377	Public Housing Capital Fund, Recovery Act	Stromsburg Housing Authority - Categorical exclusion - 517 E. Seventh Street, Stromsburg, NE	1	CE	done	1		5/26/2009	Yes		
378	Community Development Fund, Recovery Act	YWCA Windows - The Muncie YWCA is listed on the National Register of Historic Places and includes 41 sleeping rooms, 4 apartments, and common areas, such as laundry room, adult learning center with computers, a craft and study area, and a children¿s learning and play room. The Muncie YWCA is a member of the Homeless Provider Network and is the only facility in Muncie that provides emergency shelter 24 hours/7 days per week for women and children. The YWCA¿s existing 214 wood windows are leaky, and many no longer latch, resulting in significant infiltration. The existing storm windows are triple-track type and are deteriorated. The City will restore 141 wood windows, install 214 new storm windows, and weather strip. The project should greatly reduce energy usage and related costs for the facility while improving occupant comfort and safety. It will also eliminate the need for YWCA staff to spend hours taking temporary measures against energy loss, such as installing plastic window films. Since the building is listed on the National Register of Historic Places, all work will adhere to the Secretary of the Interior's Standards for the treatment of historic structures. - 310 E. Charles Street, Muncie, IN	1	CE	done	1			Yes

660	Community Development Fund, Recovery Act	Lot Clearance/Boardup/Demolition Tiered Review - Description ¿ Provide an expected 290 contracting opportunities for approximately 600 lot clearances and 200 boardups that are nuisance and safety issues and 25 demolitions of dilapidated and unsafe structures primarily in low-moderate income neighborhoods. This project will be implemented through the City¿s Planning and Community Development Department¿s Code Compliance Division. The Division¿s Compliance staff performs the inspections of properties to evaluate compliance with the City¿s Codes and Ordinances including zoning, housing and environmental standards and requirements. Properties that are found to be non-compliant are processed with proper notification to the owner and follow through to ensure compliance. After this due process, the Lot Clearance/Boardup/ Demolition Project will allow the City to contract the work on non-compliant properties to ensure the health, safety and welfare of the low-moderate income neighborhoods. Location ¿ Citywide LMI areas primarily from 1st to 61st Streets from Harborside and Avenues C and E to Seawall Boulevard and Avenue S/Stewart Road and other LMI areas. The low-moderate income areas are mostly located in Census Tracts: 7240, 7241, 7242, 7243, 7244, 7245, 7246, 7247, 7248, 7249, 7250,	1	CE	done	1		11/24/2009	Yes

2397	Community Development Fund, Recovery Act	Environmental Assessment - The CDBG-R program will provide assistance to the City of Chandler for a traffic-calming plan along Knox Road to improve the safety for pedestrians and bicyclists. The proposal included a raised crosswalk, bulb-outs, bike lanes, landscaped medians and defined parking areas. The City of Chandler has prepared this programmatic assessment (EA) of the Knox Road Traffic Calming Project (CDBG-R), Title XII of the 2009 American Recovery and Reinvestment Act (Recovery Act) that was signed by President Obama in February 2009. This programmatic EA implements the tiering process outlines in 24 CFR Part 58.15 which encourages agencies to tier environmental documents, eliminating repetitive discussions of the same issue and in intended to consider the targeted environmental impacts from CDBG-R program activities. Some activities may require subsequent site-specific reviews or checklists to fully comply with environmental regulations cited at 24 CFR Part 58. Chandler will distribute and utilize CDBG-R funds by engaging in the following activities within the identified area on Knox Rd. between Alma School Rd. and Arizona Avenue These programs meet needs identified	1	CE	done	1		8/24/2009	Yes

2623	Community Development Fund, Recovery Act	Marion - Downtown Slums and Blight Project - This project will further the implementation of a Town Campus Plan to ensure connectivity between anchor destinations and commercial sites (shopping, lodging, dining, etc.) in Downtown Marion through pedestrian way improvements, façade revitalization, and physical blight elimination. A significant activity will be the transfer of the Historic Marion School as well as renovations at the adjacent Smyth County Courthouse to include improved and expanded parking in Downtown Marion. By revitalizing Downtown Marion and initiating the adaptive reuse of the Historic Marion School Building as the Appalachian School of Music and Art, this project will play a significant role in the overall economic restructuring of Southwest Virginia. The tourism cluster in Southwest Virginia has been shown to be a driving force for economic restructuring, which will help maintain strong economies in the small, rural communities during difficult economic times. The project is expected to create 40 temporary construction jobs. - P.O. Box 1005, Marion, VA	1	EA	done	1		7/1/2009	Yes

2628	Community Development Fund, Recovery Act	City of Franklin - Business Incubator Build-Out - This project will expand an immensely successful business incubator program that has operated at capacity since it was initially opened. The Franklin Business Incubator has an existing waiting list for services and will quickly make use of additional space provided by this expansion. Currently, the Incubator is home to twenty-eight (28) businesses employing one hundred and twenty (120) individuals ¿ sixty-two (62) full-time and fifty-eight (58) part-time employees. The remaining part of the building will be built-out in order to accommodate up to eighteen (18) more businesses employing seventy-seven (77) individuals so that they operate in the City of Franklin and surrounding communities. The creation of this build-out will serve to maximize job creation and economic development benefit for not only the City, but also the region and Commonwealth of Virginia. The project is expected to create up to 77 new, permanent jobs in Franklin and the surrounding counties. It is also expected to create 15 temporary construction jobs. - 207 West Second Street, Franklin, VA	1	EA	done	1		11/17/2009	Yes

2630	Community Development Fund, Recovery Act	African-American Cultural and Heritage Facility - The creation of the African-American Cultural and Heritage Facility was a result of the COA African-American Quality of Life Initiative and in November 2006 Austin voters confirmed support of the Cultural Facility in the bond election in an amount of $1.5MM. This Facility is planned as the ¿anchor¿ facility for the newly established African-American Heritage District and is to house a Visitor¿s Bureau, Pro Arts Collective, Inc and Capital City African-American Chamber of Commerce. In May 2009, City Council approved an additional $550,000 in stimulus funding from the U.S. Department of Housing and Urban Development (HUD). Proposed additional funding is included in the City¿s 2010-2011 Action Plan budget in the amount of $2.2M. After public review of the conceptual design; documents are scheduled for completion September 2010. Environmental Tiered Review is underway and fund release for all activities with exception to rehab of historic structure is anticipated by December 27, 2010. Once building has been stabilized for human admittance, rehab drawings/specification will be completed and submitted to Texas Historic Commission (THC) for review and approval. 2664	Community Development Fund, Recovery Act	Mercy Housing Shepherd Home - A 70 bed long-term transitional residential facility for homeless men & women working toward self-sufficiency & permanent housing, operated by Mercy Housing & Shelter Corp (MHSC) in Middletown on the campus of CVH since 1988. Necessary improvements have been postponed due to a lack of funding, including upgrading the kitchen, an area of just over 200 sq. feet in which 210 meals per day are prepared and cooked. The current kitchen lacks space & surfaces for adequate food preparation & for post-prep of cooked food. By utilizing an adjacent room, the work area will expand fro 209 sf to a total of 489 sf and allow for separate food prep & cooking/post-prep areas - and more efficient, hygienic meal production. Improvements will benefit over 140 different homeless men & women during the 1st year and each year thereafter. Mercy's Director of Facilities planned the project in consultation with plumbing & electrical professionals, the Middletown Health Inspector and CVH authorities. - 112 Bow Lane, Middletown, CT	1	CE	done	1		12/1/2009	Yes		
2665	Public Housing Capital Fund, Recovery Act	Greene County ARRA Capital Fund Formula Grant - 201 units of Public Housing. Dwelling structures: Stabalize units/slab and footing. - South Prairie Ave, Eutaw, AL	1	CE	done	1			No

2670	Community Development Fund, Recovery Act	PeopleFund Center for Economic Opportunity - PeopleFund Center for Economic Opportunity facility will provide comprehensive services to local small businesses where the community can learn new financial skills and acquire much needed financing. The Center will also offer its affordable home program to low and moderate income homebuyers and will house affordable shared office space for small businesses. The Center will provide the needed investment for economic efficiency and long-term economic development. The Center will be located in a new transit oriented development, Chestnut Commons, within the MLK Station Area, where affordable transportation is central to providing easy access to those clients which have been critically impacted by the economic recession. The Center for Economic Opportunity's long‐term economic impact on the City/community will be a place where the community can gather to learn new skills, finance their business and purchase an affordable home. This project will create two (2) direct new jobs upon completion. The building will allow PeopleFund to continue to add new staff and jobs over time.	1	EA	done	1		9/25/2009	Yes

2716	Community Development Fund, Recovery Act	St. Vincent DePaul - St. Vincent DePaul Place operates the Soup Kitchen and the agency's administrative, outreach and housing support offices out of a facility at 617 Main Street. This facility is owned by the Diocese of Norwich but is maintained by St. Vincent DePaul Place. The Community Health Center (CHC) has a proposal to develop a new health care facility that would include their medical, mental health and dental clincs on a new site. If the CHC project is approved, CHC's medical facility at 625 Main Street would become vacant. St. Vincent DePaul Place would like to transfer the ownership of its current facility to CHC and recieve title to the CHC medical facility. This project would be contigent upon the approval of the CHC proposal and sufficient funding to cover the costs of renovation and relocation. We would vacate the 617 Main Street building and move our programs off the Main Street site to the property in the rear. This project will involve transforming the current medical building into a soup kitchen, with refrigeration, pantry, and offices. St. Vincent DePaul Place does not have the funds available to pay for a project of this scope and would require this CDBG funding to make the project viable. St. Vincent DePauil Place was founded in 1980 to meet	1	CE	done	1			No

2730	Community Development Fund, Recovery Act	Fries - Volunteer Fire Department Relocation Project - The Town of Fries is relocating the fire station as the cornerstone of the economic restructuring strategy the Town has developed. The revitalization strategy and Master Plan has been very community-driven and has the full support of the neighboring localities and the regional economic development entity. This strategy, which includes future revitalization efforts in the adjacent business district, centers upon heritage and ecotourism as the future for economic development for the Town. Development of these opportunities along the New River, with this site as a premiere outdoor recreation and business center, will help create a sustainable economic development anchor for the town and lead to a economic boost for the region by driving more visitors to this new destination. Revitalization of the site will provide a much needed boost for the Town and the region, a region that has been hard hit by the overall economic slowdown and by the closing of a number of manufacturing and textile-based industries that were once widespread through the area. The project is expected to create approximately 34 temporary jobs. - P.O. Box 452, Fries, VA	1	EA	done	1		7/10/2009	Yes		
2731	Public Housing Capital Fund, Recovery Act	Window maintenance and replacement - The project will be the replacement of all 75 units in the Homestead Apartments and also one patio door. 2937	Native American Housing Block Grant, Recovery Act	Lovejoy Estate Property - The Colville Indian Housing Authority plans to purchase property with future multiple-housing development planned. There will be no construction activity for at least two years. Pre-planning will consist of soils sampling, water sampling, and completion of the environmental assessment. Lovejoy Estate Project Description: Parcel No. 3427202003. The property is 20.0 acres in size, rectangular in shape, with five modest manufactured homes on site. The location is east shoulder of Omak-Riverside Eastside Road at Homestead Trailer Court approximately one mile east of Omak, WA. The property is found within the Colville Indian Reservation. The property is fee simple, a site-built garage and one manufactured home that has had its title eliminated. Four manufactured homes considered here are personal property that apparently have not had their titles eliminated. Topography: generally level to gently sloping. The northeasterly region of the site is slightly elevated and has been improved with the one manufactured home that has been attached to the site as real property.	1	EA	done	1		8/31/2009	Yes

3222	Public Housing Capital Fund, Recovery Act	Westpark Redevelopment - Redevelopment of a 1940's-era low income housing community which has been designated as a blighted area. Redevelopment converts the 83-acre site into a mixed-use, mixed-income, pedestrian-oriented community with modern infrastructure and well designed buildings parks and open space. As revised, the Westpark Redevelopment (also referred to as the Bay Vista Development) would contain 875 housing units in a mix of attached and detached types to accmodate a wide range of housing needs, including 190 units public housing. All existing units have been or will be demolished. Non-residential uses would include an 8-acre Village Center with commercial uses, plus additional commercial activities in mixed-use buildings and an office building. The existing community center would be demolished; some existing programs would be relocated on-site, and others would be shifted off-site. A new community center would be constructed. Parks and open space would comprise approximately 18 percent of the site's area, including a large community park and natural preserve. All existing utilities will be replaced, and all existing streets will be replatted. A new stormwater management system will include use of Low Impact Development techniques, including reduced street widths, pervious pavement, rain gardens, roof drains and infiltration of stormwater.	1	CE	done	1		1/7/2009	Yes

3272	Public Housing Capital Fund, Recovery Act	Columbia Center Revitalization - The award of funds will allow the acceleration of the comprehensive Planned Unit Development of the Columbia Center public housing project. This plan has been gradually implemented since 2001 due to limited funding. Transformation activities include demolition and renovation of existing obsolete units, the construction of new duplex units within the development. The targeted public housing project, which original consisted of 400 units on 40 acres, was built in 1942 and meets the definition of physical distress housing. The existing unit structures have outlived their useful life and the floor plans are outdated and inefficient. There are serious deficiencies in the original design (including but not limited to accessibility, kitchens, bathrooms and mechanical, electrical and plumbing systems). There is obsolescence of major systems, both building and site. The funds will allow us to help redevelop this development that is distressed and a blighting influence on the surrounding community. The surrounding community is a stable and well functioning community with proximity to retail stores, two hospitals, a health clinic, numerous parks/recreation facilities, an elementary, middle and high school, along with several universities, major transportation and	1	EA	done	1		12/7/2006	Yes

3352	Public Housing Capital Fund, Recovery Act	Westpark Redevelopment - Redevelopment of a 1940's-era low income housing community which has been designated as a blighted area. Redevelopment converts the 83-acre site into a mixed-use, mixed-income, pedestrian-oriented community with modern infrastructure and well designed buildings parks and open space. As revised, the Westpark Redevelopment (also referred to as the Bay Vista Development) would contain 875 housing units in a mix of attached and detached types to accmodate a wide range of housing needs, including 190 units public housing. All existing units have been or will be demolished. Non-residential uses would include an 8-acre Village Center with commercial uses, plus additional commercial activities in mixed-use buildings and an office building. The existing community center would be demolished; some existing programs would be relocated on-site, and others would be shifted off-site. A new community center would be constructed. Parks and open space would comprise approximately 18 percent of the site's area, including a large community park and natural preserve. All existing utilities will be replaced, and all existing streets will be replatted. A new stormwater management system will include use of Low Impact Development techniques, including reduced street widths, pervious pavement, rain gardens, roof drains and infiltration of stormwater.	1	CE	done	1		1/7/2009	Yes

3604	Community Development Fund, Recovery Act	King Center Renovation and Expansion - The Martin Luther King Jr. Community Center's programs and services (after school programming, workforce development, groups for aging adults, legal assistance medical services food cooperatives, summer youth programming, youth drug prevention, computer skills training, special events and festivals, volunteer activities, recreation and the building is used as a public resource for meetings or events) have evolved to meet the needs of the community. The buildings and grounds have not. Of particular note is the lack of programming space for youth. Despite the building's and neighborhood's shortcomings, there is very strong participation in all programming. The community has expressed a desire for program expansion based on a recent needs survey. King Center staff and Board members are currently raising funds to renovate the existing 10,000 square foot building and build a 12,000 square foot addition. The expansion will extend into open space that is currently used for the summer day camp program. - 630 9th Street, Rock Island, IL	1	EA	done	1		6/15/2009	Yes

3610	Community Development Fund, Recovery Act	Port Orange Adult Activity Center Facility Improvements - Port Orange Adult Center Facility Improvements leverages additional CDBG funding in the amount of $323,288. The Adult Center facility will receive structural improvements to the air conditioning system and capital improvements to the all-purpose room which is used for a number of daily activities for the City¿s seniors. Funds will be used to significantly improve the kitchen facilities currently used by the Council on Aging and Meals on Wheels for assembly and distribution of meals to seniors. Facility improvements also include creation of handicap accessible restrooms and other necessary retro-fits, providing greater opportunity for handicap and elderly citizens of Port Orange to participate in social, health and fitness and educational services provided at the facility. The City will also complete installation of high speed DSL cable for more effective network utilization by City staff, the Council on Aging and the general public. The improvements to this facility will provide an opportunity for the Council on Aging and Meals on Wheels to continue and possibly expand their services to the community, assisting low and moderate income senior citizens. - 4790 South Ridgewood Avenue, Port	1	CE	done	1		11/3/2009	Yes

3870	Public Housing Capital Fund, Recovery Act	Hubert Humphrey Senior Building - The Hammond Housing Authority will use the CFRC funds for Category 1 Elderly and/or Persons with Disabilities for the construction of two additions to the existing original structure of 119 units which are solely decidicated to the elderly and/or persons with disabilities. These newly constructed accessible and ADA compliant areas will provide office space, on-site banking services, library/community services room and a mailroom. Since the administration offices will be relocated to the main entrance area,the second non-dwelling area that will be inproved is the existing make-shift office space at the rear of the building. The project involves the modernization and improvement of this area to provide two room with dimensions of 19' x 19' for supportive services dedicated solely to the elderly and/or persons with disabilities. The work was scheduled for 2005, but was stalled due to lack of funding. The architectural drawings are complete and ready for bidding. The purpose of these improvements is to facilitate the committment of our on-site ROSS Senior Service Manager. This will attract and promote the coordinated delivery of supportive services by local service providers to residents who are elderly and/or	1	EA	done	1		12/7/2006	Yes

4476	Native American Housing Block Grant, Recovery Act	Pena Foundations Project - Mescalero Apache Housing Authority will rehabilitate 34 seriously substandard homs on the reservation that are occupied by low-income omeowners and tenants. The project focuses on an unusual and particularly severe houing problem faced by the tribe. The 123 units in the Pena subdiision were built into sloped grades and therefore portions ofthe house are upporte by wood pilings, or vertical framing, lumber girders, r horizontal framig that are structurally unsound. This problem has also led to chronic (and costly)aintenance problems due to freezing of the plumbim lines that run in chases under the expsed crawl areas. Outline specifcations, methodology, and costs have been calculated for founation epairs based on anngineer's analysis of 15 houses. The work to be completed will include completing the dawings and specifications for structural rpair, demolishing and removng the deteriorated lumber and construction of a new permanent concrete foundation, steel framing and concrete faced sheathing t enclose the open crawl area. In addition, the homes will meet HQS standards and the rehabilitation work will be completed as necessary to meet MAHA's green standards that are also applicale to this program. - P.O. Box 227,	1	EA	done	1		8/3/2010	Yes

4565	Community Development Fund, Recovery Act	Home Rehabilitation Program, CDBG and CDBG-R - The purpose of the City of Bellingham Home Rehabilitation Program (HRP) is to perform repair and rehabilitation of existing one to four family owner and tenant-occupied units located within the City of Bellingham's city limits. Annually, the HRP rehabilitates approximately 25 units of housing occupied by low- to moderate-income households using approximately $270,000 in CDBG funds and $154,078 in CDBG-R funds. In this Tiered Review the first tier is a broad area-wide statutory review of the HRP. The City of Bellingham has identified laws and authorities that it has determined will not be triggered by the HRP projects. These laws and authorities include: Coastal Zone Management Act of 1972, the Wild and Scenic Rivers Act of 1968, the Clean Air Act, the Farmland Protection Act of 1981, Sole Source Aquifers (The Safe Drinking Water Act, 40 CFR Part 149), Airport Clear Zones and Accident Potential Zones (24 CFR Part 51D), and the Explosive and Flammable Operations Standard (24 CFR Part 51D). The tiered review of the HRP was reviewed to include the CDBG-R funding. - City of Bellingham, Planning and Comm Development Dept., 210 Lottie Street, Bellingham, WA	1	CE	done	1		4/6/2011	Yes

4758	Native American Housing Block Grant, Recovery Act	East Kapolei II - East Kapolei II is a 374 acre master planned community located in the Ewa Plains of O¿ahu that will yield approximately 1,000 single family homes, 1,300 multi-family rental units, an elementary school, a middle school, recreational parks and a community center when completed. Approximately 20% of infrastructure costs for the single family homes in East Kapolei II will be funded with Native Hawaiian Housing Block Grant or American Recovery and Reinvestment Act funds. Of the 1,000 East Kapolei II units, approximately 200 units will be reserved for NAHASDA eligible households. East Kapolei II is a multi-year, multi-increment development project and the ARRA funds will be focused on infrastructure improvements for East Kapolei II, increments B & C. House construction for East Kapolei II is expected to begin in 2011 and should run through 2017. The project¿s major types of activities are on and off site infrastructure construction, consultants, house construction loans or down payment assistance grants, self-help technical assistance, and utility fees. - Ewa, Oahu, Ewa, HI	1	EA	done	1		12/9/2009	Yes		
4759	Community Development Fund, Recovery Act	Housing Rehabilitation - Energy Efficiency Small Repair program,an extension of the Housing Rehabilitation Program, to assist Low to Mod Income homeowners through this small repair program. The program is under tiered review as sites are undetermined at this time; site-specific reviews will be conducted, completed prior to implementation of repair, and located per individual file. The City previously completed a tiered review under its 2008 plan housing rehabilitation program, strategy for unspecified sites for single family rehabilitation, with funding supported by its Community Development Block Grant (CDBG) funds. Upon a secondary review,the proposed CDBG-R program activities do not involve substantial changes in the nature, or extent of housing rehabilitation activities previously approved under the City of McKinney¿s CDBG Program and previously reviewed as a part of the referenced tiered review for unspecified sites. - 314 S. Chestnut Street, McKinney, TX	1	CE	done	1		12/30/2009	Yes		
4760	Native American Housing Block Grant, Recovery Act	Rehabilitate Homes - We have updated 10 homes so far in many areas, such as new roofs on older units, added porch coverings. Our senior center has had an elevator installed to ensure those in wheelchairs access to the basement for severe weather. We are also in the process of updating our boiler system on the senior center. Have plans to install 100 new programable thermostats in our rental units to help save energy. We are in an on going process of installing new humidistat fans in the bathrooms of many homes to help with ventalation and prevent mold issues as well as adding needed insulation to help reduce energy costs for the tenant. - 3265 IndianSettlement Rd., Crandon, WI	1	CE	done	1			Yes

4764	Community Development Fund, Recovery Act	Streetscape Improvements - Streetscape improvements which may include crosswalks, curbs, benches, planters, lighting,signage and trash receptacles. - 6th-7th at Northampton, PIne St., Easton, PA	1	CE	done	1		10/16/2009	Yes		
4765	Public Housing Capital Fund, Recovery Act	LA48S027501-09 - Completely gut and renovate six two bedroom units which includes new kitchens, bathrooms with showers, bedrooms with large walk in closets and storage areas,and living room with storage areas under the stairs and central heating and air co nditioning units. - 325 North st., New Iberia, LA	1	CE	done	1			No		
4766	Community Development Fund, Recovery Act	Roof/Envelope Program - The program will focus greatly on exterior repairs of existing occupied housing units. The program wil also involve limited interior repairs and the program funds will benefit low to moderate income households and individuals. - Scattered site program, Toledo, OH	1	CE	done	1		10/13/2009	Yes		
4767	Green Retrofit Program (Grants) for Multifam Housing - Recov Act	The Moorings - The project is a 200 unit multi-family apt complex. - 8491 Old Spanish Trail Road, Oensacola, FL	1	CE	done	1		6/2/2010	Yes		
4768	Community Development Fund, Recovery Act	Park East Road Reconstruction - The proposed activity involves the reconstruction of streets and roadways in the low to moderate income eligible Park East Neighborhood, Census Tract 608.00 and Block Groups 1, 5, and 6, all of which exceed the 51% low to moderate income requirement according to the 2000 Census. The Park East Neighborhood is the primary location associated with the City¿s Neighborhood Stabilization Program and has been hit particularly hard by foreclosures. The street reconstruction will ensure that the City¿s strategy of improving this neighborhood continues as does its commitment to assisting those most impacted by the recession. The state of the current street system in this neighborhood requires rehabilitation and over the years it has begun to deteriorate. With this activity, the City will invest in its current transportation system by improving the streets in the most impacted neighborhood in the City. The activity directly minimizes reductions in essential services, as roads are essential to all communities. The construction industry in Florida has been especially hard hit by the recent economic downturn. This much needed road resurfacing project will stimulate jobs in the construction industry. The City anticipates that this	1	EA	done	1		5/7/2009	Yes

4773	Community Development Fund, Recovery Act	Lincoln Boulevard Reconstruction - The Lincoln Boulevard Reconstruction Project has been in the planning phase since 2004. The road length is approximately 1,900 linear feet and is a main East-West connector in the Village of Kenmore. The road links both Elmwood and Delaware Avenues and connects the main municipal building, the police station, and a neighborhood park. It has been considered a multi-year project under the regular CDBG program from 2004-2009. Funds have been allocated in each of those program years to help pay for the reconstruction of all new underground utilities, road resurfacing, sidewalks, and landscaping. The total estimated cost for the project is $2.2M. Engineering for the project is complete and the bids have been received for the construction of the entire road length during 2009 and 2010 at a cost of $1.7M. The total regular CDBG funds to be spent on the project equal $1,083,819.78. CDBG-R funds equal $101,024. The $600,000 shortfall will be paid through municipal bonds. The economic impact of the CDBG-R funds may be calculated at a .058 ratio of the overall project cost. This activity meets the requirements of Title XII of	1	EA	done	1		5/19/2009	Yes

4947	Community Development Fund, Recovery Act	City of Santa Maria Fire Station No. 3 Construction - The City's Fire Department provides all risk emergency services, as well as public education programs, fire prevention, and life safety measures to the City's residents. The City is divided geographically into fire management zones and each zone is assigned to a fire company officer. Each company officer is tasked with fostering positive working relationships with business and residential customers within their respective zones. This is accomplished through proactive contacts in a non-emergency atmosphere. These services support the Fire Department's mission of effectively preserving lives and protecting property. Based on the geographic expansion and new residential development that has occurred particularly in the northern area of the City over the last few years, the City's Fire Department has seen an increase in the number of calls for service in that area. In particular, in 2008 the northwest area had the highest call volume of all other areas with 3,530 calls (40 percent) of the total 8,841 calls for the entire City being from that area. Of those calls, 110 were fire, 2,628 were emergency medical service, and 792 were of another nature. The proposed project involves the construction of a	1	EA	pending		1		No

4958	Community Development Fund, Recovery Act	Family Resource Center Sub-roof replacement - The Fremont FRC co-locates 27 State, County, City and non-profit agencies under one roof to better provide coordinated social services to needy families and children. The mansard sub-roof that covers this core community facility is in disrepair, threatening the long-term viability of the structure. The tiles are slipping and some have fallen off onto the parking and walkway areas. This project will repair the substructure that supports the roof. Thisproject is being recommended for CDBG-R funding because it meets the project criteria. And the City is not able to finance these projects on its own, and other sources of funding are not available. - 39155 Liberty Street, Fremont, CA	1	CE	done	1		8/24/2009	Yes

5073	Native American Housing Block Grant, Recovery Act	Oneida Tribe of Indians of Wisconsin Amendment Grant - This is an update on the 32 home stimulus grant for July 1, 2010-September 30, 2010. During these months we worked on 6 units and are currently workin on 1. We did one unit with metal roofing due to an emergency and the rest of the units work consis of insulating with foam: windows, box sills, interior basement walls. We foam all the penetrations in the attic to separate the attic from the living areas of the units. Change bathroom fans and ducting them to the outside. We have been starting to add dehumidifiers to the basements also. Energy efficient shower heads are being installed. We also change the smoke alarm to a carbon monoxide/smoke alarm combo throughout the house if it has not already been done. With work listed above we have 15 out of the 32 homes completed. In the three months we have 1558.75 man hours which totals $36,858.64 in payroll and $11,756.06 in materials and supplies. - Various sites within the Oneida Reservation boundaries, Oneida, WI	1	CE	done	1			No

5170	Public Housing Capital Fund, Recovery Act	Housing Authority of Savannah ARRA Capital Fund Competitive Grant - Reducing energy consumption in Frazier Homes will focus on two primary areas: 1) Preventing the infiltration of undesired air and heat through improvements to the building envelope and 2) Reducing energy consumption of lighting, HVAC and water heating. To reduce infiltration of undesired air and heat, weatherization retrofits will include replacement of single pane glass windows with Low-E double pane insulated windows with foam sealing around the perimeter. Windows will have a U-value and solar heat gain coefficient (SHGC) of &lt.35. Attic insulation will be increased to R-38 from existing conditions of roughly R-11 by blowing in low-emitting cellulose insulation over the existing fiberglass batts. Additionally, blower door testing will be performed to identify air leaks in the building envelope which will then be sealed with spray foam and/or low-VOC caulk. Energy conservation retrofits will include replacing the standard incandescent type lighting fixtures with compact fluorescent fixtures. This will cut lighting loads (and the associated heat gains) by nearly 70%. Additionally, the existing air source heat pumps will be replaced with 14 SEER heat pumps with variable speed	1	EA	done	1		2/26/2010	Yes		
5171	Community Development Fund, Recovery Act	Administration and Planning Costs - Eligible costs incurred in the planning and administration of eligible CDBG-R activities including, but not limited to, staff salaries and employee related costs, developing the Substantial Amendment to the FY2008 Annual Action Plan for CDBG-R activities; and preparing and executing agreements/contracts with subrecipients; overseeing construction; monitoring Davis-Bacon Act compliance; reporting accomplishments and project data, finance and accounting activities, and program supervision. - 234 N Central Avenue, 3rd Floor, Phoenix, AZ	1	CE	done	1			No

5207	Community Development Fund, Recovery Act	34 Morton Avenue Rehabilitation Project - 34 Morton Avenue is an abandoned three story building with two residential units over a commercial storefront. It is emblematic of the two-block stretch of Morton Avenue, where over 50 percent of the buildings are abandoned, and of the South End, which contains many of the over 800 abandoned buildings in the City of Albany. The building was recently foreclosed upon by Albany County and transferred to the Albany Housing Authority as part of an ongoing effort to eliminate blight and stimulate reinvestment. Pursuant to the Capital South Plan, the Authority and its developer partner, Omni Housing Development, LLC, already have developed 52 units of affordable housing and anticipate funding for another 43 units, many of which will be in abandoned buildings on Morton Avenue. AHA and Omni intend to rehabilitate 34 Morton Avenue in a similar manner, using CDBG stimulus funding leveraged with other resources provided by the City, such as lead abatement, weatherization, and training funding. The project will be used as a demonstration project for utilizing residents from the local community [Section 3]. In addition to two units of affordable housing, the Authority will work with the South End Action	1	CE	done	1		7/26/2010	Yes

5324	Public Housing Capital Fund, Recovery Act	Housing Authority of Savannah ARRA Capital Fund Competitive Grant - Fred Wessels Homes - Reducing energy consumption in Fred Wessels Homes will focus on two primary areas: 1) Preventing the infiltration of undesired air and heat through improvements to the building envelope and 2) Reducing energy consumption of lighting, HVAC and water heating. To reduce infiltration of undesired air and heat, weatherization retrofits will include replacement of single pane glass windows with Low-E double pane insulated windows with foam sealing around the perimeter. Windows will have a U-value and solar heat gain coefficient (SHGC) of &lt.35. Attic insulation will be increased to R-38 from existing conditions of roughly R-11 by blowing in low-emitting cellulose insulation over the existing fiberglass batts. Additionally, blower door testing will be performed to identify air leaks in the building envelope which will then be sealed with spray foam and/or low-VOC caulk. Energy conservation retrofits will include replacing the standard incandescent type lighting fixtures with compact fluorescent fixtures. This will cut lighting loads (and the associated heat gains) by nearly 70%. Additionally, the existing air source heat pumps will be replaced with 14 SEER heat pumps with variable speed	1	EA	done	1		2/26/2010	Yes		
5325	Lead Hazard Reduction, Recovery Act	Healthy Homes Demo - Delivery of asthma control features, family education - 5 Boothby Circle, Randolph, MA	1	CE	done	1			Yes
