735	Community Development Fund, Recovery Act	Lot Clearance/Boardup/Demolition Tiered Review - Description: Provide an expected 290 contracting opportunities for approximately 600 lot clearances and 200 boardups that are nuisance and safety issues and 25 demolitions of dilapidated and unsafe structures primarily in low-moderate income neighborhoods. This project will be implemented through the City's Planning and Community Development Department's Code Compliance Division. The Division's Compliance staff performs the inspections of properties to evaluate compliance with the City's Codes and Ordinances including zoning, housing and environmental standards and requirements. Properties that are found to be non-compliant are processed with proper notification to the owner and follow through to ensure compliance. After this due process, the Lot Clearance/Boardup/ Demolition Project will allow the City to contract the work on non-compliant properties to ensure the health, safety and welfare of the low-moderate income neighborhoods.  Location: Citywide LMI areas primarily from 1st to 61st Streets from Harborside and Avenues C and E to Seawall Boulevard and Avenue S/Stewart Road and other LMI areas. The low-moderate income areas are mostly located in Census Tracts: 7240, 7241, 7242, 7243, 7244, 7245, 7246, 7247, 7248, 7249, 7250, 7251, 7252, 7253, 7254, 7256, 7258 and 7259. Based on the 2000 Census numbers, this area is approximately 64% LMI with a total population of 50,400. Site specific census will be completed by location, see determination.	1	CE	done	1	11/24/2009	Yes

2866	Public Housing Capital Fund, Recovery Act	Competitive CFRG - Window Replacement - Hillcrest, Asheville, NC	1	CE	done	1			No		
2867	Public Housing Capital Fund, Recovery Act	Competitive CFRG - Window Replacement - Deaverview, Asheville, NC	1	CE	done	1			No		
2868	Community Development Fund, Recovery Act	Community Coalition on Homelessness - Design-install services of a photovoltaic roof system (solar electric generation system), including, but not limited to the purchase of all necessary equipment, permitting, engineering, design, and project management. - 701 17th Avenue West, Bradenton, FL	1	CE	done	1			No		
2869	Public Housing Capital Fund, Recovery Act	Goodwater Housing Authority ARRA Capital Fund Formula Grant - 40 units of Public Housing 3 Dwelling structures: New metal roofs. - 25 Salter Street, Goodwater, AL	1	CE	done	1			No		
2870	Public Housing Capital Fund, Recovery Act	2009 CFP ARRA- Formula Grant - #004 structural Repairs - 4920 Larkspur Drive, East Chicago, IN	1	CE	done	1		8/13/2009	Yes		
2871	Community Development Fund, Recovery Act	Middletown Police- North End Cameras - The Mdn. Police Dept. is proposing to continue their 2006 "Operation View" project. The 2006 project has proven successful in decreasing criminal activity with the area of the cameras. The proposed project for 2009 is to install two cameras within the same area (1) Green Street and (1) Liberty/Pearl Streets. These cameras are successful deterrents for criminal activity, assist with surveillance operations & aid in the prosecution of offenders committing criminal acts within the view of the camera system. - 222 Main Street, Middletown, CT	1	CE	done	1		8/12/2009	Yes		
2872	Community Development Fund, Recovery Act	Mercy Housing Shepherd Home - A 70 bed long-term transitional residential facility for homeless men & women working toward self-sufficiency & permanent housing, operated by Mercy Housing & Shelter Corp (MHSC) in Middletown on the campus of CVH since 1988. Necessary improvements have been postponed due to a lack of funding, including upgrading the kitchen, an area of just over 200 sq. feet in which 210 meals per day are prepared and cooked. The current kitchen lacks space & surfaces for adequate food preparation & for post-prep of cooked food. By utilizing an adjacent room, the work area will expand from 209 sf to a total of 489 sf and allow for separate food prep & cooking/post-prep areas - and more efficient, hygienic meal production. Improvements will benefit over 140 different homeless men & women during the 1st year and each year thereafter. Mercy's Director of Facilities planned the project in consultation with plumbing & electrical professionals, the Middletown Health Inspector and CVH authorities. - 112 Bow Lane, Middletown, CT	1	CE	done	1		12/1/2009	Yes		
2873	Public Housing Capital Fund, Recovery Act	Greene County ARRA Capital Fund Formula Grant - 201 units of Public Housing. Dwelling structures: Stabilize units/slab and footing. - South Prairie Ave, Eutaw, AL	1	CE	done	1			No

2880	Community Development Fund, Recovery Act	PeopleFund Center for Economic Opportunity - PeopleFund Center for Economic Opportunity facility will provide comprehensive services to local small businesses where the community can learn new financial skills and acquire much needed financing. The Center will also offer its affordable home program to low and moderate income homebuyers and will house affordable shared office space for small businesses. The Center will provide the needed investment for economic efficiency and long-term economic development. The Center will be located in a new transit oriented development, Chestnut Commons, within the MLK Station Area, where affordable transportation is central to providing easy access to those clients which have been critically impacted by the economic recession. The Center for Economic Opportunity's long-term economic impact on the City/community will be a place where the community can gather to learn new skills, finance their business and purchase an affordable home. This project will create two (2) direct new jobs upon completion. The building will allow PeopleFund to continue to add new staff and jobs over time. Indirectly, the project will create 20 construction jobs via a large base of sub-contractors with focus on using a very high percentage of MBEs/WBEs.	1	EA	done	1	9/25/2009	Yes

2918	Community Development Fund, Recovery Act	HPD Neighborhood Preservation Offices - The City will identify distressed residential buildings at risk of abandonment and develop a range of interventions designed to improve building conditions and prevent owner abandonment. - 100 Gold Street, New York, NY	1	CE	done	1			No	
2919	Public Housing Capital Fund, Recovery Act	AARA Capital Fund-Roofing - Replacing flat roofing with gabled roofs on 13 buildings - 20 N. Roessler St., Monroe, MI	1	CE	done	1		9/24/2009	Yes	
2920	Public Housing Capital Fund, Recovery Act	Housing Authority of Asotin County ARRA Capital Fund Formula Grant - Modernization of 6 apartments, including kitchens, bathrooms, living rooms, and bedrooms at Marigold Homes - 1212 Fair Street, Clarkston, WA	1	CE	done	1		11/21/2003	Yes	
2921	Native American Housing Block Grant, Recovery Act	Native American Housing Block Grant-Formula - Rehab 13 homes. Purchase one Low Rent Homes, purchase 1 maintenance utility vehicle. The low rent home will be purchased in St George, Utah within the community. The 13 homes to be rehabbed are in Cedar City, Utah and St George, Utah. - 665 N. 100 E., Cedar City, UT	1	CE	done	1			No	
2922	Community Development Fund, Recovery Act	CDBG-R Street Improvements, San Antonio Ave - The City will undertake a multi-year, Street Improvement Project known as San Antonio Ave, a public works infrastructure project. The scope includes, but is not limited to: pavement removal&replacement,ADA compliant curb access,driveway and sidewalks, etc. This project is consistent with CDBG- Requirements of preserving jobs & economic recovery. - 100-600 block of No. San Antonio Ave to Columbia Ave, Pomona, CA	1	CE	done	1		8/12/2009	Yes	
2923	Community Development Fund, Recovery Act	FY 2009 Residential Street Project (RSP) Hadley: 81st to 83rd - RSP Neighborhood Improvement. To convert ditch-type street to curb & gutter street with sidewalks, street lighting and underground storm drainage. 1,328.95 linear feet of street improvements. 30 properties along the street. - Hadley: 81st to 83rd, Overland Park, KS	1	CE	done	1		4/9/2009	Yes	
2924	Community Development Fund, Recovery Act	Russell Library - This project would replace deteriorating and unsafe brickwork in the inner courtyard and repaint the main entrance area. This project would invest in transportation, environmental protection, or other infrastructure that will provide long-term economic benefit& preserve and create jobs and promoting economic recovery. This project is expected to create or retain 7 jobs, 2 mason, 2 laborers, and 3 painters - 123 Broad Street, Middletown, CT	1	CE	done	1		12/1/2009	Yes	
2925	Public Housing Capital Fund, Recovery Act	Ruoppolo UFAS administrative, architectural & testing - Administrative costs, architectural and engineering/construction management and environmental testing and monitoring services related to Ruoppolo UFAS compliance project. - 480 Ferry St., New Haven, CT	1	CE	pending		1		No	
2926	Community Development Fund, Recovery Act	Charles Ave. Drainage Project - The project consists of adding curb, gutter and storm drainage structure on Charles Ave from James Street (131 Charles Ave) south to 173 Charles Ave. The Project includes 470 LF of 24" HDPE pipe, 4 new catch basins, modifications to an existing inlet and approximately 500 LF of curb and gutter. Currently, road drainage from Charles Ave is discharged into the front yard of 131 Charles Ave and flows across the front yards of 5 houses until it reaches an inlet in front of 173 Charles Ave. The cross yard flow causes flooding and potential damage to the homes. This project would remove the cross yard drainage and confine the roadway drainage to the roadway, until it reaches the discharge point. - 131 Charles Ave. to 173 Charles Ave., Marietta, GA	1	EA	done	1		9/9/2009	Yes	
2927	Community Development Fund, Recovery Act	Charles Ave. Drainage Project - The project consists of adding curb, gutter and storm drainage structure on Charles Ave from James Street (131 Charles Ave) south to 173 Charles Ave. The Project includes 470 LF of 24" HDPE pipe, 4 new catch basins, modifications to an existing inlet and approximately 500 LF of curb and gutter. Currently, road drainage from Charles Ave is discharged into the front yard of 131 Charles Ave and flows across the front yards of 5 houses until it reaches an inlet in front of 173 Charles Ave. The cross yard flow causes flooding and potential damage to the homes. This project would remove the cross yard drainage and confine the roadway drainage to the roadway, until it reaches the discharge point. - 131 Charles Ave. to 173 Charles Ave., Marietta, GA	1	CE	done	1		9/9/2009	Yes	
2928	Public Housing Capital Fund, Recovery Act	Housing Authority of the City of Fayette, MO ARRA Capital Fund Grant - ARRA funding will be used for site improvements & dwelling structures exterior. - 302 Villers Drive, Fayette, MO	1	CE	done	1			Yes	
2929	Home Investment Partnership Program, Recovery Act	North Hills Highlands - New construction of one four-story multifamily residential building on a 3.75 acre lot in Ross Township for the purpose of providing 60 one- and two-bedroom units for elderly age 62 and older occupancy. - 110 McIntyre Road, Pittsburgh, PA	1	EA	done	1		9/4/2009	Yes	
2930	Home Investment Partnership Program, Recovery Act	North Hills Highlands - New construction of one four-story multifamily residential building on a 3.75 acre lot in Ross Township for the purpose of providing 60 one- and two-bedroom units for elderly age 62 and older occupancy. - 110 McIntyre Road, Pittsburgh, PA	1	CE	done	1		9/4/2009	Yes	
2931	Community Development Fund, Recovery Act	St. Vincent DePaul - St. Vincent DePaul Place operates the Soup Kitchen and the agency's administrative, outreach and housing support offices out of a facility at 617 Main Street. This facility is owned by the Diocese of Norwich but is maintained by St. Vincent DePaul Place. The Community Health Center (CHC) has a proposal to develop a new health care facility that would include their medical, mental health and dental clinics on a new site. If the CHC project is approved, CHC's medical facility at 625 Main Street would become vacant. St. Vincent DePaul Place would like to transfer the ownership of its current facility to CHC and receive title to the CHC medical facility. This project would be contingent upon the approval of the CHC proposal and sufficient funding to cover the costs of renovation and relocation. We would vacate the 617 Main Street building and move our programs off the Main Street site to the property in the rear. This project will involve transforming the current medical building into a soup kitchen, with refrigeration, pantry, and offices. St. Vincent DePaul Place does not have the funds available to pay for a project of this scope and would require this CDBG funding to make the project viable. St. Vincent DePaul Place was founded in 1890 to meet the needs of the poor and homeless in Greater Middletown. - 617	1	CE	done	1			No	
2932	Public Housing Capital Fund, Recovery Act	Apt. Rehab. and Roof Replacements - Kitchen Modernization and Roof Replacements Colonial I Apartments Colonial II Apartments Valentine Apartments Rome, NY - 205 St. Peter's Ave. 310 Cottage St. 152 Turin St. Rome, NY	1	CE	done	1		4/29/2009	Yes	
2933	Public Housing Capital Fund, Recovery Act	Michael Ross Roofs - Replace roofs at Michael Ross Project - 1600 Sherman Street, Williamsport, PA	1	CE	done	1			No	
2934	Public Housing Capital Fund, Recovery Act	Brookside gap financing - Gap financing for infrastructure for Brookside portion of West Rock redevelopment project with 495 new units including 415 rental units and 80 homeownership units. - Brookside Ave., New Haven, CT	1	EA	done	1		9/30/2009	Yes	
2935	Public Housing Capital Fund, Recovery Act	Brookside gap financing - Gap financing for infrastructure for Brookside portion of West Rock redevelopment project with 495 new units including 415 rental units and 80 homeownership units. - Brookside Ave., New Haven, CT	1	CE	done	1		9/30/2009	Yes

3163	Native American Housing Block Grant, Recovery Act	Lovejoy Estate Property - The Colville Indian Housing Authority plans to purchase property with future multiple-housing development planned. There will be no construction activity for at least two years. Pre-planning will consist of soils sampling, water sampling, and completion of the environmental assessment. Lovejoy Estate Project Description: Parcel No. 3427202003. The property is 20.0 acres in size, rectangular in shape, with five modest manufactured homes on site. The location is east shoulder of Omak-Riverside Eastside Road at Homestead Trailer Court approximately one mile east of Omak, WA. The property is found within the Colville Indian Reservation. The property is fee simple, a site-built garage and one manufactured home that has had its title eliminated. Four manufactured homes considered here are personal property that apparently have not had their titles eliminated. Topography: generally level to gently sloping. The northeasterly region of the site is slightly elevated and has been improved with the one manufactured home that has been attached to the site as real property. The public utilities are: power and telephone. Potable water: on-site drilled well serving all five dwellings. The system may lack proper permitting at all levels; it is apparently fraught with problems. Sewer: a number of on-site private septic systems. The status, locations, and condition of these systems are generally unknown. Easement/Rights of Way: normal utility easements noted.	1	EA	done	1	8/31/2009	Yes

	Public Housing Capital Fund, Recovery Act	Westpark Redevelopment - Redevelopment of a 1940's-era low income housing community which has been designated as a blighted area. Redevelopment converts the 83-acre site into a mixed-use, mixed-income, pedestrian-oriented community with modern infrastructure and well designed buildings parks and open space. As revised, the Westpark Redevelopment (also referred to as the Bay Vista Development) would contain 875 housing units in a mix of attached and detached types to accommodate a wide range of housing needs, including 190 units public housing. All existing units have been or will be demolished. Non-residential uses would include an 8-acre Village Center with commercial uses, plus additional commercial activities in mixed-use buildings and an office building. The existing community center would be demolished, some existing programs would be relocated on-site, and others would be shifted off-site. A new community center would be constructed. Parks and open space would comprise approximately 18 percent of the site's area, including a large community park and natural preserve. All existing utilities will be replaced, and all existing streets will be replatted. A new stormwater management system will include use of Low Impact Development techniques, including reduced street widths, pervious pavement, rain gardens, roof drains and infiltration of stormwater.	1	CE	done	1		1/7/2009	Yes

3545	Public Housing Capital Fund, Recovery Act	Columbia Center Revitalization - The award of funds will allow the acceleration of the comprehensive Planned Unit Development of the Columbia Center public housing project. This plan has been gradually implemented since 2001 due to limited funding. Transformation activities include demolition and renovation of existing obsolete units, the construction of new duplex units within the development and the acquisition of acreage (14 fully serviced lots) for additional construction of new duplex units. The targeted public housing project, which original consisted of 400 units on 40 acres, was built in 1942 and meets the definition of physical distress housing. The existing unit structures have outlived their useful life and the floor plans are outdated and inefficient. There are serious deficiencies in the original design (including but not limited to accessibility, kitchens, bathrooms and mechanical, electrical and plumbing systems). There is obsolescence of major systems, both building and site. The funds will allow us to help redevelop this development that is distressed and a blighting influence on the surrounding community. The surrounding community is a stable and well functioning community with accessibility to retail stores, bus, hospital, a health clinic, a supermarket	1	EA	done	1		12/7/2006	Yes

			Quantity	NEPA Action								
3628	Public Housing Capital Fund, Recovery Act	Westpark Redevelopment - Redevelopment of a 1940's-era low income housing community which has been designated as a bighted area. Redevelopment converts the 83-acre site into a mixed-use, mixed-income, pedestrian-oriented community with modern infrastructure and well designed buildings parks and open space. As revised, the Westpark Redevelopment (also referred to as the Bay Vista Development) would contain 875 housing units in a mix of attached and detached types to accommodate a wide range of housing needs, including 190 units public housing. All existing units have been or will be demolished. Non-residential uses would include an 8-acre Village Center with commercial uses, plus additional commercial activities in mixed-use buildings and an office building. The existing community center would be demolished, some existing programs would be relocated on-site, and others would be shifted off-site. A new community center would be constructed. Parks and open space would comprise approximately 18 percent of the site's area, including a large community park and natural preserve. All existing utilities will be replaced, and all existing streets will be replatted. A new stormwater management system will include use of Low Impact Development techniques, including reduced street widths, pervious pavement, rain gardens, roof drains and infiltration of stormwater.	1	CE	done	1		1/7/2009	Yes

								Total Yes				
3677	Public Housing Capital Fund, Recovery Act	elevator renovation - update elevator to current state codes - 1225 Third Avenue, Mountain Lake, MN	1	CE	done	1			No			
3678	Public Housing Capital Fund, Recovery Act	Replacement of Space Heating Lines, Convector, and Windows at Ping Yuen - The Ping Yuen housing development is located at 655, 711, 795, and 895 Pacific Avenue in San Francisco, California. The project involves replacing all windows, all space heating lines and space heating convectors. - 795 Pacific Avenue #225, San Francisco, CA	1	CE	done	1	1/27/2010	Yes				
3679	Public Housing Capital Fund, Recovery Act	Warroad Housing Authority ARRA Capital Fund Formula Grant - ARRA funding will be used for energy-efficiency activities at our one site. We have undertaken a lighting conversion at the WHRA, which should help us realize a savings of over \$650.00 per year on our electric bill. 68 fluorescent lighting fixtures were retrofitted to T-8 bulbs and electronic ballasts. The WHRA consists of one, two-story building. The conversion took place in all of the common areas of our building. The lights located above the sinks in all of our twenty apartments were all retrofitted. - 601 McKenzie Street NE, Warroad, MN	1	EA	done	1	9/8/2009	Yes				
3680	Public Housing Capital Fund, Recovery Act	Warroad Housing Authority ARRA Capital Fund Formula Grant - ARRA funding will be used for energy-efficiency activities at our one site. We have undertaken a lighting conversion at the WHRA, which should help us realize a savings of over \$650.00 per year on our electric bill. 68 fluorescent lighting fixtures were retrofitted to T-8 bulbs and electronic ballasts. The WHRA consists of one, two-story building. The conversion took place in all of the common areas of our building. The lights located above the sinks in all of our twenty apartments were all retrofitted. - 601 McKenzie Street NE, Warroad, MN	1	CE	done	1	9/8/2009	Yes				
3681	Public Housing Capital Fund, Recovery Act	Colby Housing Authority ARRA Capital Fund Formula Grant - ARRA funding will be used for site work and construction of a storm shelter for 60 family units at South Park Apartments located at 700 S. Franklin Ave., Colby KS. ARRA funding will also assist in the construction of a storm shelter for eight apartments at the site of Cedar and Franklin and rehabilitation of an existing garage to construct a wheelchair accessible ramp to provide a storm shelter for residents at 600 S Mission Ridge. - 700 S. Franklin Ave., Colby, KS	1	CE	done	1			No			
3682	Public Housing Capital Fund, Recovery Act	Accessibility and Improvements to Provide Supportive Services at Rosa Parks Housing Development - The Rosa Parks site contains 198 dwelling units for seniors/persons with disabilities, and a separate senior center community facilities building. Nine dwelling units in Rosa Parks which are currently out of compliance with UFAS will be modified to make them fully accessible with roll-in showers in accordance with the UFAS. Improvements will be made to non-dwelling areas inside the property as well as the exterior pathways and open areas between the housing building and the Senior Center building to make them accessible and ADA-compliant. Accessibility improvements will include ramps and handrails, landings, parking, paving, and landscaping. The three elevator cars within Rosa Parks public housing are not accessible; accessibility improvements will be made to the direction lanterns, operating panels, communications systems, and handrails. The existing carpet throughout the ground floor common areas in Rosa Parks public housing building is old and poses a tripping hazard to the elderly residents and persons with disabilities, therefore it will be removed and replaced with resilient flooring. Improvements will be made within the Rosa Parks Senior Center to provide additional space for supportive services targeted to the elderly/persons with disabilities. - 1251 Turk Street, San Francisco, CA	1	CE	done	1	1/27/2010	Yes

3888	Community Development Fund, Recovery Act	King Center Renovation and Expansion - The Martin Luther King Jr. Community Center's programs and services (after school programming, workforce development, groups for aging adults, legal assistance medical services food cooperatives, summer youth programming, youth drug prevention, computer skills training, special events and festivals, volunteer activities, recreation and the building is used as a public resource for meetings or events) have evolved to meet the needs of the community. The buildings and grounds have not. Of particular note is the lack of programming space for youth. Despite the building's and neighborhood's shortcomings, there is very strong participation in all programming. The community has expressed a desire for program expansion based on a recent needs survey. King Center staff and Board members are currently raising funds to renovate the existing 10,000 square foot building and build a 12,000 square foot addition. The expansion will extend into open space that is currently used for the summer day camp program. - 630 9th Street, Rock Island, IL	1	EA	done	1		6/15/2009	Yes

4173	Home Investment Partnership Program, Recovery Act	Hammock Harbor - Phase I - Funds will be used for the new construction of 6 residential buildings containing 122 rental units. All units are located on one site. The project targets low income families. - Intersection of Fiske Blvd and St. Andrews Drive, Rockledge, FL	1	CE	done	1		1/25/2010	Yes			
4174	Public Housing Capital Fund, Recovery Act	Hubert Humphrey Senior Building - The Hammond Housing Authority will use the CFRC funds for Category 1 Elderly and/or Persons with Disabilities for the construction of two additions to the existing original structure of 119 units which are solely dedicated to the elderly and/or persons with disabilities. These newly constructed accessible and ADA compliant areas will provide office space, on-site banking services, library/community services room and a mailroom. Since the administration offices will be relocated to the main entrance area, the second non-dwelling area that will be improved is the existing make-shift office space at the rear of the building. The project involves the modernization and improvement of this area to provide two room with dimensions of 19' x 19' for supportive services dedicated solely to the elderly and/or persons with disabilities. The work was scheduled for 2005, but was stalled due to lack of funding. The architectural drawings are complete and ready for bidding. The purpose of these improvements is to facilitate the commitment of our on-site ROSS Senior Service Manager. This will attract and promote the coordinated delivery of supportive services by local service providers to residents who are elderly and/or persons with disabilities. The proposed Hubert Humphrey Senior Building - The Hammond Housing Authority will use the CFRC funds for Category 1 Elderly and/or Persons with Disabilities for the construction of two additions to the existing original structure of 119 units which are solely dedicated to the elderly and/or persons with disabilities. These newly constructed accessible and ADA compliant areas will provide office space, on-site banking services, library/community services room and a mailroom. Since the administration offices will be relocated to the main entrance area, the second non-dwelling area that will be improved is the existing make-shift office space at the rear of the building. The project involves the modernization and improvement of this area to provide two room with dimensions of 19' x 19' for supportive services dedicated solely to the elderly and/or persons with disabilities. The work was scheduled for 2005, but was stalled due to lack of funding. The architectural drawings are complete and ready for bidding. The purpose of these improvements is to facilitate the commitment of our on-site ROSS Senior Service Manager. This will attract and promote the coordinated delivery of supportive services by local service providers to residents who are elderly and/or persons with disabilities. The proposed	1	EA	done	1		12/7/2006	Yes			
4175	Public Housing Capital Fund, Recovery Act	Hubert Humphrey Senior Building - The Hammond Housing Authority will use the CFRC funds for Category 1 Elderly and/or Persons with Disabilities for the construction of two additions to the existing original structure of 119 units which are solely dedicated to the elderly and/or persons with disabilities. 4691	Public Housing Capital Fund, Recovery Act	Indianapolis Housing Agency ARRA Capital Fund Competition Grant - Category 2 grant will be used to pay for eligible Capital Fund activities and expenses that help achieve the objective of redeveloping public housing that is distressed and a blighting influence on a surrounding community by identifying a replacement project that is located in a census tract with a concentration of poverty that does not exceed 40% and is located in a stable, well-functioning community or a community that lacks resources but has already been targeted for revitalization. Through this opportunity, the PHA will use the CFRG funds to create new public housing units to replace units that were lost through the disposition and demolition of Clearstream Garden Apartments. Specifically, the PHA is proposing to invest in public housing transformation by creating 47 new units of replacement public housing that will be located in three separate properties: Carvellet Commons (21 units), Trail Side (13 units), and St. Clair Apartments (13 units). In total, these three properties B all of which are Low Income Housing Tax Credit projects B will create 188 units of affordable housing, 47 of which are public housing units. These three properties are mixed income, and two (Trail Side and St. Clair) are mixed use	1	CE	pending		1		No

4773	Native American Housing Block Grant, Recovery Act	Big Pine FEMA Project - The Big Pine Paiute Tribe's FEMA Project is a modular home project wherein sixteen modular units were acquired from FEMA. Twelve of the units will be used to house eligible participants and their families in single family residences, three units will be used for emergency/relocation homes, and one unit will be used for office space for the Tribe's Housing Department. All units will be placed on sites on the Big Pine Reservation.  Funding for the transport of the units, setup, and repair and bringing up to local codes of the units is the IHBG, a RHED Grant, and IHBG (ARRA)Formula Stimulus Funding. HUD ARRA funding for the project is in the amount of \$130,878.00.  The Big Pine Paiute Tribe of the Owens Valley chose the tiered approach to best satisfy the environmental review requirements of the project, according to the principles for compliance and the review process for the environmental laws and authorities listed in the "Principles for Compliance and Review Process: Environmental Laws and Authorities Cited in 24 CFR 58.5." The tiered approach consisted of a project site overview, in which potential environmental impacts that might occur by relocating FEMA trailers to any qualified (but unspecified) site on the Big Pine Indian Reservation were researched and analyzed.  In January 2008, the Tribe, as the Responsible Entity, completed the Tier 1 Environmental Review Record (ERR) with regard to HUD funding for acquisition and relocation of manufactured homes (FEMA Trailers) on the reservation. Overall, the Tribe found the project would not result in a significant impact on the human environment. By tiering the environmental review, standards for environmental review necessary for the second, or site specific, phase of the project were identified. The purpose of the Site Specific EA Review is to provide the detailed analysis of potential environmental	1	EA	pending		1	No

Street, Merced, CA	1	CE	done	1			No				
4820	Native American Housing Block Grant, Recovery Act	Pena Foundations Project - Mescalero Apache Housing Authority will rehabilitate 34 seriously substandard homes on the reservation that are occupied by low-income homeowners and tenants. The project focuses on an unusual and particularly severe housing problem faced by the tribe. The 123 units in the Pena subdivision were built into sloped grades and therefore portions of the house are supported by wood pilings, or vertical framing, lumber girders, or horizontal framing that are structurally unsound. This problem has also led to chronic (and costly) maintenance problems due to freezing of the plumb lines that run in chases under the exposed crawl areas. Outline specifications, methodology, and costs have been calculated for foundation repairs based on an engineer's analysis of 15 houses. The work to be completed will include completing the drawings and specifications for structural repair, demolishing and removing the deteriorated lumber and construction of a new permanent concrete foundation, steel framing and concrete faced sheathing to enclose the open crawl area. In addition, the homes will meet HQS standards and the rehabilitation work will be completed as necessary to meet MAHA's green standards that are also applicable to this program. - P.O. Box 2377, Mescalero, NM	1	EA	pending		1		No

5138	Native American Housing Block Grant, Recovery Act	East Kapolei II - East Kapolei II is a 374 acre master planned community located in the Ewa Plains of Oahu that will yield approximately 1,000 single family homes, 1,300 multi-family rental units, an elementary school, a middle school, recreational parks and a community center when completed. Approximately 20% of infrastructure costs for the single family homes in East Kapolei II will be funded with Native Hawaiian Housing Block Grant or American Recovery and Reinvestment Act funds. Of the 1,000 East Kapolei II units, approximately 200 units will be reserved for NAHASDA eligible households. East Kapolei II is a multi-year, multi-increment development project and the ARRA funds will be focused on infrastructure improvements for East Kapolei II, increments B & C. House construction for East Kapolei II is expected to begin in 2011 and should run through 2017. The project's major types of activities are on and off site infrastructure construction, consultants, house construction loans or down payment assistance grants, self-help technical assistance, and utility fees. - Ewa, Oahu, Ewa, HI	1	EA	done	1		12/9/2009	Yes	
5139	Native American Housing Block Grant, Recovery Act	East Kapolei II - East Kapolei II is a 374 acre master planned community located in the Ewa Plains of Oahu that will yield approximately 1,000 single family homes, 1,300 multi-family rental units, an elementary school, a middle school, recreational parks and a community center when completed. Approximately 20% of infrastructure costs for the single family homes in East Kapolei II will be funded with Native Hawaiian Housing Block Grant or American Recovery and Reinvestment Act funds. Of the 1,000 East Kapolei II units, approximately 200 units will be reserved for NAHASDA eligible households. East Kapolei II is a multi-year, multi-increment development project and the ARRA funds will be focused on infrastructure improvements for East Kapolei II, increments B & C. House construction for East Kapolei II is expected to begin in 2011 and should run through 2017. The project's major types of activities are on and off site infrastructure construction, consultants, house construction loans or down payment assistance grants, self-help technical assistance, and utility fees. - Ewa, Oahu, Ewa, HI	1	CE	done	1		12/9/2009	Yes	
5140	Community Development Fund, Recovery Act	Housing Rehabilitation - Energy Efficiency Small Repair program, an extension of the Housing Rehabilitation Program, to assist Low to Mod Income homeowners through this small repair program. The program is under tiered review as sites are undetermined at this time; site-specific reviews will be conducted, completed prior to implementation of repair, and located per individual file. The City previously completed a tiered review under its 2008 plan housing rehabilitation program, strategy for unspecified sites for single family rehabilitation, with funding supported by its Community Development Block Grant (CDBG) funds. Upon a secondary review, the proposed CDBG-R program activities do not involve substantial changes in the nature, or extent of housing rehabilitation activities previously approved under the City of McKinney's CDBG Program and previously reviewed as a part of the referenced tiered review for unspecified sites. - 314 S. Chestnut Street, McKinney, TX	1	CE	done	1		12/30/2009	Yes	
5141	Native American Housing Block Grant, Recovery Act	Rehabilitate Homes - We have updated 10 homes so far in many areas, such as new roofs on older units, added porch coverings. Our senior center has had an elevator installed to ensure those in wheelchairs access to the basement for severe weather. We are also in the process of updating our boiler system on the senior center. Have plans on installing solar thermal on our office building to help save on energy, and use it as a test run before we install them on our new homes project as well. - 3265 Indian Settlement Rd., Crandon, WI	1	CE	done	1			No	
5142	Community Development Fund, Recovery Act	City of Haleyville CDR-LR-09-053 - Rehabilitate street and drainage facilities. - 1901 11th Avenue, Haleyville, AL	1	CE	done	1			No	
5143	Community Development Fund, Recovery Act	Economic Development Tri-City Port District - Reconstruction and upgrade of a dry-bulk grain facility (Red Dock) located near Rock Road in Granite City to replace functionally-obsolete and potentially unsafe equipment. - 1635 W. 1st Street, Granite City, IL	1	CE	done	1			No	
5144	Public Housing Capital Fund, Recovery Act	Albright Terrace-Site Improvements - Replace concrete sidewalks, ADA ramping, Seal and stripe parking lot. - 129 Milan Avenue, Amherst, OH	1	CE	done	1			No	
5145	Community Development Fund, Recovery Act	Streetscape Improvements - Streetscape improvements which may include crosswalks, curbs, benches, planters, lighting, signage and trash receptacles. - 6th-7th at Northampton, Pine St., Easton, PA	1	CE	done	1		10/16/2009	Yes	
5146	Community Development Fund, Recovery Act	Park East Road Reconstruction - The proposed activity involves the reconstruction of streets and roadways in the low to moderate income eligible Park East Neighborhood, Census Tract 608.00 and Block Groups 1, 5, and 6, all of which exceed the 51% low to moderate income requirement according to the 2000 Census. The Park East Neighborhood is the primary location associated with the City's Neighborhood Stabilization Program and has been hit particularly hard by foreclosures. The street reconstruction will ensure that the City's strategy of improving this neighborhood continues as does its commitment to assisting those most impacted by the recession. The state of the current street system in this neighborhood requires rehabilitation and over the years it has begun to deteriorate. With this activity, the City will invest in its current transportation system by improving the streets in the most impacted neighborhood in the City. The activity directly minimizes reductions in essential services, as roads are essential to all communities. The construction industry in Florida has been especially hard hit by the recent economic downturn. This much needed road resurfacing project will stimulate jobs in the construction industry. The City anticipates that this activity will provide approximately	1	EA	done	1		5/7/2009	Yes

5154	Community Development Fund, Recovery Act	Lincoln Boulevard Reconstruction - The Lincoln Boulevard Reconstruction Project has been in the planning phase since 2004. The road length is approximately 1,900 linear feet and is a main East-West connector in the Village of Kenmore. The road links both Elmwood and Delaware Avenues and connects the main municipal building, the police station, and a neighborhood park. It has been considered a multi-year project under the regular CDBG program from 2004-2009. Funds have been allocated in each of those program years to help pay for the reconstruction of all new underground utilities, road resurfacing, sidewalks, and landscaping. The total estimated cost for the project is \$2.2M. Engineering for the project is complete and the bids have been received for the construction of the entire road length during 2009 and 2010 at a cost of \$1.7M. The total regular CDBG funds to be spent on the project equal \$1,083,819.78. CDBG-R funds equal \$101,024. The \$600,000 shortfall will be paid through municipal bonds. The economic impact of the CDBG-R funds may be calculated at a .058 ratio of the overall project cost. This activity meets the requirements of Title XII of Division A and Section 1602 of ARRA because the contracts for the project have already been signed and all other federal requirements have been met under the regular CDBG program. It is an infrastructure investment that will provide immediate construction jobs to the winning bidder for the entire 2009	1	EA	done	1		5/19/2009	Yes		
5155	Community Development Fund, Recovery Act	Lincoln Boulevard Reconstruction - The Lincoln Boulevard Reconstruction Project has been in the planning phase since 2004. 5345	Community Development Fund, Recovery Act	City of Santa Maria Fire Station No. 3 Construction - The City's Fire Department provides all risk emergency services, as well as public education programs, fire prevention, and life safety measures to the City's residents. The City is divided geographically into fire management zones and each zone is assigned to a fire company officer. Each company officer is tasked with fostering positive working relationships with business and residential customers within their respective zones. This is accomplished through proactive contacts in a non-emergency atmosphere. These services support the Fire Department's mission of effectively preserving lives and protecting property. Based on the geographic expansion and new residential development that has occurred particularly in the northern area of the City over the last few years, the City's Fire Department has seen an increase in the number of calls for service in that area. In particular, in 2008 the northwest area had the highest call volume of all other areas with 3,530 calls (40 percent) of the total 8,841 calls for the entire City being from that area. Of those calls, 110 were fire, 2,628 were emergency medical service, and 792 were of another nature. The proposed project involves the construction of a new fire station to serve the northern portion of the City. The City already owns the site which is currently part of the existing City-owned Preisker Park. The surrounding service area is occupied primarily by low and moderate income persons. Specifically, the service area consists of Census Tracts 22.05,	1	EA	pending	1		No

5456	Public Housing Capital Fund, Recovery Act	2.4 Stimulus - The Board of Commissioners of the Housing Authority of the City of Spartanburg awarded contracts at their May 19, 2009 Board meeting to three contractors. The four contractors were Sherman Construction, T & D Grading, Doug's Tree Service and Operation Drains of the Upstate. Additionally the Housing Authority had procured the services of Sinclair and Associates to perform engineering and building assessment for the task orders for the Health and Safety and Energy Savings construction activities that were identified as a part of the stimulus Grant. The Housing Authority has obligated a total of \$114,100 for Sinclair and Associates. The work activity relative to engineering and building assessment is 100% complete and 100% of the funds obligated for this task order has been expended. The work activities will be performed at the following Public Housing sites: Archibald Hi-Rise, Archibald Village, Watson Apartments, Gooch, Barksdale Apartments, Cammie Clagett, Leland Street Apartments, Spruce Street Apartments, Victoria Gardens, Tobias Booker Hartwell, Prince Hall Apartments, Camp Croft Court. A total of \$2,427,419.00 has been obligated for the task orders under this contract that represents 100% obligation. Work activity is presently underway and approximately 65% of the work has been completed. Two contracts have been awarded to Sherman Construction and T & D Grading to perform sidewalks, curb and gutter, concrete, storm drainage work, handicap ramps, sewer replacement, landscaping and grading at all Public Housing properties. A contract was awarded to Doug's Tree Service to perform tree removal at six of our Public Housing properties. 5585	Public Housing Capital Fund, Recovery Act	Housing Authority of Savannah ARRA Capital Fund Competitive Grant - Reducing energy consumption in Frazier Homes will focus on two primary areas: 1) Preventing the infiltration of undesired air and heat through improvements to the building envelope and 2) Reducing energy consumption of lighting, HVAC and water heating. ⓘ To reduce infiltration of undesired air and heat, weatherization retrofits will include replacement of single pane glass windows with Low-E double pane insulated windows with foam sealing around the perimeter. Windows will have a U-value and solar heat gain coefficient (SHGC) of &lt;R.35. Attic insulation will be increased to R-38 from existing conditions of roughly R-11 by blowing in low-emitting cellulose insulation over the existing fiberglass batts. Additionally, blower door testing will be performed to identify air leaks in the building envelope which will then be sealed with spray foam and/or low-VOC caulk. ⓘ Energy conservation retrofits will include replacing the standard incandescent type lighting fixtures with compact fluorescent fixtures. This will cut lighting loads (and the associated heat gains) by nearly 70%. Additionally, the existing air source heat pumps will be replaced with 14 SEER heat pumps with variable speed air handlers. Aged water heaters will be replaced with high efficiency (EF &gt;92) water heaters. ⓘ Water conservation retrofits:ⓘ The plumbing fixtures in Frazier Homes do not even meet the 1992 EPACT flow rates, and thus toilets use 4 gallons per flush. As such, all toilets, lavatory faucets and showerheads will be replaced with highly water efficient fixtures. ⓘ	1	EA	done	1		2/26/2010	Yes				
5586	Community Development Fund, Recovery Act	Housing Authority of Savannah ARRA Capital Fund Competitive Grant - Reducing energy consumption in Frazier Homes will focus on two primary areas: 1) Preventing the infiltration of undesired air and heat through improvements to the building envelope and 2) Reducing energy consumption of lighting, HVAC and water heating. ⓘ To reduce infiltration of undesired air and heat, weatherization retrofits will include replacement of single pane glass windows with Low-E double pane insulated windows with foam sealing around the perimeter. 5627	Community Development Fund, Recovery Act	34 Morton Avenue Rehabilitation Project - 34 Morton Avenue is an abandoned three story building with two residential units over a commercial storefront. It is emblematic of the two-block stretch of Morton Avenue, where over 50 percent of the buildings are abandoned, and of the South End, which contains many of the over 800 abandoned buildings in the City of Albany. The building was recently foreclosed upon by Albany County and transferred to the Albany Housing Authority as part of an ongoing effort to eliminate blight and stimulate reinvestment. Pursuant to the Capital South Plan, the Authority and its developer partner, Omni Housing Development, LLC, already have developed 52 units of affordable housing and anticipate funding for another 43 units, many of which will be in abandoned buildings on Morton Avenue. AHA and Omni intend to rehabilitate 34 Morton Avenue in a similar manner, using CDBG stimulus funding leveraged with other resources provided by the City, such as lead abatement, weatherization, and training funding. The project will be used as a demonstration project for utilizing residents from the local community [Section 3]. In addition to two units of affordable housing, the Authority will work with the South End Action Committee, a representative body of South End	1	CE	done	1		9/14/2009	Yes

5747	Public Housing Capital Fund, Recovery Act	Housing Authority of Savannah ARRA Capital Fund Competitive Grant - Fred Wessels Homes - Reducing energy consumption in Fred Wessels Homes will focus on two primary areas: 1) Preventing the infiltration of undesired air and heat through improvements to the building envelope and 2) Reducing energy consumption of lighting, HVAC and water heating. To reduce infiltration of undesired air and heat, weatherization retrofits will include replacement of single pane glass windows with Low-E double pane insulated windows with foam sealing around the perimeter. Windows will have a U-value and solar heat gain coefficient (SHGC) of <math>\leq 0.35</math>. Attic insulation will be increased to R-38 from existing conditions of roughly R-11 by blowing in low-emitting cellulose insulation over the existing fiberglass batts. Additionally, blower door testing will be performed to identify air leaks in the building envelope which will then be sealed with spray foam and/or low-VOC caulk. Energy conservation retrofits will include replacing the standard incandescent type lighting fixtures with compact fluorescent fixtures. This will cut lighting loads (and the associated heat gains) by nearly 70%. Additionally, the existing air source heat pumps will be replaced with 14 SEER heat pumps with variable speed air handlers. Aged water heaters will be replaced with high efficiency (EF >= 0.92) water heaters. Water conservation retrofits. The plumbing fixtures in Fred Wessels Homes do not even meet the 1992 EPACT flow rates, and thus toilets use 4 gallons per flush. As such, all toilets, lavatory faucets and showerheads will be replaced with highly water efficient fixtures.	1	EA	done	1	2/26/2010	Yes

5877	Community Development Fund, Recovery Act	Housing Market Analysis - The Housing Market Study would be a detailed analysis of the current housing stock and would identify needs for future housing. The study would also show how Baytown's available housing compares to other cities in the Houston metropolitan region. This type of analysis has never been conducted in Baytown. The Consolidated Plan includes a cursory review of housing based on out-dated census information, but a more in-depth study will provide a clear assessment of housing needs (single-family and multi-family), foreclosure trends, gaps in available housing market, and help identify opportunities for future housing development. Data gathered in such a study would also provide guidance to draft policies for housing and neighborhood redevelopment. As more federal funding is becoming available for neighborhood revitalization efforts, the Housing Market Study would help Baytown take advantage of these opportunities. The estimated budget will not exceed \$22,032. The required procurement process for consultant services would be used to secure this product as per 24 CFR 85.36. The use of CDBG-R funds for the Housing Market Study is consistent with Baytown's major five-year housing and community development needs and objectives, as identified in the current Consolidated Plan. This plan will employ four out of seven priorities below: <ul style="list-style-type: none"> <li>1.Conserving and improving the housing stock;</li> <li>2.Expanding housing development and housing opportunities;</li> <li>3.Providing economic development and anti-poverty assistance; and</li> <li>4.Promoting equity and accessibility in Baytown through the planning and administration of Community Development programs.</li> </ul> Title XII of Division A and Section 1602 of ARRA stresses that grantees shall give priority to projects that can award contracts within 120 calendar days of funding and uses funds in a manner that maximizes job creation and economic development.	1	CE	done	1			No

5924	Public Housing Capital Fund, Recovery Act	Legacy Heights Apartments - The Funds will be invested as leverage in a Green Communities project. The project - Legacy Heights - will provide 64 rental, public housing, units for low and very-low income households. The project will be constructed on the demolished Wooddale Park public housing site located in Alexandria, Louisiana. The expected outcomes of the proposed Green Communities project include: the development of an energy efficient community which will generate resident and PHA energy savings; a reduction in Green House Gas emissions attributable to the energy consumption of the project; significant water conservation measures on-site, and; the creation of connections to neighborhoods and green space. In addition, the construction of the project will be tied to specific job creation and economic opportunities for low and very-low income persons through an ongoing partnership with the Rapides Business and Career Solutions Center. The center will partner with the Recipient to provide youth employment opportunities, work experiences and other activities that expose youth to "green" education and career pathways through the project. - 19855 Leblondville Ave, Alexandria, LA	1	EA	done	1		1/18/2010	Yes	
5925	Public Housing Capital Fund, Recovery Act	Legacy Heights Apartments - The Funds will be invested as leverage in a Green Communities project. The project - Legacy Heights - will provide 64 rental, public housing, units for low and very-low income households. The project will be constructed on the demolished Wooddale Park public housing site located in Alexandria, Louisiana. The expected outcomes of the proposed Green Communities project include: the development of an energy efficient community which will generate resident and PHA energy savings; a reduction in Green House Gas emissions attributable to the energy consumption of the project; significant water conservation measures on-site, and; the creation of connections to neighborhoods and green space. In addition, the construction of the project will be tied to specific job creation and economic opportunities for low and very-low income persons through an ongoing partnership with the Rapides Business and Career Solutions Center. The center will partner with the Recipient to provide youth employment opportunities, work experiences and other activities that expose youth to "green" education and career pathways through the project. - 19855 Leblondville Ave, Alexandria, LA	1	CE	done	1		1/18/2010	Yes

5936	Community Development Fund, Recovery Act	Jersey City Department of Administration (Engineering)-ADA Compliance - Curb cuts for ADA compliance citywide. - citywide, Jersey City, NJ	1	CE	done	1		10/9/2009	Yes	
5937	Public Housing Capital Fund, Recovery Act	ARRA Capital Fund Project - Remodel units in elderly building - 430 S. St. Augustine St., Pulaski, WI	1	CE	done	1			No	
5938	Public Housing Capital Fund, Recovery Act	Belding housing Commission 2009 ARRA Capital Fund Program - Repair and replacement of roofs at three elderly housing developments, encompassing 110 units. - 41 Bellevue Street, Belding, MI	1	CE	done	1			No	
5939	Community Development Fund, Recovery Act	Sidewalk and Alleyway Reconstruction Program - The Sidewalk and Alleyway Reconstruction Program would provide over 8,000 linear feet of infrastructure improvements in the CDBG target areas. The Public Works Department crews will survey the needs and determine the scope of work for each site. Based on preliminary surveys within the target areas, the Public Works Department estimates a budget of \$200,500. The use of CDBG-R funds are for materials only. The Public Works Department utilizes in-house labor to stretch the limited CDBG dollars and provide maximum improvements in the low to moderate income neighborhoods.  The use of CDBG-R funds for sidewalk and alleyway reconstruction is consistent with Baytown's major five-year housing and community development needs and objectives, as identified in the current Consolidated Plan. This substantial amendment employs the listed priority of providing essential infrastructure improvements.  Title XII of Division A and Section 1602 of ARRA stresses that grantees shall give priority to projects that can award contracts within 120 calendar days of funding and uses funds in a manner that maximizes job creation and economic benefit. Further, Section 1602 of ARRA, specifies that when funds are used for infrastructure investments, grantees must give preference to activities that can be started and completed expeditiously, including a goal to obligate at least 50 percent of the funds for activities that can be initiated within 120 days. In compliance with these requirements, in-house labor will be used to complete the sidewalk and alleyway reconstruction program without delay. As the funds are for materials only, supplies will be purchased when funds are made available. The Public Works crews have already been assembled and will be assigned on a continuous basis to complete the work. The preliminary survey has identified sites that need immediate attention. Public Works will use existing procedures for design, management, and implementation as they have completed this activity with CDBG funds under previous Action Plans. Under this scenario, at least 50 percent of the funds will be obligated within 120 days.	1	CE	pending	1	10/23/2009	No
