5452	Community Development Fund, Recovery Act	Housing Market Analysis - The Housing Market Study would be a detailed analysis of the current housing stock and would identify needs for future housing. The study would also show how Baytown¿s available housing compares to other cities in the Houston metropolitan region. This type of analysis has never been conducted in Baytown. The Consolidated Plan includes a cursory review of housing based on out-dated census information, but a more in-depth study will provide a clear assessment of housing needs (single family and multi-family), foreclosure trends, gaps in available housing market, and help identify opportunities for future housing development. Data gathered in such a study would also provide guidance to draft policies for housing and neighborhood redevelopment. As more federal funding is becoming available for neighborhood revitalization efforts, the Housing Market Study would help Baytown take advantage of these opportunities. The estimated budget will not exceed $22,032. The required procurement process for consultant services would be used to secure this product as per 24 CFR 85.36. The use of CDBG-R funds for the Housing Market Study is consistent with Baytown¿s major five-year housing and community development needs and objectives, as identified in the current Consolidated Plan. This plan will employ four out of seven priorities below:	1	CE	done	1		11/2/2009	Yes		
5453	Public Housing Capital Fund, Recovery Act	Apartment and Building Refurbishing - Painting and surface repair in apartments and hallways at 8 sites: NY0460001 Newbridge Gardens,Levittown; NY0460003 Centennial Gardens, Roosevelt; NY0460004 Bayview Gardens,Inwood; Inwood Gardens, Inwood; NY0460005 Brookside Gardens, Baldwin; NY0460006 Mill River Gardens, Oceanside;NY0460007 Bellmore Gardens, Bellmore; NY04600011 Salisbury Gardens, Westbury - 760 Jerusalem Avenue, Uniondale, NY	1	CE	done	1		9/15/2009	Yes

5492	Public Housing Capital Fund, Recovery Act	Legacy Heights Apartments - The Funds will be invested as leverage in a Green Communities project. The project - Legacy Heights - will provide 64 rental, public housing, units for low and very-low income households. The project will be constructed on the demolished Wooddale Park public housing site located in Alexandria, Louisiana. The expected outcomes of the proposed Green Communities project include: the development of an energy effecient community which will generate resident and PHA enery savings; a reduction in Green House Gas emissions attributable to the energy consumption of the project; significant water conservation measures on-site, and; the creation of connections to neighborhoods and green space. In addition, the construction of the project will be tied to specific job creation and economic opportunties for low and very-low income persons through an ongoing partnership with the Rapides Business and Career Solutions Center. The center will partner with the Recipient to provide youth employment opportunities, work experiences and other activities that expose youth to "green" education and career pathways through the project. - 2855 Loblolly Lane, Alexandria, LA	1	EA	done	1		1/18/2010	Yes

5504	Public Housing Capital Fund, Recovery Act	Belding housing Commission 2009 ARRA Capital Fund Program - Repair and replacement of roofs at three elderly housing developments, encompassing 110 units. - 41 Belhaven Street, Belding, MI	1	CE	done	1			No		
5505	Community Development Fund, Recovery Act	Sidewalk and Alleyway Reconstruction Program - The Sidewalk and Alleyway Reconstruction Program would provide over 8,000 linear feet of infrastructure improvements in the CDBG target areas. The Public Works Department crews will survey the needs and determine the scope of work for each site. Based on preliminary surveys within the target areas, the Public Works Department estimates a budget of $200,500. The use of CDBG-R funds are for materials only. The Public Works Department utilizes in-house labor to stretch the limited CDBG dollars and provide maximum improvements in the low to moderate income neighborhoods. The use of CDBG-R funds for sidewalk and alleyway reconstruction is consistent with Baytown¿s major five-year housing and community development needs and objectives, as identified in the current Consolidated Plan. This substantial amendment employs the listed priority of providing essential infrastructure improvements. Title XII of Division A and Section 1602 of ARRA stresses that grantees shall give priority to projects that can award contracts within 120 calendar days of funding and uses funds in a manner that maximizes job creation and economic benefit. Further, Section 1602	1	CE	done	1		11/2/2009	Yes		
5506	Native American Housing Block Grant, Recovery Act	'37 Act Modernization - Project will address health, safety, energy conservation, and weatherization issues. Work will consist of: re-roofing units as needed; replacing water heaters, furnaces, & evaporative coolers; improve attic insulation; replace kitchen appliances; replace broken or fogged windows; check plumbing and replace supply valves, connections, faucets; replace water closets with water saver types; check electrical systems, replace and repair light fixtures, switches and outlets as needed; add bathroom and utility room exhaust fans, smoke detectors, GFI outlets, and convert to florescent bulbs and fixtures where possible. - Bishop Indian Reservation, Bishop, CA	1	CE	done	1			No

5673	Green Retrofit Program (Grants) for Multifam Housing - Recov Act	Dillon Hall - Dillon Hall is a 72-unit elderly affordable residential property in the Burke Acres neighborhood of Kalamazoo, Michigan. The project was originally constructed in 1964 as a college dormitory and underwent significant renovations in a 1978 conversion to an elderly affordable residential facility. Structures on the property consist of: Five-story masonry apartment building that is one wing of a larger masonry building and houses 72 apartment units; Enclosed wood-frame gazebo building constructed slab-on-grade; Lawn maintenance garage/shed of wood-frame construction on concrete floor slab; A wood-frame storage shed on the adjacent property is used by this facility to store gardening tools. The site is located in the Burke Acres neighborhood, at the northeast corner of Kalamazoo, Michigan, and consists of an approximate 3.2-acre parcel of land located on the north side of Gull Road. The site can be accessed from Gull Road and Nazareth Road via a private drive owned and maintained by the adjacent property owner. Access to the property is provided at the east and west ends of the main parking area from the private drive. Properties in the immediate vicinity of the subject property include physical and mental health office facilities, as well as religious, nursing home and retail facilities.	1	CE	done	1		6/18/2010	Yes

5749	Public Housing Capital Fund, Recovery Act	Amory - Create a comprehensive services center for frail elders at its Amory Street Elderly/Disabled development. These CFRC funds coupled with $203,136 of leveraged funds and $1,976,200 of matched funds will enable BHA to renovate an existing 10,000 square foot community and office space into a full-service Center serving the needs of BHA frail elders and people with disabilities who are over the age of 55. The Center will be operated by Upham¿s Corner Health Center¿s Elder Service Plan-PACE (Program of All-inclusive Care for Elders) (UESP ¿ PACE)-a community-based, comprehensive initiative providing medical, adult day health and supportive care for frail elders. The program allows elders to remain living independently in the community, rather than in a nursing home. As elder residents age, many face increasing need for coordinated, comprehensive supportive care while their physical and cognitive abilities and monetary resources are decreasing. Too many elders face unnecessary hospitalization, emergency room visits and permanent nursing home placement, when positive options such as the BHA-Upham¿s Corner PACE collaboration can help them continue to age in place - 125 Amory Street, Boston,	1	EA	done	1		10/28/2009	Yes

5801	Green Retrofit Program (Grants) for Multifam Housing - Recov Act	QLS Meadows, Inc. - QLS Meadows is a 94-unit elderly, affordable residential property in the south west area of Atlanta, Georgia. The buildings were originally constructed in 2000. Structures on the property consist of: Five single-story apartment buildings, four of which have 20 units and one with 14 units; A club house with office space, men¿s and women¿s ; bathrooms, a meeting room and a kitchen; A maintenance storage shed is located behind the club house. Access to the property is gained from Continental Colony Parkway through motorized entrance swing gates which are controlled by a security code system. The pavement consists of 55,960 square feet of asphaltic pavement with 124 standard and 8 handicapped parking spaces spread out around the building entrances. This property is built in a wooded area of south west Atlanta. The perimeter of the 15.02 acre property is surrounded by trees and is bordered by a creek. There are bushes planted around the buildings which also shield the view of the air conditioning condensers. The buildings consist of wood stick-built construction built on slab on grade. The roof framing consists of 2x4 wooden trusses. The exterior walls are covered by a brick veneer knee wall and vinyl siding above the knee	1	CE	done	1		7/6/2010	Yes

5824	Public Housing Capital Fund, Recovery Act	ARRA Capital Grant Fund Project - Norton Manor project consist of the modernization and merging of 143 (0, 1 and 2) bedroom units into 109, 1 and 2 bedroom units; 12 of which are handicap accessible. After the successful solicitation and award of contract Phase 1 of this project was completed November 4, 2010. Phase II is anticipated to be complete May 20, 2011. Originally, there were several small scale projects slated for these ARRA funds. However, YMHA chose to implement the replacement of senior builing generators after consultation with YMHA residents and the revision of YMHA's Annual Plan. The smaller projects mentioned in previous reports were moved to non- ARRA capital funds. After the successful solicitation and award of contract, new upgraded generators have been installed at Amedia Plaza, Gutknecht Tower, Norton Manor, Vasu Manor and Struthers Manor. This project is slated for completion upon receipt of final close out documentation. - 131 W. Boardman Street, Youngstown, OH	1	EA	done	1		2/12/2010	Yes

5872	Community Development Fund, Recovery Act	HOPE House HVAC upgrade - Hope House is owned and operated by Christian Ministries, Inc. and provides emergency housing for single women with children. ? ? During the 2008 heating season, Hope House had almost weekly service calls to repair the antiquated heating system. Although a local HVAC contractor donated his services to Christian Ministries, he estimated the market value to be $5,000 in repairs to the existing system in the past year. When the furnace was not operating, Hope House used portable heaters, which is expensive and inefficient, and they often had to arrange alternate housing for Hope House residents because the temperature would drop below 50 degrees. ? ? This project will remove three existing furnaces and provide 2 new rooftop HVAC units and one high-efficiency furnace. Energy efficiency for the heating system will improve from 65% to 90%; cooling will improve from 8 SEER to 13 SEER.? ? The building is located in the Emily Kimbrough Historic District, listed on the National Register of Historic Places and the project will adhere to the Secretary of the Interior¿s Standards for the treatment of historic structures. - 608 E. Main Street, Muncie, IN	1	CE	done	1			Yes

5911	Community Development Fund, Recovery Act	Lester Street Sidewalk Project - GOAL: Provide a safe walkway for residents on a main thoroughfare through the neighborhood. The street is a main stop for school busses and will provide added safety to school children. The installation of sidewalks, street crossings and removal of ADA impediments creates accessible connections to jobs and services in the neighborhood. New sidewalk construction consisting of curb, gutter and sidewalk along both sides of Lester Street from Russett Avenue to Crystal Avenue (approximately ½ mile). Environmental letters have been sent and responses are expected by June 1, 2009. Once the CDBG-R funds are made available, West Valley City Public Works will begin the project, and construction can be completed by November. The project includes the construction of curb, gutter and sidewalk along both sides of Lester Street (1585 West) from Russett Avenue (2830 South) to Crystal Avenue (2590 South). The project will provide a continuous sidewalk route, consisting of approximate quantities of 1605 LF of curb and gutter and 6-foot sidewalk; 12 ADA pedestrian access ramps; 12 driveway and landscape tie-ins (approx. 3,000 SF). - 1585 W Lester St to 2590 Crystal Avenue, West Valley City, UT	1	CE	done	1			No		
5912	Community Development Fund, Recovery Act	Deconstruction Training Program - In an effort to recycle valuable building components as part of its CDBG- and NSP-funded demolition program, the City will implement a pilot program to train local contractors and laborers to deconstruct houses. Two training programs will be conducted: 1) Using CDBG and NSP clearance funds, the City will contract with an experienced deconstruction specialist with an existing curriculum to teach contractors the art of building deconstruction; 2) Using CDBG-R funds, a deconstruction specialist will teach formerly incarcerated and other low- and moderate-income persons the skills necessary to perform deconstruction work, thus improving marketability to contractors. Instruction will involve both classroom work and on-site, hands-on deconstruction of a blighted structure. The deconstruction training program will be developed in conjunction with Work One (the state¿s workforce development agency), the City¿s Weed and Seed/Community Corrections agency, Habitat for Humanity, and professional consultants who have expertise in building deconstruction and an established deconstruction training curriculum. The deconstruction process recycles building materials, thus reducing the tonnage accumulating at the landfill,	1	CE	done	1			No

5935	Green Retrofit Program (Grants) for Multifam Housing - Recov Act	Kivel Manor - Kivel Manor is a building for Seniors located in Phoenix, Arizona. The approximate 4.0-acre site is situated on the east side of North 36th Street, approximately 7 miles east of downtown Phoenix. The overall site has 3 buildings remaining as ¿Kivel Campus of Care¿, including Kivel Manor, which is the only building addressed in this report. Kivel Manor East and Kivel Manor West have been reviewed on other GRPCA reports. The adjacent nursing home area has been sold and is being torn down at this time. Kivel Manor includes two 4-story buildings with a one story attached common area between the two buildings. It should be noted that the two 4 story buildings are called East and West wings. A total of 120 apartment units are provided. In 2005 the building had extensive renovations completed, which modified 30 existing units to make them Assisted Living compliant Units. The Assisted Living units are all located on floors one and two in the west wing. In 2005 these two floors and common areas had asbestos abatement and had a fire sprinkler system installed during the renovations. The remaining units still have asbestos containing materials in the units and hallways. All apartment units are accessed from interior corridors. Amenities include common laundry facilities on each floor, two dining areas	1	CE	done	1		6/30/2010	Yes		
5936	Community Development Fund, Recovery Act	AWAIC - This project uses CDBG-R funding to provide energy efficiency and health and safety improvements to the Abused Women¿s Aid in Crisis (AWAIC), a 52 bed emergency shelter for victims of domestic violence located at 100 W. 13th Ave., Anchorage, AK. The goal is to increase the building¿s efficiency between 10-15%, saving AWAIC between $4,000 to $5,000 per year in utility costs - 100 W 13th Ave, Anchorage, AK	1	CE	done	1			No

5948	Public Housing Capital Fund, Recovery Act	baxter park - The first phase of this development will be comprised of 90 mixed income rental units on 3.5 acres, to include 32 public housing units. The new Baxter Park plan includes a mixed use, mixed income neighborhood that vigorously connects to the surrounding assets of the area: Washington Park and the historic James Street District to the east, New Jersey Institute of technology to the south, and the future development of Orange Street to the north. The central vision of the rejuvenated Baxter Terrace is the creation of a grand outdoor space at the heart of the new neighborhood. The new Baxter Park will give residents and visitors a recognizable and memorable open space with a variety of activities on paved and natural surfaces. The Park will bring a diverse population together in a grand and gracious public outdoor room. The central north/south spine of the Park is designed as a promenade with benches and central water feature that flank broad walking paths. This axis aligns with the pedestrian gateway to New Jersey Institute of Technology across Central Avenue and plugs into their public green adjacent to their student center. The cross axis, east/west, aligns with the historic James Street District and terminates in Washington Park on Broad Street and connects to the	1	EA	done	1		8/28/2008	Yes

6397	Community Development Fund, Recovery Act	Hemet Area Senior Services Center - The County will funds to pay for costs associated with the construction (Conversion/renovation) of a 13,000 square foot facility located in the City of Hemet. The new facility, to be located in an existing commercial building, will replace the existing 8,000 square foot Hemet Senior Services Center. The existing Center can no longer provide adequate and functional space for the essential services needed by seniors in the mid-county region. The project includes the conversion and renovation of a vacant, 13,248 square foot, County-owned commercial building (former Smart and Final). This renovated facility will provide space for employment, counseling, referral, and veterans¿ services. The reconfigured interior will include conference and meeting rooms, waiting areas, offices, storage space, restrooms, activities areas, a break room, as well as electrical and plumbing improvements. The exterior of the building will be redesigned to provide a modern façade. Other exterior improvements include parking, vehicular and pedestrian flow, landscaping, outdoor activities, drainage, signage, and other improvements. Further, the modernization and renovations to the structure will incorporate energy efficiency and water	1	CE	done	1		4/7/2010	Yes

6455	Community Development Fund, Recovery Act	FIND Regional Food Distribution Center - CDBG-R funds will be used by the County and its sub-recipient, FIND Food Bank, Inc., a non-profit organization, for improvements and upgrades to FIND¿s 36,000 square foot regional food distribution center located in Indio, CA. Improvements include the construction/installation of fixed racking, in-ground scales, and other facility upgrades. The upgrades to this new facility will provide FIND with modern, energy efficient, and properly designed food distribution center that serves other non-profits, shelters, food banks, and other emergency food centers throughout eastern Riverside County. The new facility is located in close proximity to Interstate 10 allowing for greater access; the in-ground scales will expedite the weighing and distributing of food supplies; and the new layout and racking systems will significantly improve inventory control, safety, and product flow. - 83-775 Citrus Avenue, Indio, CA	1	EA	done	1		10/10/2009	Yes		
6456	Community Development Fund, Recovery Act	Home Gardens Community Sidewalk & Pedestrian Safety Improvements - CDBG-R funds will be used by the County of Riverside to pay for costs associated with the design, engineering, and construction of approximately 3,000 lineal feet of sidewalk, ADA accessibility, curb, gutter, and ancillary improvements to portions of Indiana Ave, Neece Street, and Brotherton Street in the unincorporated community of Home Gardens. The improvements will benefit an established residential area that has a low/moderate-income percentage of nearly 70%. These improvements will provide immediate benefits to pedestrians, disabled persons, and motorists in this portion of Home Gardens. The improvements will provide secondary benefits including managed drainage and storm water runoff, PM10 (dust) mitigation, vehicle parking, and increased property values. This project has been selected for CDBG-R funding because it is anticipated that the activities can be started and completed expeditiously. It is expected that work can be initiated within 120 days of the date that the CDBG-R funds area made available to the County. However, there will be some factors that may delay the project implementation including right-of-way and utility relocation. The RFP for the design and	1	CE	done	1		9/9/2009	Yes

6470	Home Investment Partnership Program, Recovery Act	La Terraza Apartments - La Terraza is a 72 unit apartment complex proposed for a 3.47 acre site in Farmington, NM. The complex will consist of 9 two-story 8 unit buildings, offering spacious garden-style apartments designed for medium to large families. The complex will have 32 two-bedroom apartments with 894 SF of living space and 40 three-bedroom apartments with 1,154 SF of living space. There will be 18 units set-aside for persons with physical disabilities. Every apartment will have a breakfast bar, dining room, living room sliding glass opening to a private patio, exterior bulk storage, high efficiency HVAC units, vertical blinds and individual washer and dryer hookups. Buildings will be southwestern style with arched accents and low pitched shingled roofs and the exterior troweled stucco of one shade with areas of a second accenting color. Grounds will be xeriscaped and utilize a fully automatic irrigation system. A clubhouse and a recreational area with playground equipment and a half-court basketball area have been proposed. Additional amenities include a community garden for use by the residents and a central mail center. La Terraza¿s location makes it convenient to nearby resources such as grocery stores, medical services and	1	EA	done	1		12/9/2009	Yes

6577	Home Investment Partnership Program, Recovery Act	Cornerstone Apartments - This project is a housing and neighborhood revitalization partnership between the City, Cornerstone of Topeka, R & J Investment Group Inc., and the Kansas Housing Resource Corporation for the construction of ten duplexes, twenty housing units, in the eastern part of the City with a projected cost of approximately $2,899,470. 00. With final approval, the City of Topeka shall be supplying $101,500.00 of CHDO set-aside funds for new construction. No more than eleven of the housing units will receive direct federal funding. The proposed project site is undisturbed agricultural property and will be purchased and owned by Cornerstone of Topeka, Inc. This site does not currently have an assigned address on SE 13th Street but has a recorded property ID Number of 132403017004000. The site is approximately 3 acres in size. The northeastern edge of the property begins at the southwestern corner of SE 13th Street and SE Long Street. Long Street is a yet to be developed as a street east of the proposed project site but is an existing street on the north side of SE 13th. The units are approximately 860 feet from access to public transportation and within approximately 380 feet of Interstate 70. Because of the proximity to the interstate, sound attenuation is required and will include the construction of six foot high concrete block	1	EA	done	1		1/7/2009	Yes

6645	Community Development Fund, Recovery Act	Board of health Urgent Housing Services - Franklin County as a U.S. Department of Housing and Urban Development (HUD) entitlement Urban County has been awarded $488,455 in Stimulus CDBG¿Recovery Program Funding under the American Recovery and Reinvestment Act of 2009 (ARRA). The intent of the CDBG Recovery program is for communities to invest the program proceeds into economic development, housing, infrastructure and other public facilities activities that will quickly spur economic investment, increased energy efficiency, and job creation or retention. Under this resolution the County will allocate $240,000 to the Board of Health to expand its urgent repair homeowner rehabilitation program which assists homeowners facing the possibility of being evicted from their homes by repairing failed systems within their residences (systems such as furnaces, electrical, roofs and structural issues.) The Board of Health manages the program including applicant intake, specification writing, bidding and the contract management aspects of the program. The cost of each collective household improvement is limited to $6,000.00 which is provided to the homeowner as a grant.	1	CE	done	1		7/16/2009	Yes

6682	Home Investment Partnership Program, Recovery Act	House to Home - House to Home is a single-family affordable rental housing development consisting of 20 homes located in the central core of Kansas City, Wyandotte County. Each home will have three bedrooms (1,300 square feet) and will include standard amenties. In addition, tenants will be provided home maintenance, homeownerownership and financial literacy classes to enable them to eventually become homeowners. The homes will be built on multiple sites located in an area bounded by Orville on the north, 10th on the east, Central on the south and the alley between Valley and Thorpe, Kansas City, Kansas (Census Tract: 421). The homes will be built on vacant infill parcels. The existing conditions of the project area are single-family homes, a commercial corridor on Central and a Medical Office building in the middle. Most of the single-family homes are deteriorating and are surrounded by vacant pieces of land. The majority of the land is held in the Land Bank. If the area were to continue without the project, it would just become older and more dilapidated. Most of the homes were built in the early 1900's and have not had much upkeep. Most families in this area are low-income families and cannot afford to fix up their homes.	1	EA	done	1		10/8/2009	Yes

6851	Home Investment Partnership Program, Recovery Act	Hilltop Terrace - The Hilltop Apartments are an Acquisition / Rehabilitation of an existing 39 unit affordable housing development in Valencia County (2009 High Priority Geographic Area). The last rehabilitation was undertaken in 1988 as a Section 42 Low Income Housing Tax Credit. The project is in great need of capital improvements and presents an important preservation opportunity given that the existing 15 year compliance period expired in 2003. The developers are working with the architect to provide more than a face lift through Enterprise Green improvements and improved curb appeal. The unit improvements will decrease utility costs and improve livability. Common areas will be expanded from a small laundry area and dilapidated playground structure through construction of a new community building. The new community building will be flanked by an entry plaza and basketball court. The expanded space will house a new managers unit, laundry facilities, leasing office and space for social services including recreation room with computer access for tenants use. The end result will be a more visually appealing, accessible and sustainable 40-unit affordable rental community (plus a new manager¿s unit) with modern amenities for the families that	1	CE	done	1			No		
6852	Home Investment Partnership Program, Recovery Act	Belen Apartments - The Belen Apartments are an acquisition / rehabilitation of an existing 40 unit affordable housing development in Valencia County (2009 High Priority Geographic Area). The last rehabilitation was undertaken in 1988 as a Section 42 Low Income Housing Tax Credit. The project is in great need of capital improvements and presents an important preservation opportunity given that the existing 15 year compliance period expired in 2003. The developers are working with the architect (Autotroph) to provide more than a face lift through Enterprise Green improvements and improved curb appeal. The unit improvements will decrease utility costs and improve livability. Common areas will be expanded from a small laundry area and dilapidated playground structure through construction of a new community building. The structure will be built on an adjoining parcel and will include offices for the social programs, modern laundry facilities and expanded recreation room with computers for tenant use, leasing offices along with a new manager¿s unit. The existing manager unit will be gutted and converted into a 3 bedroom handicap accessible unit and an existing two bedroom unit made fully accessible. The end result will be a more visually appealing, accessible and	1	CE	done	1			No

6853	Home Investment Partnership Program, Recovery Act	La Pradera Apartments - La Pradera, a project in NE Hobbs was awarded points under Tax Credit Design Competition. The developers have invested considerable time, effort and funds to involve the community to develop and affordable housing community to help alleviate the severe housing shortage for low to moderate income families in Hobbs. La Pradera has developed a comprehensive social service plan for households with children including on-site childcare, financial/computer/job training/gardening seminars. Each unit will contain a private courtyard to allow safe play outside by young children and allow supervision. The developer has been working with the city to connect the school campus by extending the city¿s street grid and include a walking trail. The site will originate east to west to maximize solar gain. La Pradera intends to receive LEED for Homes Silver or greater. Nearly 1.6 acres will be set aside for native grassland open space. Landscaping will utilize native drought resistant plants, shrubs, ground cover and trees. There will be one (6), two (36) & three (18) bedrooms with 744 sq ft, 885 sq ft & 1,157 sq ft respectively. Net rents will range from $283 to $926 per month. All units will offer full size washer/dryer	1	EA	done	1		9/20/2009	Yes

6998	Community Development Fund, Recovery Act	46th Avenue Street Improvements - The purpose of the proposed 46th Avenue Street Improvements project is to make improvements to an existing city street in order to provide efficient traffic movement between 28th Street and the newly constructed 28th Street Elementary School. Project involves widening the existing road to 22 feet. Since a certain portion of the existing street is out of the city right-of-way, some existing sections will be demolished or abondoned and a new road section will be constructed in the right-of-way. The project limits include the entire length of 46th Ave, north from 28th St to end of the road (approximately 2100 linear feet)and a portion of 31st St in front of the school(approximately 400 ft). The existing roadway is 18 foot wide asphalt paved 2-lane facility not suitable for school bus traffic The upgrade to the roads includes widening to achieve 22 feet, two-lane facility and improving the drainage system to city standards - 46th Avenue (between 28th St and 31st St), Gulfport, MS	1	EA	done	1		9/30/2009	Yes		
6999	Native American Housing Block Grant, Recovery Act	Rehabilitation of Homes - Replaced furnaces and performed electrical upgrades for energy efficiency of 10 low-income tribal member homes located in the Native Village of Eklutna. - 26339 Eklutna Village Road, Chugiak, AK	1	CE	done	1			No		
7000	Community Development Fund, Recovery Act	LED Traffic Light Lens Replacement - This Public Works project would fund the conversion of the City of Norfolk's traffic signals from incandescent light bulbs to brighter, energy saving Light Emitting Diodes (LED). Our project proposes the replacement of all of the incandescent signal indications to include signal blank-out signs and pedestrian signal indications. The City has 286 signalized intersections, a total number of signal lenses of 10,000, and approximately 35% of conversions completed to date. Benefits to LED signal indications: 1) Increased safety to motorists and signal personnel. 2) Reduction of traffic congestion. 3) Reduced air pollution from electric generation. 4) Reduced electricity costs to City and taxpayers. - Low/Mod census tract intersections, Norfolk, VA	1	CE	done	1			No		
7001	Community Development Fund, Recovery Act	Dorr Street Infrastructure - This project involves the Dorr Street infrastructure improvement to enhance entry into the Dorr Steet Corridor and make it more attractive for development of adjacent parcels. Environmental review is complete and no additional environmental review is required. - 500 to 1400 Block of Dorr Street, Toledo, OH	1	EA	done	1		9/2/2009	Yes		
7002	Native American Housing Block Grant, Recovery Act	Houstin Johnson Heights - Replace furnaces, coils, condensers, and hot water tanks in 30 units - 6th Avenue, Warner, OK	1	CE	done	1		4/8/2009	Yes

7054	Community Development Fund, Recovery Act	Construction of Electrical Substation - Improvement to the existing electrical facilities of the Erderly Center of Hostos Avenue. It includes the construction of an Electrical Substation, installation of panel, transformers and other improvement necesary to resolve the voltage problem. - Hostos Avenue, Ponce, PR	1	EA	done	1		10/23/2010	Yes		
7055	Community Development Fund, Recovery Act	Mountain Spirit Habitat for Humanity Re-Store - Funds will be used to acquire land and construct a 10,000 square foot building which will house the Mountain Spirit Habitat for Humanity ReStore. The store will result in new jobs being created as well as providing low cost building materials to area residents. The recycling of construction materials also reduces landfill disposals and aids in creating more affordable housing. The building will also house Mountain Spirit Habitat for Humanity offices which house the staff that run the Habitat for Humanity program for the region. As a result of the larger office space and ReStore revenue stream it is anticipated that there will be increased staffing and affordable home building for this program as well. - Gateway West Lost #8, Powell, WY	1	EA	done	1		11/15/2009	Yes

7089	Home Investment Partnership Program, Recovery Act	Van Rensselaer Village Revitalization - Watervliet HDFC, Inc. proposes substantial rehabilitation of an existing 12 buildings with 100 units into proposed 17 buildings with 81 units by removing sections of some buildings. The two-story row houses for families, with 81 residential units, on a 5.8 acre site on 16th Street in the City of Watervliet, Albany County. Van Rensselaer Village Apartments is an existing project supervised by DHCR with 100 units in 12 garden apartment buildings. There is parking for 100 vehicles at present. The proposed scope of the project is substantial rehabilitation to reduce the total number of units to 81 and reconfigure the unit mix and building configuration. Through selective demolition, the long, low buildings will be divided thereby increasing the total number of buildings to 17, but lowering the overall density to 81 units. Work will include sprinkling the buildings, replacement of all windows and insulation of all exterior walls and additional insulation in the attic space, installation of high efficiency gas boilers and on-demand hot water in each unit and addition of central air conditioning. Also renovation of kitchens and bathrooms, replacement of appliances and lighting with Energy Star, the re-siding of all	1	EA	done	1		12/11/2009	Yes

The building is composed of two sections, the Kennedy Duncan Residence (KDR) and the Acheson Wallace Hall (AWH). KDR is eligible for listing in the National Register of Historic Places. Public water and sewer are available at the site. Limited site work will be conducted. A trench will be dug from Park Street into the building for new water and gas service and a second trench will be dug between the two buildings to carry utility and data services. At KDR, the proposed rehabilitation work includes converting the existing vending machine area into new community space, converting a sunroom into two new units, installing a new elevator and upgrading and updating the interior of the building. At AWH, a new roof will be installed, the stucco exterior will be replaced with an EIFS exterior, two new elevators will be installed, current community space will be converted into new administration offices and a	1	EA	done	1		11/3/2009	Yes

7302	Home Investment Partnership Program, Recovery Act	Parkside Commons - Funding from HUD's Tax Credit Assistance Program (TCAP) is being sought in connection with a project known as Parkside Commons (the ¿Project¿). The Project will consist of the acquisition and rehabilitation of a 393 unit, multifamily rental development, consisting of 14 apartment buildings, located at 1935-2001 East Fayette Street (Tax Map ID # 036.-01-18.0) in the City of Syracuse, Onondaga County, New York. The Project has an existing HFA mortgage from 1994 under the name ¿Rolling Green.¿ The Project was constructed in two phases in 1948 and 1962. The entire 14-building, 393-unit complex was renovated in 1980 and was refinanced in 1994 as an LIHTC project. Amenities include laundry facilities, a playground, a community room, and outdoor parking lots for tenants. The management office is located on the premises. The Project is presently 97% occupied. The Borrower proposes a substantial rehabilitation to be undertaken with tenants in place. The proposed scope of work consists of interior and exterior capital improvements and apartment upgrades. Major improvements include the full modernization of elevators, new bathrooms and kitchens, new appliances, upgrading of the security	1	EA	done	1		9/11/2009	Yes

7358	Home Investment Partnership Program, Recovery Act	Madison Plaza Apartments - Funding from HUD's Tax Credit Assistance Program (TCAP) is being sought in connection with a project known as Madison Plaza (the ¿Project¿). The Project involves the acquisition and rehabilitation of a residential rental development, known as Madison Plaza, consisting of 127 units, located at 100 North Madison Street, Rome, New York. Madison Plaza consists of one seven-story residential building for family tenants on a 2.59 acre lot . The building is an existing Mitchell Lama project built in 1973, under HUD¿s Section 236 program. The project includes 29 efficiency apartments, 48 one-bedroom units and 50 two-bedroom units and includes 102 parking spaces. One, one-bedroom unit is reserved for the project superintendent. The first floor of the building contains a lobby, laundry room, community room, mechanical and storage rooms. The Borrower proposes a substantial rehabilitation to be undertaken with tenants in place. The proposed scope of work consists of facade repair, site-work, new windows, new doors, common area upgrades, kitchen and bathroom upgrades including refrigerators and stoves, elevator, trash compactor and fire system replacement/refurbishing. Total rehabilitation costs are anticipated to be approximately $5,466,160 or $43,041 per unit. Upon completion of the	1	CE	done	1		8/27/2009	Yes

7367	Home Investment Partnership Program, Recovery Act	Bedell Terrace - Funding from HUD's Tax Credit Assistance Program (TCAP) is being sought in connection with a project known as Bedell Terrace (the ¿Project¿). The Project consists of the acquisition and rehabilitation of a 244 unit multifamily rental development consisting of 26 apartment buildings located at 10-26 Bedell Street /& 91-101 & 105-145 Terrace Avenue in the Village of Hempstead, Nassau County, NY. The Project consists of 133,943 square feet of residential space that primarily serves low-income tenants. The 26-building, 244-unit Project was constructed in the late 1920s and has fallen into severe disrepair. Currently eight of 26 buildings are vacant and many others house only 1 or 2 tenants. The Project is presently 66% occupied. Ninety seven percent of the 243 revenue-generating units, or 236 units, are expected to be set aside for tenants with incomes at or below 60% of the Area Medium Income (¿AMI¿) for the Nassau-Suffolk, NY HUD FMR adjusted for family size. The Borrower proposes a substantial rehabilitation to be undertaken with tenants in place. The proposed scope of work consists of interior and exterior capital improvements and apartment upgrades. 7462	Home Investment Partnership Program, Recovery Act	97 Crooke Avenue - The City of New York - Department of Housing Preservation and Development (HPD) intends to undertake activities funded through the US Department of Housing and Urban Development's (HUD) Tax Credit Assistance Program (TCAP) to finance the new construction of a 9-story residential building containing a total of 53 dwelling units for homeless and low-income individuals. All units will be affordable to families making up to 50% AMI. The project site is located at 97 Crooke Avenue (Block 5059, Lot 51) in Brooklyn, New York (the "project site"). The project site is currently vacant, irregular in shape and measures approximately 8,226 square feet in area. It is bounded by Crooke Avenue to the south, 6-story apartment houses to the north and west and an MTA-New York City Transit subway line to the east. The requested funding would facilitate the new construction of a 9-story residential (supportive housing) development (the "proposed project") containing a total of 53 studio apartments as well as space for supportive services and community activities on the ground floor for tenants. All of the units would be reserved for homeless and low-income individuals earning up to 50% AMI. In addition to TCAP funding,	1	EA	done	1		9/15/2009	Yes		
7463	Community Development Fund, Recovery Act	Linden Square - This low/mod area (58.8%) is located in a neighborhood square that includes a grocery store, bank and drug store. The CDBG-R funds will be used for the creation of additional off street parking to support the square. Improvements to the traffic pattern will be made by creating additional signage and retiming of intersection traffic lights. There will also be rehabilitation of a dilapidated railroad right of way adjacent the parking area. - Oliver Street, Malden, MA	1	EA	done	1		8/16/2009	Yes

7529	Home Investment Partnership Program, Recovery Act	Vincinitas Hall - The City of New York - Department of Housing Preservation and Development (HPD) intends to undertake activities funded through the US Department of Housing and Urban Development's (HUD) Tax Credit Assistance Program (TCAP) to finance the completion of a new, seven-story, 68-unit supportive housing development at 507-513 East 176th Street in the Bronx (Block 2924, Lot 38, 39, 42). The proposed project also includes ancillary common space for buiding residents, space for social service provisions, a laundry room and a landscaped rear yard. The project site is located on the north side of East 176th Street at Third Avenue. The project site covers approximately 6,852 square feet and was formerly used as a parking lot. The property is owned by Amber Housing Development Fund Corporation (HDFC), a subsidiary of the project sponsor, The Lantern Organization. The Lantern Organization, the project sponsor, proposes to create a new supportive housing development which would offer 68 studio apartments. Building management would be provided by The Lantern Organization, which owns other nearby supportive housing developments. Of the total 68 units, 41 would be rented to individuals aging out of the foster care system who would otherwise be at risk	1	EA	done	1		12/31/2009	Yes

In addition to improving the quality of the low income housing units, energy savings are expected. - 1241 4th Avenue S.W., Cairo, GA	1	CE	done	1		7/24/2009	Yes		
7550	Home Investment Partnership Program, Recovery Act	Livonia Terrace - Funding from HUD¿s Tax Credit Assistance Program (TCAP) is being sought in connection with the rehabilitation of 17 existing apartment buildings in the East New York neighborhood of Brooklyn. Livonia Partners, LLC is seeking to rehabilitate apartments within 17 existing residential buildings located at 435, 441, 443, 446, 452, 456, 462, 466, 469, and 475 Alabama Avenue and 446, 450, 456, 466, 468, 470, and 476 Georgia Avenue (Block 3802, Lot 38; Block 3803, Lots 1 and 11). The existing four-story buildings currently contain a total of 171 dwelling units plus a superintendent¿s unit and a management office. Upon completion of the rehabilitation there would be no change in the number of dwelling units which would remain at 171. The unit distribution is as follows: 43 1-bedroom units with 1 bath, 50 2-bedroom units with 1 bath, 40 3-bedroom units with one bath, 28 4-bedroom units with 1.5 baths and 12 5-bedroom units with 1.5 baths. All 173 units will be rehabilitated using TCAP and HOME funds and current tenants will be allowed to remain in the building during rehabilitation activities, which consist of minor repairs and improvements. This project is determined to be categorically excluded according to 24 CFR 58.35 (a)(3)(ii). - 435, 441, 443,	1	CE	done	1			No

7614	Home Investment Partnership Program, Recovery Act	Jericho Kingsbridge - Funding from HUD¿s Tax Credit Assistance Program (TCAP) is being sought in connection with the construction of a new six-story apartment building (herein referred to as the ¿proposed project¿). The proposed project would be built on three underutilized, vacant lots in the Kingsbridge neighborhood in the Bronx. The project site (Block 3256, Lots 1, 5 & 9) is located at 2701 Kingsbridge Terrace and is privately-owned by the sponsor, The Jericho Project. The proposed project would include approximately 76 units of low-income housing. All 76 units will be reserved for individual tenants earning up to 60% of AMI. The proposed project will total approximately 43,699 square feet with a building footprint of approximately 7,217 square feet. One elevator will service the building. A green roof is proposed for the building and there will be a basketball court in the rear yard for use by the building¿s tenants. The basement will provide community space, social services space, a multi-purpose room, and managerial offices for the staff. All 76 units will be studio apartments for low-income individuals earning up to 60% of AMI. Forty-six of these units (60%) will be reserved for homeless mentally disabled individuals referred by the Dept. of Homeless	1	EA	done	1		11/10/2009	Yes

7666	Home Investment Partnership Program, Recovery Act	Hughes Avenue Residence - The City of New York - Department of Housing Preservation and Development (HPD) intends to undertake activities funded through the US Department of Housing and Urban Development's (HUD) Tax Credit Assistance Program (TCAP) to finance the new construction of two 5-story residential buildings containing a total of 90 dwelling units for homeless and low-income individuals and families. All units will be affordable to families earning up to 50% of Area Median Income. The project sites are two vacant lots owned by the project sponsor, the Center for Urban Community Services (CUCS). The site is zoned R7-1. The proposed project is two 5-story residential buildings with a total of 90 dwelling units, containing studio, one-bedroom, two-bedroom and three-bedroom apartments as well as space for supportive services and community activities on the ground floor. All of the units would be for homeless and low-income individuals and families. The project sites are located at 2007 and 2013-2017 Hughes Avenue in the Bronx (Block 3068, Lots 77, 78 and Block 3069 Lots 100 and 101). For the purpose of this Environmental Assessment, the proposed development at 2007 Hughes Avenue is known as Site	1	EA	done	1		9/15/2009	Yes

7668	Home Investment Partnership Program, Recovery Act	True Colors Residence - The City of New York - Department of Housing Preservation and Development (HPD) intends to undertake activities funded through the US Department of Housing and Urban Development's (HUD) Tax Credit Assistance Program (TCAP) to finance the new construction of a 6-story residential building containing a total of 30 permanent supportive housing units for homeless lesbian, gay, bisexual and transgender (LGBT) youth. The project site is located at 267-269 West 154th Street (Block 2040, Lots 5 and 6) in the Harlem neighborhood of Manhattan (the "project site"). The project site is approximately 5,000 square feet in area and is used for parking for an adjacent laundromat. Surrounding land uses include residential, mixed-use residential (with ground floor commercial uses) and commercial. The requested funding would facilitate the new construction of a 6-story development containing a total of 30 permanent supportive housing units for homeless LGBT youth (the "proposed project"). In addition, the proposed project would contain an apartment for a building superintendent and approximately 3,288 gross square feet of common space on the cellar and ground levels. 7968	Home Investment Partnership Program, Recovery Act	Orcutt Townhomes III - Orcutt Townhomes Phase III is the continuation of the redevelopment of the former Orcutt Homes public housing project. Previously the developer, the Newport News Redevelopment and Housing Authority has replaced over 100 units of public housing with the Ashe Manor midrise, consisting of 50 units for elderly and disabled households; and Orcutt Townhomes Phase II, consisting of 40 units for families. Orcutt Townhomes Phase III will feature 30 units for families in two and three-bedroom townhouse dupexes and garden style apartments. The developer will utilize the principles of universal design to the greatest extent possible and will incorporate green building techniques enabling the project to receive Earthcraft Virginia certification. The rents for every unit will be paid from the NNRHA's Annual Contributions Contract and as a mixed-finance project there will be no hard ebt service, therefore our debt service coverage ratio , and annual increases in revenues and expenses appear to be outside of VHDA's standards. - 3200 & 3500 Blocks of Orcutt Avenue and 1000 Block of 32nd,33rd, 35th, 36th and 37th Streets, Newport News, VA	1	EA	done	1		12/22/2009	Yes

8157	Home Investment Partnership Program, Recovery Act	East Harlem MEC Center - Parcel C - Parcel C, LLC proposes new construction of an eight story, elevator building for families, with 49 residential units, on a .25-acre site located at 2293 Third Avenue (at East 125th St.) in the City of New York, New York County. The building will include street level commercial space and separate residential elevator lobby, with residential units on the upper floors. A community room, tenant storage and laundry services will be available to residential tenants in the building¿s basement. The design and construction of the project will follow the NYS Division of Housing and Community Renewal¿s guidelines for the ¿Green Energy Efficiency Building Initiative¿. Public water and sewer are available at the site. Site work will include clearing, grading and excavation, construction of driveways, parking areas and sidewalks, finish grading and landscaping. The proposed project is the first phase of a larger development, known as the East 125th Street Development, which comprises approximately 6 acres in East Harlem, from East 127th Street to East 125th Street and from Third Avenue to Second Avenue. STV Incorporated prepared a Final Environmental Impact Statement (FEIS) for the NYC Economic Development	1	EA	done	1		12/30/2009	Yes

8175	Home Investment Partnership Program, Recovery Act	Farmington Senior Apartments - Funding from HUD's Tax Credit Assistance (TCAP) is being sought in connection with a project known as Farmington Senior Housing (the "Project"). The Project will consist of the construction of a new two-story garden style apartment complex with approximately 87,230 square feet of gross building area containing 88 units (seventy-two (72) one-bedroom, and sixteen (16) two-bedroom units). The Project will provide permanent housing for low-income households in which at least one member is 55 years of age or older. It is anticipated that fourteen (14) of the total units will be constructed to meet the needs of persons with physical disabilities, and that three (3) of the total units will be wired for audio/visual impaired individuals. Amenities will include laundry facilities, porches, and terraces attached to all of the units, energy efficient design and appliances, and a community meeting room/lounge. The building will be served by one elevator. A total of 90 parking spaces will be available for residents. The Project is located on a 9.2 acre vacant parcel of land approximately 1,000 feet west of State Route 332, in the town of Farmington, Ontario County, New York. This parcel of land was part of a larger parcel (62.5 acres) that was rezoned from GB General Business and RB Restricted Business to IZ Incentive Zoning to	1	EA	done	1		8/28/2009	Yes

8194	Native American Housing Block Grant, Recovery Act	Chilkoot Estates, ARRA IHBG - The Recovery Act Funds will be used to supplement ICDBG funding that the Tribe is using to construct four low-to-moderate-income rental units within the Haines Borough. This project clearly enhances the community's viability by reducing the number of families living in substandard housing by making four affordable rental units available. The project will result in an increase in affordable and decent rental units. This will reduce the number of families waiting for affordable housing who currently live in either substandard rental units or overcrowded homes because they are forced to stay in the home of their parents. The four-plex will be constructed on the Tribe's land less than one-tenth of a mile from downtown Haines. This allows the occupants easy access to the town's infrastructure: post office, grocery store, and schools. The four-plex will be 3,600 square feet in size and contain four two-bedroom apartments, the size with the highest demand, and an onsite laundry facility. - Lot 2, Block 3, Haines, AK	1	CE	done	1		12/4/2007	Yes

8216	Home Investment Partnership Program, Recovery Act	Stonewood Village - Funding from HUD's Tax Credit Assistance Program (TCAP) is being sought in connection with a project known as Stonewood Village (the ¿Project¿). The Project consists of the the acquisition and rehabilitation of a 188 unit multifamily rental development located at 200 Myrtlewood Drive (also known as 3410 East Henrietta Road) in Henrietta, Monroe County, New York. The Project is the combination of 31 townhomes for low-income families (which each contain 4 three-bedroom apartments) and two, 2-story apartment buildings which each contain 31, one-bedroom apartments for tenants who are elderly and /or have disabilities. Two additional units are currently used as community and office space and are not revenue producing. 100% of the revenue-generating units, or 187 units, are expected to be set aside for tenants with incomes at or below 60% of the Area Medium Income (¿AMI¿) for the Rochester, NY MSA, adjusted for family size. The rehabilitation will create a community room and a connection between the two apartment buildings for the elderly and people with disabilities. This addition will free up two apartments, which are currently used as community and office space, allowing 187 units to	1	EA	done	1		8/7/2009	Yes		
8217	Community Development Fund, Recovery Act	State Street and Big Tree Road Waterline Project - The Town of Hamburg through its Department of Community Development and in conjunction with its Engineering Department replaced 6" waterlines on State Street and Big Tree Road with new 8" water lines. The project will improve water-flow, water quality and fire protection to a low/mod income neighborhood. This project will also create temporary jobs for the company who bids lowest for this project. This project will assist in preserving and creating jobs and promoting economic recovery. Also, this project will be investing in infastructure that will provide long-term economic benefit. This project will promote energy conservation by replacing older, leaking, inefficient 6" water line with a new 8" water line that will eliminat leakage, thus conserving water and increasing water pressure within this neighborhood. - State Street and Big Tree Road, Blasdell, NY	1	CE	done	1		6/3/2009	Yes

8240	Home Investment Partnership Program, Recovery Act	Metro North Rehab Redevelopment Project (Hobbs Court and The Ciena), East Harlem - Funding from HUD¿s Tax Credit Assistance Program (TCAP) is being sought in connection with the development of affordable housing on two sites in the East Harlem neighborhood of Manhattan. Hobbs Ciena Associates L.P. is proposing redevelopment and rehabilitation affecting a total of 17 six-story walk-up buildings currently owned by the New York City Housing Authority. The existing buildings currently contain a total of 321 vacant dwelling units. The proposed project includes two components: (i) demolition of 12 buildings (containing 212 unoccupied units) on E. 102nd and 103rd Streets between First and Second Avenues to facilitate the construction of a new 8-story building with 259 affordable units, and (ii) the rehabilitation of five buildings (containing 109 unoccupied units) located on E. 100th Street between First and Second Avenues to provide 81 units which upon completion of rehabilitation would be contained within a single building. Upon completion, the two components will have a combined total of 340 units. The properties are currently owned and maintained by NYCHA. However, a ground lease between NYCHA and the project sponsor will be executed to facilitate the proposed redevelopment and rehabilitation. All units will be affordable and rented to low and moderate	1	EA	done	1		6/30/2009	Yes

8350	Home Investment Partnership Program, Recovery Act	Bank Street Senior Apartments - Bank Street Senior Housing, LLC proposes substantial rehabilitation and adaptive reuse of the abandoned top four floors of the existing St. Jerome Hospital Building for seniors with 37 units, on a 1.4 acre site at 16 Bank Street in the City of Batavia, Genesee County. The existing 7-story building (floors numbered Ground-6) has been separated into two condominium units, the Housing condo and the Medical condo. The top floors (3-6) will contain the Housing condo/residential project, with the Medical condo located on the ground floor and floors 1 and 2 and will contain offices for medical and diagnostic health related services. The building is constructed of masonry and brick exterior walls and is characterized by a 7-story main building with two four story attached buildings commonly referred to as the North and South wings. The design and construction of the project will follow the NYS Division of Housing and Community Renewal¿s guidelines for the ¿Green Building and Energy Efficiency Initiative.¿ Public water and sewer are available at the site. In addition to designated floors 3 thru 6, the Housing Unit also includes the south elevator, south elevator lobby and south entrance on the ground floor, three electrical rooms, trash room on the ground floor and the compactor shaft. The Housing unit also includes a	1	EA	done	1		8/4/2009	Yes

8387	Home Investment Partnership Program, Recovery Act	70 Bruckner Boulevard - The current proposal by Atlantic Development group, LLC is for new construction of a 13-story building for families with 60 residential units, on a 10,150 square foot site located on the south side of Bruckner Boulevard between Willis and Alexander Avenues in the City of New York, Bronx County. The building will include two elevators, office, community room and laundry services. The design and construction of the project will follow the NYS Division of Housing and Community Renewal¿s guidelines for the ¿Green and Energy Efficiency Building Initiatives.¿ Public water and sewer are available at the sites. Site work will include clearing, grading and excavation, construction of driveways, parking areas and sidewalks, finish grading and landscaping. A second building is contemplated for the southern portion of lot, which has been subdivided from the 70 Bruckner Boulevard lot, and will have an address of 329 East 132nd Street. The building will be 13-stories, with 92 residential units. The building will have its own utility services and there will not be common facilities between the two proposed buildings. It is anticipated that an application for funding will be made to HTFC for this second building. Accordingly,	1	EA	done	1		12/15/2009	Yes

8490	Home Investment Partnership Program, Recovery Act	5100 W. Alameda - The project will be Green Communities and LEED Certified. The building will incorporate Spanish architectural elements that reflect the predominant culture and heritage of the residents that live in the surrounding neighborhoods. The building will consist of fifty residential units aimed at families and will be 50,174 gross sf with 44,170 sf of leasable area. The construction will be high quality, with four stories of stick construction over a first floor of post-tension and slab on grade. 75 surface parking spaces will be provided as required by zoning in a secured lot. Four parking spaces, including one handicapped space, will be provided with public access for visitors and prospective tenants. Project amenities will include controlled access, two elevators, common laundry facilities, a community room with a business service center, leasing office, and restroom, and an outside landscaped courtyard with a separate play ground. Unit amenities will include Juliet balconies, nine foot ceilings, in-unit washer and dryer hook ups, central air conditioning, dishwashers, frost free refrigerator/freezers, self cleaning ranges, and microwave ovens. All utilities will be individually metered to encourage conservation. The unit mix will consist of six 1-bedroom/1-bath units,	1	EA	done	1		11/30/2009	Yes		
8491	Public Housing Capital Fund, Recovery Act	McNiel Manor Improvement Project - Project provides for needed improvements to the Public Housing building. 8506	Home Investment Partnership Program, Recovery Act	Hudson Terrace Apartments - Evergreen Partners, LLC. proposes substantial rehabilitation of existing, 3-story buildings (13 buildings total) for families with 167 residential units, on a 5.8 acre site at 15 North Front Street, City of Hudson, Columbia County. The project was constructed in 1973. The property over looks the Hudson River at the top of a bluff. The property is separated into two sections by Promenade Hill Park. Four buildings contain laundry facilities. Interior improvements will be replacement of kitchens, bathrooms, flooring and doors. Each apartment will be painted and wired for smoke detectors. New gas fired heating systems will replace the existing electric heat and provide central air conditioning. Exterior improvements include replacement of roofs, windows and siding. Building insulation will be improved. The renovation will follow the DHCR green building design criteria. Tenants will be relocated in phases during rehabilitation. Minor site disturbance will occur in the form of underground installation of downspout extensions, regrading at base of buildings to provide positive drainage, sidewalk replacement and parking lot repair. Public water and sewer are available at the site. - 15 North Front Street, Hudson, NY	1	EA	done	1		12/11/2009	Yes		
8507	Home Investment Partnership Program, Recovery Act	Fort Stevens Place Apartments - The Fort Stevens Place Apartments is an aquisition and rehabilitation project producing sixty-two (62) units of affordable housing for low to moderate income residents. The additional building also consist of one main four story structure with entry points provided by common entry stairs and corridors. The building has limited off-street parking as well as access to on-street parking on municipally owned and maintained roadways. The building currently has a vacant apartment mix of 20 one bedroom units, 6 two bedroom units and 6 efficiency units for a total of 32 units. - 6000-6020; 6030-6050 13th Street, NW, Washington, DC	1	EA	done	1		1/4/2010	Yes

8704	Public Housing Capital Fund, Recovery Act	Vinyl Carports - This project included replacing existing carports in 100 units at scattered sites in Oxnard with new vinyl carports. Project included adding new carports per plans where permitted and adding motion light detectors on all carports. Also repairing some poles and cutting out some other poles per plans. And painting the entires carports. Project was awarded On 2/9/2010. Precon was held on 3/18/3010. Contractor applied for permit on 4/12/2010 and plans were approved on 9/15/10. City required that fire sprinkler system be installed on the carports. Contractor worked with the City and modified plans and upgraded the carport system patent to the required class B and satisfied fire sprinkler examption for the project.
City required removal of few carports in order to exampt us from fire sprinkler system requirement. The scope of work was reduced and a credit change order applied to the contract.
Construction started on 9/27/10 and completed on 11/19/2010. Note that this project used both ARRA funds and Capital funds. The ARRA portion of the project is 100% complete now. - 640-666 Cuesta Del Mar, 1341-1387 Althea Court, 230-257 Fashion Park Place,, Oxnard, CA	1	CE	done	1		6/18/2009	Yes

8901	Community Development Fund, Recovery Act	Bartolo Square North Improvement Project Phase I - The Bartolo Square North Neighborhood Street Improvement Project involves the construction and installment of a new polyvinyl chloride (PVC) 8¿ water main pipe lines to replace existing 8¿ cast iron pipes that are corroded. Due to the corrosion, water main breaks and leaks occur frequently. These leaks and breaks affect water quality and pressure as well as increase the potential for contamination of the drinking water system. The reduced water pressure affects fireline service to the area in the event of an emergency, but most significantly, main breaks result in a loss of potable water to the residents. The new proposed PVC water main pipe line is an industrial standard that prevents corrosion and has a greater useful life as compared to the cast iron pipe. PVC water pipe lines will provide residents with improved quality of potable water, improved water distribution and improved fireline service. The new water main pipe lines comprise of 6,796 linear feet and will be constructed and installed on Hill Street from Ventura Road to ¿I¿ Street (2,200 linear feet) on ¿I¿ Street from Wooley Road to Hemlock Street (3,796 linear feet) and on ¿F¿ Street from Spruce Street to Teakwood Street (800 linear feet). - "J" Streeet,	1	CE	done	1			No

9276	Native American Housing Block Grant, Recovery Act	The Settlement - The project is the development of nine single family homes for the Tribe?s elders. All homes are green construction and built on a 36-acre parcel located in Wayland Twp., MI., on 128th Ave. To meet the elders? needs, the homes are a mixture of barrier free and general floor plans. Holland Engineering, Inc. was selected as a result of the Request for Proposals (RFP), which solicited engineers. Holland and the Committee overseeing the project addressed site plans and the steps necessary for approval from the local township. During this reporting period, the following items within Holland?s scope of work were completed: surveying, development of a site plan, street design, and geotechnical assessment. Plans for the utility layout and development of a storm water management plan have been initiated. The Wayland Township Planning Commission held their preliminary review of the Tribe?s rezoning request. Substantial time was spent preparing a Request for Qualifications (RFQ) for general contractors. Important factors in the RFQ are: relevant experience, financial capacity, green building experience, applicant profile, Indian preference, experience with the Department of Housing & Urban	1	EA	done	1		8/25/2010	Yes

9412	Public Housing Capital Fund, Recovery Act	Partial Demolition and Construction of New Units at Garden Valley - The Garden Valley Phase III initiative will consist of 69 replacement public housing units to be built on the land area between Port Avenue, Carson Avenue, and East 71st and East 73rd Streets in the City of Cleveland's Kinsman neighborhood. CMHA will relocate residents and demolish 136 units at the site to prepare for this new development. The new development will consist of 69 ACC/LIHTC units in primarily two-story townhouse structures ranging from 4 to 7 units each along with single family detached homes. The project also includes the construction of new streets and related infrastructure improvements. All units will have individual entrances, and all accessible units will be one-story flats. The construction will be wood frame, and each unit will have its own utilities, meters, and heating and air conditioning systems. The building envelope is detailed and insulated to achieve an Energy Star rating. The mandatory requirements of the Green Communities will be met. Prior phases of development at the site have been designed to meet the Enterprise Green Building Criteria. The site is compact, walkable, and served by public transportation. It will conserve water	1	EA	done	1		11/4/2009	Yes

9668	Home Investment Partnership Program, Recovery Act	Seville Apartments - Rehabilitation of a ninety unit multi-family complex built in 1981,located on 2.4707 acres. This includes one three story residential building. Rehabilitation will take place on the interior and exterior. - 4325 Crow Road, Beaumont, TX	1	CE	done	1		2/26/2010	Yes		
9669	Community Development Fund, Recovery Act	Tinian Infrastructure Improvement - Investing in environmental protection that will provide long-term economic benefits. The project is located in the village of San Jose on the island of Tinian. CDBG-R funds will be used to construct an infiltration system on the site. The infiltration system is a system that collects run-off water from a storm. An infiltration system (usually 3-12 ft.), provides total peak discharge, runoff volume and water quality control for all storm events equal or less to the specific design storm. The infiltration reduces the volume of runoff, removes many pollutants, provides stream base flow and groundwater recharge. The description of an infiltration system was found at www.metrocouncil.org/environment/watershed. The project focuses on environmental protection and would be necessary on-site in order for the residents of Tinian to maximize the use of the public facility. CNMI estimates that 8 construction jobs will be preserved or created promoting economic recovery in the construction industry. - San Jose Village, Tinian, MP	1	CE	done	1		2/3/2010	Yes		
9670	Community Development Fund, Recovery Act	Sinapalo Elementary School Public Facility - Preserving and creating jobs and promoting economic recovery. The project is to rehabilitate the Sinapalo Elementary School Public Facility in order to maintain a safe and decent environment for the students and faculty of the school. The project includes the rehabilitation of the faculty building, the school library, school cafeteria, and a total of (16) classrooms. The absence of the project may pose as a hazard to the residents and result in a closure of the school. As such, the project will retain 25 jobs for the faculty and staff of Sinapalo Elementary School and create 10 temporary jobs for contractors/construction workers. - Sinapalo, Rota, MP	1	CE	done	1		6/2/2010	Yes

9795	Public Housing Capital Fund, Recovery Act	Former Firehouse to Office Conversion - A Phase I Environmental Review on the subject property, which is a former firehouse constructed in 1963. The property is being converted to office space for the City of Waukesha Housing Authority. It is a concrete block building with brick facing, spancrete roof, and concrete floors. There is a small basement area with spancrete floors above this area. The project will create an office space inside, studding out the walls, insulating, adding mechanicals, and drywall, new windows, roof, and several "green" building systems. The building has been abandoned for almost 30 years, and use for storage by the City forestry Department. The environmental review found no environmental problems. All existing interior surfaces that exist will be covered with new materials. - 600 Arcadian Avenue, Waukesha, WI	1	EA	done	1		1/4/2010	Yes

10139	Community Development Fund, Recovery Act	Laurel Park Roadway and Entrance Project - A new access road and entrance into low and moderate income apartment complex owned and managed by St. Louis County Housing Authority. Laurel Park Apartment community is a large complex of recently rehabiltated units. The complex consists of 396 units that is owned and manged by the Housing Authority of St. louis County. Present access to this affordable complex involves a circuitous route through an adjacent neighborhood. Limited access effects marketability and has an impact on certain services, including emergency response. A new point of access to Laurel Park off of Lucas and Hunt Road will produce a number of benefits for those living in the complex as well as those residents who live adjacent to the area. In addition to the new roadway, sidewalks and improved grading will make Laurel Park better accessible to public transportation and to the County highway that runs by the property. - 9561-9604 Jacobi, St. Louis County, MO	1	EA	done	1		2/8/2010	Yes

10223	Home Investment Partnership Program, Recovery Act	Eastside Revitalization III - This project will rehabilitate, according to Section 106 standards, and modernize 17 structures on scattered sites in the city of Covington, Kentucky. Each of these structures are currently vacant and dilapidated. In come cases, once rehabilitated these current single-family structures will be broken up into 2, 3, 4 unit buildings. These affordable units will have upgraded, market rate finishes, including bamboo hardwood floors, ceramic tile kitchens and baths, upgraded cabinetry, energy star appliances and high efficiency HVAC units. - Scattered Sites in Covington, Kentucky, Covington, KY	1	CE	done	1		1/7/2010	Yes		
10224	Home Investment Partnership Program, Recovery Act	Edgewood Apartments - The Edgewood Apartments Project is an existing Rural Development financed affordable housing community. This project is going to provide needed funding to address deferred maintenance; modernize the complex, and, add essential energy-efficient features to preserve the property as an affordable housing complex. - 734 National Turnpike, Munfordville, KY	1	CE	done	1		1/11/2010	Yes		
10225	Lead Hazard Reduction, Recovery Act	Healthy Homes Demonstration - Re-insulate, storm door repair,install dryer vent, bath fan, furnace filter, air duct cleaning; repair toilet, windows, roof; airseal; install CO alarm, clean gutters, repair chimney - 15453 9th Ave SW, Burien, WA	1	CE	done	1		8/5/2010	Yes		
10226	Lead Hazard Reduction, Recovery Act	Healthy Homes Demonstration - Install ventilation system; wrap water heater pipes; repair tile flooring; repair deck railing; replace carpet - 10407 Aqua Way South, Seattle, WA	1	CE	done	1		8/5/2010	Yes		
10227	Home Investment Partnership Program, Recovery Act	Wilart Arms Apartments - The Wilart Arms Apartments is an existing affordable housing apartment community. This project is going to provide needed funding to address deferred maintenance, address asbestos and lead safety issues and modernize the complex. A primary focus of the work will be to improve the quality of housing for the residents of this building, and the community at large. A major consideration for the scope of the project is to reduce the density of housing units on the site, from the current 100 units to a proposed 66 units in addition to improving the parking and exterior condition of the building. This work will improve the viability of the property over the long term, and the quality of life for the residents and the surrounding neighbors. This reduction in the number of units will allow for a change in the unit mix of the building. Currently, all of the units are one ¿ bedroom units, and the renovation will provide the space to incorporate a good mix of two and three bedroom units. This change will allow for more families to reside in the property as opposed to primarily being occupied by single individuals. - 1797 Wilart Drive, Louisville, KY	1	EA	done	1		12/23/2009	Yes

10356	Community Development Fund, Recovery Act	Solar Tubes for Park Restrooms - Due to roof warranty restrictions were are unable to proceed with this project. Funding will be reallocated to one of the other HUD approved projects. The initial plan for the solar tubes for restrooms project is below. The project is for the installation of solar tubes in all applicable park restrooms. A solar tube provides light like a skylight, but doesn¿t require major structural changes which makes this is a cost effective alternative to improving energy efficiency. Solar tubes eliminate the use of fluorescent lighting during daylight hours. The concept of solar tube lighting is to reduce energy consumption by installing solar tubes in the restroom roof tops. This natural light source provides the bulk of the lighting requirements as most of our parks are open from dawn to dusk. During periods of low light a photo cell and timer will cut florescent auxiliary lights on and off as needed. Savings in excess of 30% can be expected. - Mulitiple parks in low/mod census tract areas, Norfolk, VA	1	CE	done	1			Yes		
10357	Community Development Fund, Recovery Act	Chesterfield Heights Community Resource Center - Second Chances was established in 1999, as a partnership between the City of Norfolk, Virginia and The STOP Organization to address the growing need for re-entry programs for ex-offenders. Second Chances is proposing to utilize the facility formerly known as Stan Hope House located at 2715 Stanhope Avenue as a permanent supportive housing facility for non violent, formerly incarcerated women who may be homeless or imminently homeless women offenders returning to Norfolk from incarceration. Funding would be used to rehabilitate the Stan Hope House for energy efficient upgrades by replacing the HVAC systems, windows and doors. The facility was previously used as a youth group home and housed as many as 32 youth offenders in 8 rooms using a formula of 4 persons per room. Second Chances is seeking to place two persons per room in a shared room type concept - to include the added benefit of supportive services on sight and a rent structure that charges a maximum of 30% of income for each resident. In addition, Second Chances proposes to establish a ¿Community Relations Advisory Board¿ to consist of members from the community who will serve as representatives and advocates for community concerns and	1	CE	done	1		5/27/2010	Yes

10372	Community Development Fund, Recovery Act	1094PR-R18-08 Town of Southport - The Town of Southport will use $1,245,000 in CDBG-R funding to extend public sewer service to the Budd/Kinyon Street area. The project would include installation of 7,024 linear feet of an 8¿ gravity sewer, 768 feet of a 4¿ force main, pump station construction, and 31 new manholes. To help reduce the cost of connections for LMI residents, the Town also intends to provide lateral assistance to 48 households. The total cost of the project is estimated at $1,495,000. The Town has secured $150,000 from the Appalachian Regional Commission and $100,000 through a Senate member item. The completed project would benefit 407 persons in the target area, 220 (54.1%) of whom are low-to-moderate income. - Adams, Budd, Fred, Kinyon, Ralph and S.
