve an Energy Star rating. The mandatory requirements of the Green Communities will be met. Prior phases of development at the site have been designed to meet the Enterprise Green Building Criteria. The site is compact, walkable, and served by public	1	EA	done	1		11/4/2009	Yes

9673	Home Investment Partnership Program, Recovery Act	Seville Apartments - Rehabilitation of a ninety unit multi-family complex built in 1981,located on 2.4707 acres. This includes one three story residential building. Rehabilitation will take place on the interior and exterior. - 4325 Crow Road, Beaumont, TX	1	CE	done	1		2/26/2010	Yes		
9674	Community Development Fund, Recovery Act	Tinian Infrastructure Improvement - Investing in environmental protection that will provide long-term economic benefits. The project is located in the village of San Jose on the island of Tinian. CDBG-R funds will be used to construct an infiltration system on the site. The infiltration system is a system that collects run-off water from a storm. An infiltration system (usually 3-12 ft.), provides total peak discharge, runoff volume and water quality control for all storm events equal or less to the specific design storm. The infiltration reduces the volume of runoff, removes many pollutants, provides stream base flow and groundwater recharge. The description of an infiltration system was found at www.metrocouncil.org/environment/watershed. The project focuses on environmental protection and would be necessary on-site in order for the residents of Tinian to maximize the use of the public facility. CNMI estimates that 8 construction jobs will be preserved or created promoting economic recovery in the construction industry. - San Jose Village, Tinian, MP	1	CE	done	1		2/3/2010	Yes		
9675	Community Development Fund, Recovery Act	Sinapalo Elementary School Public Facility - Preserving and creating jobs and promoting economic recovery. The project is to rehabilitate the Sinapalo Elementary School Public Facility in order to maintain a safe and decent environment for the students and faculty of the school. The project includes the rehabilitation of the faculty building, the school library, school cafeteria, and a total of (16) classrooms. The absence of the project may pose as a hazard to the residents and result in a closure of the school. As such, the project will retain 25 jobs for the faculty and staff of Sinapalo Elementary School and create 10 temporary jobs for contractors/construction workers. - Sinapalo, Rota, MP	1	CE	done	1		6/2/2010	Yes

10146	Community Development Fund, Recovery Act	Laurel Park Roadway and Entrance Project - A new access road and entrance into low and moderate income apartment complex owned and managed by St. Louis County Housing Authority. Laurel Park Apartment community is a large complex of recently rehabiltated units. The complex consists of 396 units that is owned and manged by the Housing Authority of St. louis County. Present access to this affordable complex involves a circuitous route through an adjacent neighborhood. Limited access effects marketability and has an impact on certain services, including emergency response. A new point of access to Laurel Park off of Lucas and Hunt Road will produce a number of benefits for those living in the complex as well as those residents who live adjacent to the area. In addition to the new roadway, sidewalks and improved grading will make Laurel Park better accessible to public transportation and to the County highway that runs by the property. - 9561-9604 Jacobi, St. Louis County, MO	1	EA	done	1		2/8/2010	Yes		
10147	Native American Housing Block Grant, Recovery Act	Alberta Thunderbull - Rehabilitation for thermal windows, wheelchair ramp, handicap bathroom, and siding. - 505 S. Washington Ave., Elk City, OK	1	CE	done	1		3/2/2010	Yes

10229	Home Investment Partnership Program, Recovery Act	Eastside Revitalization III - This project will rehabilitate, according to Section 106 standards, and modernize 17 structures on scattered sites in the city of Covington, Kentucky. Each of these structures are currently vacant and dilapidated. In come cases, once rehabilitated these current single-family structures will be broken up into 2, 3, 4 unit buildings. These affordable units will have upgraded, market rate finishes, including bamboo hardwood floors, ceramic tile kitchens and baths, upgraded cabinetry, energy star appliances and high efficiency HVAC units. - Scattered Sites in Covington, Kentucky, Covington, KY	1	CE	done	1		1/7/2010	Yes		
10230	Home Investment Partnership Program, Recovery Act	Edgewood Apartments - The Edgewood Apartments Project is an existing Rural Development financed affordable housing community. This project is going to provide needed funding to address deferred maintenance; modernize the complex, and, add essential energy-efficient features to preserve the property as an affordable housing complex. - 734 National Turnpike, Munfordville, KY	1	CE	done	1		1/11/2010	Yes		
10231	Lead Hazard Reduction, Recovery Act	Healthy Homes Demonstration - Re-insulate, storm door repair,install dryer vent, bath fan, furnace filter, air duct cleaning; repair toilet, windows, roof; airseal; install CO alarm, clean gutters, repair chimney - 15453 9th Ave SW, Burien, WA	1	CE	done	1		8/5/2010	Yes		
10232	Lead Hazard Reduction, Recovery Act	Healthy Homes Demonstration - Install ventilation system; wrap water heater pipes; repair tile flooring; repair deck railing; replace carpet - 10407 Aqua Way South, Seattle, WA	1	CE	done	1		8/5/2010	Yes		
10233	Home Investment Partnership Program, Recovery Act	Wilart Arms Apartments - The Wilart Arms Apartments is an existing affordable housing apartment community. This project is going to provide needed funding to address deferred maintenance, address asbestos and lead safety issues and modernize the complex. A primary focus of the work will be to improve the quality of housing for the residents of this building, and the community at large. A major consideration for the scope of the project is to reduce the density of housing units on the site, from the current 100 units to a proposed 66 units in addition to improving the parking and exterior condition of the building. This work will improve the viability of the property over the long term, and the quality of life for the residents and the surrounding neighbors. This reduction in the number of units will allow for a change in the unit mix of the building. Currently, all of the units are one ¿ bedroom units, and the renovation will provide the space to incorporate a good mix of two and three bedroom units. This change will allow for more families to reside in the property as opposed to primarily being occupied by single individuals. - 1797 Wilart Drive, Louisville, KY	1	EA	done	1		12/23/2009	Yes		
10234	Public Housing Capital Fund, Recovery Act	Public Housing Capital Fund Stimulus (Formula) Recovery Act Funded - The ARRA funds are for capital improvements of the dwelling structures. New siding will be installed. All unit windows will be replaced with triple pane Energy Star windows in thirty-four (34) low income units. New storm doors, exterior windbreaks, signage and smart lighting will be installed. - 300 SOUTH 1600 EAST, PRICE,, UT	1	CE	done	1		10/10/2009	Yes

10361	Community Development Fund, Recovery Act	Water System improvements - Contractor shall construct a new water well to ensure a safe and reliable water supply to tie into the Bovina Municipal WSC. Construction shall include one new water well, a well house and all necessary appurtenances. The new well site is located on the easement SW of East Street 1/2 mile SE of the existing storage tank. - P.O. Box 720, Bovina, TX	1	EA	done	1		4/29/2010	Yes		
10362	Community Development Fund, Recovery Act	Solar Tubes for Park Restrooms - Due to roof warranty restrictions were are unable to proceed with this project. Funding will be reallocated to one of the other HUD approved projects. The initial plan for the solar tubes for restrooms project is below. The project is for the installation of solar tubes in all applicable park restrooms. A solar tube provides light like a skylight, but doesn¿t require major structural changes which makes this is a cost effective alternative to improving energy efficiency. Solar tubes eliminate the use of fluorescent lighting during daylight hours. The concept of solar tube lighting is to reduce energy consumption by installing solar tubes in the restroom roof tops. This natural light source provides the bulk of the lighting requirements as most of our parks are open from dawn to dusk. During periods of low light a photo cell and timer will cut florescent auxiliary lights on and off as needed. Savings in excess of 30% can be expected. - Mulitiple parks in low/mod census tract areas, Norfolk, VA	1	CE	done	1			Yes

10363	Community Development Fund, Recovery Act	Chesterfield Heights Community Resource Center - Second Chances was established in 1999, as a partnership between the City of Norfolk, Virginia and The STOP Organization to address the growing need for re-entry programs for ex-offenders. Second Chances is proposing to utilize the facility formerly known as Stan Hope House located at 2715 Stanhope Avenue as a permanent supportive housing facility for non violent, formerly incarcerated women who may be homeless or imminently homeless women offenders returning to Norfolk from incarceration. Funding would be used to rehabilitate the Stan Hope House for energy efficient upgrades by replacing the HVAC systems, windows and doors. The facility was previously used as a youth group home and housed as many as 32 youth offenders in 8 rooms using a formula of 4 persons per room. Second Chances is seeking to place two persons per room in a shared room type concept to include the added benefit of supportive services on sight and a rent structure that charges a maximum of 30% of income for each resident. In addition, Second Chances proposes to establish a /Community Relations Advisory	1	CE	done	1		5/27/2010	Yes

10378	Community Development Fund, Recovery Act	1094PR-R18-08 Town of Southport - The Town of Southport will use $1,245,000 in CDBG-R funding to extend public sewer service to the Budd/Kinyon Street area. The project would include installation of 7,024 linear feet of an 8¿ gravity sewer, 768 feet of a 4¿ force main, pump station construction, and 31 new manholes. To help reduce the cost of connections for LMI residents, the Town also intends to provide lateral assistance to 48 households. The total cost of the project is estimated at $1,495,000. The Town has secured $150,000 from the Appalachian Regional Commission and $100,000 through a Senate member item. The completed project would benefit 407 persons in the target area, 220 (54.1%) of whom are low-to-moderate income. - Adams, Budd, Fred, Kinyon, Ralph and S. Williams streets, Elmira, NY	1	EA	done	1		6/25/2010	Yes

11054	Native American Housing Block Grant, Recovery Act	Oneida Rental Energy Efficiency Program - April 1, 2011 through June 30, 2011: An unusually rainy spring in Northern Wisconsin has slowed our progress. Ath the beginning of this quarter, I implemented a program evaluation to capture and record data, and find areas that may need improvement. With the help of a Project Manager for Wisconsin Focus on Energy, we randomly selected 20 homes that were completed last year to complare costs before the units were rehabilitated. We achieved an average increase of 25-31% energy efficiency in all units. We identified areas that we need to focus more attention on. Towithstanding, the increase in energy efficiency we achieved is remarkable, and the remaining units will be even more energy efficient. We started six more units this quarter, and completed two. All six units received metal roofs. We continue to improve th building envelope, air seal, insulate basements, insulate attics, replace siding with renewable wood siding made from wood harvested on hour north of Oneida and manufactured two hours northwest of Oneida. Windows are iar sealed, and replaced where necessary. Spot ventilation is addied throught each unit, including Energy	1	CE	done	1			Yes

11138	Home Investment Partnership Program, Recovery Act	Historic Bastrop High School - The ARRA Tax Credit Assistance Program (TCAP) provided critical funding for the conversion of a derelict, but historic building-the Historic Bastrop High School- into 76 units of housing for the elderly. The Louisiana Housing Finance Agency awarded the project $1,000,000.00 in TCAP funding, and an additional $800,00.00 in Tax Credits. Additional funding included HUD Hope VI, HOME, 1602 Exchange, HUD Main Street, State and Federal Historic Tax Credits, and $4 million in private tax credit equity. The TCAP assistance allowed the private developer, 715 S. Washington Street, LLC to close the gap on a total project cost of $13 million. The project converts a public nuisance into a project that supports the Bastrop Main Street downtown redevelopment plan. The National Historic Register building had deteriorated since it was replaced by newer school facilities. The enviromental review identified numerous issues with the unsecured building. It had become structurally unstable, and had mud in the basement. Stop gap measures such as tarps and kiddie pools under	1	EA	done	1		12/22/2009	Yes

11181	Community Development Fund, Recovery Act	City of Naples-Anthony Park - The City of Naples proposes to provide irrigation to support community landscaping improvements to a City owned vacant parcel located adjacent and contiguous to Anthony Community Park within the River Park Community. Anthony Community Park serves the River Park community as well as the George Washington Carver Section 8 Apartment complex. The parcel is located at 15 5th Avenue, North, Naples, FL (Folio # 181635200008), on the south side of Anthony Park and on the west side of 5th Avenue North. This project will expand the use of the existing developed park. It is estimated this project will retain .28 of full-time equivalent employees (FTE¿s) which was determined by OMB formula. This project will only support the retention of FTE¿s, by using the CDBG-R funds award to the City of Naples for payment. - 15 5th Ave N Folio#(181635200008), Naples, FL	1	EA	done	1		3/2/2010	Yes
