11130	Home Investment Partnership Program, Recovery Act	Historic Bastrop High School - The ARRA Tax Credit Assistance Program (TCAP) provided critical funding for the conversion of a derelict, but historic building-the Historic Bastrop High School- into 76 units of housing for the elderly. The Louisiana Housing Finance Agency awarded the project $1,000,000.00 in TCAP funding, and an additional $800,00.00 in Tax Credits. Additional funding included HUD Hope VI, HOME, 1602 Exchange, HUD Main Street, State and Federal Historic Tax Credits, and $4 million in private tax credit equity. The TCAP assistance allowed the private developer, 715 S. Washington Street, LLC to close the gap on a total project cost of $13 million. The project converts a public nuisance into a project that supports the Bastrop Main Street downtown redevelopment plan. The National Historic Register building had deteriorated since it was replaced by newer school facilities. The enviromental review identified numerous issues with the unsecured building. It had become structurally unstable, and had mud in the basement. Stop gap measures such as tarps and kiddie pools under leaks were insufficient to arrest the deterioration. Old boxes of documents made it a fire hazard. Broken windows admitted disease bearing	1	EA	done	1		12/22/2009	Yes

11457	Home Investment Partnership Program, Recovery Act	20100321 - Courtlandt Community - Funding from HUD¿s Tax Credit Assistance Program (TCAP) is being utilized in connection with the development of a new, 12-story, 76-unit supportive housing development located at 927-929 Courtlandt Avenue (Block 2409, Lot 96) in the Melrose neighborhood of the Bronx (the "project site"). The new supportive housing development would offer 76 studio apartments and one two bedroom unit for the building superintendent. The 76 studios would be rented to formerly homeless individuals with mental illnesses earning up to 60% of Area Median Income (AMI).The project includes approximately 3,000 square of residential common areas and space for the provision of social services, and a laundry room. The site is located on the northwest side of Courtlandt Avenue between East 162nd Street and East 163rd Street. The property covers approximately 6,852 square feet and is currently occupied by a vacant two-story warehouse. This vacant building would be demolished prior to the development of the new project. The lot is owned by the project sponsor, Courtlandt Community Housing Development Fund Corporation (an affiliate of Phipps Houses). In addition to TCAP funding, the proposed project would utilize Project-Based Section 8 vouchers from	1	EA	done	1		5/19/2010	Yes

11484	Community Development Fund, Recovery Act	Lake Worth CRA Tier I Assessment - In February 2010, the Lake Worth Community Redevelopment Agency (CRA) was granted $23.2 million as part of the Neighborhood Stabilization Program II (NSP II) Grant through the American Recovery and Reinvestment Act of 2009 (Recovery Act) to undertake a project to address home foreclosure and residential property abandonment. The boundaries of the funding area will be the Lake Worth CRA area and the total budget for the undertaking is $23.2 million. The following activities will take place in the CRA area: Acquisition, Rehabilitation, Land Banking, Demolition, and New Construction. As required by NEPA, a Tier I environmental assessment of the CRA area was conducted. The assessment was conducted by Cardno TBE (a qualified environmental engineering and consulting firm) based in Tampa Florida. As a result of the assessment, the City of Lake Worth CRA has determined that the project will have no significant impact on the human environment. Therefore, an Environmental Impact Statement under the National Environmental Policy Act of 1969 (NEPA) is not required. This Finding of No Significant Impact is based on a general (Tier I) Environmental Review as the specific sites to be funded have not yet been	1	CE	done	1		2/1/2013	Yes

Dickert. The restaurant location is 117 North Washington Avenue, which is located in the new Scranton Parking Authority Building, adjacent to the Connell Building. The purpose of this loan is to assist with the purchase of equipment and working capital needs. This will be a CDBG-R (Recovery Act) loan of $57,000 at 5% for a term of 10 (ten) years. The total project costs are $190,200.00. Significant owner equity and traditional financing have been invested for renovations and leasehold improvements at the site. The public benefit as a result of this loan will be the creation of the required two (2) full-time equivalent positions. The restaurant ideally will employ approximately 12-15 people which will be newly created. Carl von Luger¿s Seafood and Steakhouse will serve prime dry aged cuts of meat (exclusive to Great Uncle Peter¿s and Carl von Luger¿s) and fresh seafood and chicken dishes alongside American classic platters. The	1	CE	done	1			Yes		
11942	Community Development Fund, Recovery Act	The Castle Deli Outlet, LLC - The Castle Deli Outlet, LLC, is a new business which is owned and operated by Louise Abdalla and is located at 975 Wheeler Avenue, Scranton, PA, which is a high-traffic area. The purpose of this loan is to assist with the purchase of equipment, inventory and working capital needs. This will be a Community Development Block Grant-R (Recovery Act) loan of $25,000 at 5% for a term of 10 (ten) years. The total project costs are $80,000.00. Significant owner equity has been invested for renovations and leasehold improvements at the site. The public benefit as a result of this loan will be the creation of the required one (1) full-time equivalent position. Mrs. Abdalla plans on hiring a total of three employees, in addition to herself. The Castle Deli Outlet will serve a need for discount, high-quality deli items. Mrs. Abdalla has the resources to purchase inventory at discounted prices and will pass it on to the consumer. The deli will carry a few specialty items, signature sandwiches, subs, salads, prepared food and seasonal items. It is located at a very busy intersection with easy access and has ample	1	CE	done	1			No

12130	Community Development Fund, Recovery Act	Virginia Avenue Alley Infrastructure - The City plans to use its CDBG-R funds in the amount of $156,000 to complete the two public alleys which were part of the original Section 108 Loan project reviewed in 2005 and updated in 07/08. The update noted that the alleywork had not been completed and the only difference was that the alley would be public instead of private as previously planned. The scope includes 1240 linear feet of grading and paving, earthwork, and storm drain installation. A fence will be installed along the perimeter to buffer homes to either side not connected to the alley (not having rear-loading garages). The original review also included park improvements, for which part of the CDBG-R funds may be utilized if the alley costs come in under budget. - 600 Block of Virginia Avenue, East Lansing, Virginia Avenue Alley Infrastructure, MI	1	CE	done	1		6/29/2009	Yes

12452	Native American Housing Block Grant, Recovery Act	Oneida Rental Energy Efficiency Program - 09-CT-55-49100 OCT 1, 2010-December 31, 2010: The beginning of Phase 2 began as winter began in Northeastern Wisconsin. The weather has slowed our normal summer rehabilitation pace, but we still managed to complete 4 units during the quarter, to include: Mold abatement, siding, windows, basement insulation, ventilation, doors, 4 complete bathroom renovations, and numerous energy efficiency measures completed. The OREEP program worked a total of 5265 hours, for a total of $73,865.00. Contracting costs were $90256.00. Material costs were $212,439. Material costs were high this quarter because I purchase 400 LED fixtures to replace inefficient lighting, and a seamless gutter machine. Staff training is progressing well as I personally train 2 staff members to become electricians and teach energy efficiency measures to the remaining 6 staff members. - Various units within the Oneida Reservation boundaries, Oneida, WI	1	CE	done	1			Yes

12886	Community Development Fund, Recovery Act	Lake Worth CRA NSP-2 Grant - The Lake Worth CRA Consortium applied for and received $23,237,500 in grant funding from the U.S. Department of Housing and Urban Redevelopment (HUD) on January 14, 2010. This funding is part of the American Recovery and Reinvestment Act of 2009, and is better known as the Neighborhood Stabilization Program (NSP). Funding will be primarily used to purchase, rehabilitate and demolish foreclosed homes within the City of Lake Worth. Some funding will also be available to provide homebuyer counseling, "green" maintenance, financing and subsidy programs for working class individuals. The Consortium consists of 20 community based organizations and local companies. During the past 12 months, the consortium has conducted an overall environmental review of the entire Target Area which encompasses 518 acres. Additionally, the CRA conducted a public awareness workshop in September to educate residents the actions being conducted. Finally, each parcel (property) purchased with Federal Grant money is given a thorough environmental review (tier II review) and historic preservation overview to ensure compliance. Within the past 3 months the CRA has completed an additional 24 tier II reviews which have been reviewed and approved by the Mayor of the	1	CE	done	1			Yes

13629	Green Retrofit Program (Grants) for Multifam Housing - Recov Act	Foothill Plaza 1 - Foothill Plaza I is a 98-unit multi-family and affordable residential property in the North Highlands neighborhood of Sacramento, California. The property is northeast of downtown Sacramento on the south side of Interstate 80 and approximately two miles east of McClellan Air Force base. The property is in an un-incorporated area of Sacramento County with a City of Sacramento address and zip code. This is within an area that has previously attempted to incorporate as Arden-Arcade but this area has also been of interest to the City of Sacramento for annexation. The project was originally constructed in 1972 and underwent significant renovation in 1995/96 as part of an ownership change. In 1972 100 dwelling units were constructed in 11 two-story, wood-framed buildings consisting of three four-plex, five eight-plex, and three sixteen-plex structures. When the current owner acquired the property in 1994/95 a partial renovation was done to correct electrical, mechanical, site, and interior finish deficiencies. During this renovation two 2- bedroom units in Building 9 were converted into a community room and offices. Site improvements included new fencing, handicap access improvements, and new storm drain inlets. - 5324 Hemlock Street, Sacramento, CA	1	CE	done	1		5/11/2010	Yes

13746	Native American Housing Block Grant, Recovery Act	Roof Replacement - Replace Roof - 106 East "G" Ave, Cache, OK	1	CE	done	1			Yes		
13747	Community Development Fund, Recovery Act	White Street - The purpose of this project is to pave one of the last unpaved street in the City of Muskegon. In addition, one intersection of Getty Street and Apple Avenue was upgraded. - White Street, Muskegon, MI	1	CE	done	1			Yes		
13748	Community Development Fund, Recovery Act	TA# 5956 Region VI - Acquisition, minor rehabilitation, and disposition of foreclosed single family home. - 380 Via Cumbre Linda Circle, Horizon City, TX	1	CE	done	1		3/1/2011	Yes		
13749	Community Development Fund, Recovery Act	Residential Rehab - This activity will provide non - luxury home repair improvements to eligible low to moderate income households (80% AMI or less). Eligible repairs will address energy efficiency/water conservation improvements and/or home minor home repairs that address health and safety of household occupants. This project will be carried out on a City-wide basis. This activity is eligible under 24 CFR section 570.202(a), and will directly benefit low and moderate income persons as qualified under 570.208 (a) (3) Housing Activities. This is a scattered site, Citywide project. - 4800 West Copans Road, Coconut Creek, FL	1	CE	done	1		5/26/2010	Yes		
13750	Community Development Fund, Recovery Act	Planning and Administration - This activity will provide for administrative duties relative to general management, oversight, coordination and implementation of the CDBG program. This activity is assumed to benefit low and moderate income persons and is eligible under 24 CFR, Section 570.206 - 4800 West Copans Road, Coconut Creek, FL	1	CE	done	1			Yes		
13751	Community Development Fund, Recovery Act	Crisp Avenue Bridge - The Crisp Avenue Bridge was destroyed by flooding. The proposed project involves stream bank restoration of Lindy Creek and the replacement of the structure which carries Crisp Avenue over Lindy Creek in the City of Scranton. The culvert replacement project will also include reconstruction of the approach roadways to the structure. The project site is located in the 200 block of Crisp Avenue between the intersections of Division Street and Frink Street. There are no buildings within the project area. The project will impact approximately 3400 Square Feet of stream area. Pursuant to FEMA FIRM map #420538 0010B, effective 8/15/1980 the project site is located within Zone A1. The stream bank restoration project will widen and deepen the existing channel extending approximately 1,000 feet upstream. The excavated side slopes of the stream will be lined with permanent erosion control matting. Additionally, approximately 60 feet upstream of the culvert the stream channel will be regraded and lined with rock riprap. The total project cost is approx. 280.000.00 dollars Project plans, an Erosion & Sediment Control Plan (11/2009), DEP letter 4/22/2010 granting a waiver of permit requirements, Federal Clean Water Act Section 404 authorization (DEP letter dated 4/23/2010), Wetlands Delineation Report dated 6/4/2008 and DEP	1	EA	done	1		1/12/2011	Yes

13806	Community Development Fund, Recovery Act	Mt. Pleasant Corporate Center - The proposed Mount Pleasant Corporate Center project envisions the development of 23-acre industrial site historically associated with deep and strip mining of anthracite coal. The property offers an exceptional opportunity to transform wasted and non-productive industrial land. It is intended that this new road will be dedicated to the City of Scranton and consequently, will be designed to the City¿s specifications.Storm water will be collected along the roadway via dedicated inlets and subsurface piping. The storm water will be temporarily held on-site in a subsurface detention system and will be released at a controlled rate into the existing and adjacent PennDOT drainage system. It is intended that the storm water collection and detention system will be dedicated to the City of Scranton.
Water and Sewer A proposed 8¿ ductile iron pipe (DIP) and associated valves, fire hydrants and appurtenances will be constructed along the roadway for domestic water service. This water system will be connected to the 20¿ water main owned by Pennsylvania American Water Company (PAWC) in West Linden Street. The total domestic water consumption is estimated at 26,000 gpd at full build-out.An 8¿ PVC gravity sanitary sewer system will also be constructed in the new roadway and will connect to an existing 60¿ sanitary interceptor transversing the site, which is owned and	1	EA	done	1		7/28/2008	Yes		
13807	Community Development Fund, Recovery Act	Reconstruction of Roads and Handicap Curbcuts - $300,000.00 of CDBG-R funds will be incorporated with the City of Scranton¿s successful Reconstruction of Road Program. The funds will be used on Reconstuction of Roads and Handicap Curb Cuts of city streets in Scranton, Pennsylvania. 100% of this funding will be expended in an approximate twenty-two (22) block radius only in low to moderate income areas that will benefit approximately 3,000 families. No other funding will be used on this activity. Scranton will proceed to following the proper bidding procedures that includes advertising in the local newspaper Legal Ad for competitive bidding, Spec Book, Davis Bacon Requirements, mandatory pre-bid requirement, and meet other requirements of Title XII of Division A and Section 1602 of ARRA.
This project preserves and creates jobs and promotes economic recovery by providing job opportunities for a wide range of areas including Engineers, City/State/Private Inspectors, contracting companies, truck drivers, and heavy construction works, etc. This project will assist those most impacted by the recession by providing a significant physical improvement to many low to moderate income residential areas. In the Northeast United States where Scranton is located the severe weather conditions play a big part of the shape our city streets are in. Also,	1	CE	done	1		1/1/2011	Yes

13873	Native American Housing Block Grant, Recovery Act	Oneida Tribe of Indians of Wisconsin Amendment Grant - The 32 home stimules grant for January 1, 2011 to March 31 2011: Worked on 4 units and are currently finishing on 2. The units work consist of insulating with foam; windows, doors, box sills, interior basement walls. We foam all the penetration in the attic to separate the attic from the living areas of the units. Changing bathroom fans and ducting them to the outside, changing range hood fans and ducting them to the outside. We have been starting to add dehumidifiers to the basements of each unit also. Light bulbs are being changed to energy efficient bulbs. Energy efficient shower heads are being installed also. We also change the smoke alarm to a carbon monoxide/smoke alarm combo thoughout the house if it has not already been done. With the work listed above we have 23 out of the 32 homes completed. In the three months we have 1325.75 man hours which totals $24,089.09 in payroll and $848.07 in materials supplies. - Scattered locations within Oneida Nation Reservation boundaries, Oneida, WI	1	CE	done	1			Yes		
13874	Community Development Fund, Recovery Act	West Village Apartments - The project consists of rehabilitation of the West Village Apartments at 52 Howe Street in New Haven, CT. 13876	Public Housing Capital Fund, Recovery Act	Elevators - Project included complete upgrades on 2 elevators in a senior building. Activities included replacing single bottom cylinders in 1 elevator, replacing door equipments on both elevators. Upgrading the starters and motor on one elevator. And remodeling the cars on both elevators. The work included jack hammering, drilling, and deepening the existing elevator hole as needed and required. An Architectural and Engineering (A & E) firm was hired to assist us with this project. Specifications were made. Scope of work was developed. Project was awarded on 2/23/2010. Precon was held on 3/11/2020. Project started on 3/30/2010. The first elevator drilling ran into the problem of hole caving in. Had to issue a change order for the additional works due to the collapsing of the hole ($17,825) Drilling is now complete, piston and jack are in ,slurry backfilling is complete. Doors equipments are also complete on both elevators. Both elevator cars were rehabilitated. There were also a change order for $18,560 for waste removal and swirl work on the stainless steel split between this project site (801 South C Street) and another site (401 South C Street) as part of the same contract. A final walk through was held on 1/24/2011 and	1	CE	done	1		6/18/2009	Yes

13877	Community Development Fund, Recovery Act	Lake Worth CRA NSP-2 Consortium - The Lake Worth CRA Consortium applied for and received $23,237,500 in grant funding from the U.S. Department of Housing and Urban Redevelopment (HUD) on January 14, 2010. This funding is part of the American Recovery and Reinvestment Act of 2009, and is better known as the Neighborhood Stabilization Program (NSP). Funding will be primarily used to purchase, rehabilitate and demolish foreclosed homes within the City of Lake Worth. Some funding will also be available to provide homebuyer counseling, "green" maintenance, financing and subsidy programs for working class individuals. The Consortium consists of 20 community based organizations and local companies. During the past year, the consortium has conducted an overall environmental review of the entire Target Area which encompasses 518 acres. The CRA received environmental clearance by HUD in July 2010. Additionally, the CRA conducted a public awareness workshop in September 2010 to educate residents the actions being conducted. Finally, each parcel (property) purchased with Federal Grant money is given an additional thorough environmental review and historic preservation overview to ensure compliance. Since February 2010, the CRA Consortium has conducted individual reviews on 61 small separate properties.	1	EA	pending		1		No

13909	Native American Housing Block Grant, Recovery Act	Oneida Rental Energy Efficiency Program - January 1, 2011-March 31 2011: The winter months and several snow storms slowed our progress. We were limited to performing interior work activities only, but completed 75% of the work on the next 21 homes this quarter. Ther weather is transitioning to spring/summer so I scheduled the exterior work activities for these homes beginning April 11, 2011, with the completion of these 21 homes by May 27, 2011. I am pleased to report that one trainee has accepted a full time position with higher pay in another department. I will be hiring and training two more trainees in the near future. The OREEP crew worked 4015.75 hours hours this quarter. The total labor cost including OREEP and subcontracts was $145,958.35. The total material/equiment/supply cost for this quarter was $163,198.67. Material cost insudes major purchases of Energy Auditor tools and equipment, 420 squares of metal roofing, lumber, flooring, and other materials needed for this construction season. - Oneida Nation Reservation, Oneida, WI	1	CE	done	1			Yes

13926	Community Development Fund, Recovery Act	Martin Luther King Jr Park Drainage - The purpose of the project is to restore the portion of Rocky Branch that flow through MLK Park to a natural functioning stream channel. The project will restore stable stream banks along approximately 900 lenear feet (LF) of the stream within the park, and provide a riparian buffer for the improvement of stream function. The riparian buffer will establish a maintained vegetated area on either side of the stream throughout the park. This buffer will help maintain the future health and stability of the stream. By implementing a natural channel design on Rocky Branch, flooding in down stream areas will be reduced, water quality will improve with reduced sediment loading and nutrient reduction, and aquatic habitat will be restored. Furthermore, culverted sections of Rocky Branch under the community center parking lot within the park are deteriorating. Stream restoration plans propose to restore approx. 940 lf of culverted stream channel by rerouting the stream around the parking lot, removing the culverts, and restoring the parking lot. The park consists of open grassed area with scattered mature trees in the southwest portion. A community center and baseball field are located in the northeast portion	1	EA	done	1		5/28/2007	Yes		
13927	Community Development Fund, Recovery Act	3777 N. Tuttle Ave. - Acquire and rehabilitate a 4-unit complex at 3777 North Tuttle Ave. - 3777 N. Tuttle Avenue, Sarasota, FL	1	EA	done	1		11/22/2010	Yes
