6306	Community Development Fund, Recovery Act	HOPE House HVAC upgrade - Hope House is owned and operated by Christian Ministries, Inc. and provides emergency housing for single women with children. !! !! During the 2008 heating season, Hope House had almost weekly service calls to repair the antiquated heating system. Although a local HVAC contractor donated his services to Christian Ministries, he estimated the market value to be \$5,000 in repairs to the existing system in the past year. When the furnace was not operating, Hope House used portable heaters, which is expensive and inefficient, and they often had to arrange alternate housing for Hope House residents because the temperature would drop below 50 degrees. !! !! This project will remove three existing furnaces and provide 2 new rooftop HVAC units and one high-efficiency furnace. Energy efficiency for the heating system will improve from 65% to 90%; cooling will improve from 8 SEER to 13 SEER.!! !! The building is located in the Emily Kimbrough Historic District, listed on the National Register of Historic Places and the project will adhere to the Secretary of the Interior's Standards for the treatment of historic structures. - 608 E. Main Street, Muncie, IN	1	CE	done	1			Yes

6351	Community Development Fund, Recovery Act	Deconstruction Training Program - In an effort to recycle valuable building components as part of its CDBG- and NSP-funded demolition program, the City will implement a pilot program to train local contractors and laborers to deconstruct houses. Two training programs will be conducted: 1) Using CDBG and NSP clearance funds, the City will contract with an experienced deconstruction specialist with an existing curriculum to teach contractors the art of building deconstruction; 2) Using CDBG-R funds, a deconstruction specialist will teach formerly incarcerated and other low- and moderate-income persons the skills necessary to perform deconstruction work, thus improving marketability to contractors. Instruction will involve both classroom work and on-site, hands-on deconstruction of a blighted structure. 3) The deconstruction training program will be developed in conjunction with Work One (the state's workforce development agency), the City's Weed and Seed/Community Corrections agency, Habitat for Humanity, and professional consultants who have expertise in building deconstruction and an established deconstruction training curriculum. The deconstruction process recycles building materials, thus reducing the tonnage accumulating at the landfill, and reducing fuel consumption and emissions by eliminating heavy demolition equipment operation full-time for	1	CE	done	1		No

6896	Home Investment Partnership Program, Recovery Act	Villa Alegre Apartments - The project will consist of 60 rental units on 3.9 acres on the north side of West Alameda Street across from the Santa Fe River and River Park and south of West San Francisco Street in Santa Fe. It will have 42 two bedroom (782 sq ft each) & 18 three bedroom (1,010 sq ft) units in four different building types with 25% of units set-aside for households with children and 5% for individuals with special needs. The project replaces 19600s era existing HUD housing which have not aged well. The existing units are empty and will be demolished upon final approval of all funding sources for this project. The new buildings will reflect and complement the character of the surrounding areas. All construction and systems will be energy efficient and in compliance with emerging green building technologies. There will be common open space with a mixture of passive and active recreation opportunities, including a clubhouse for community events and gatherings. Villa Alegre is 1 of 3 different re-development projects on this public housing site. Another is Villa Alegre Senior Apartments for which MFA also has commitments, a 4% tax credit/tax exempt bond project for seniors. The 3rd and final project will be a live/work development. The project will receive a HUD 2009	1	EA	done	1		9/9/2009	Yes

6958	Home Investment Partnership Program, Recovery Act	La Terraza Apartments - La Terraza is a 72 unit apartment complex proposed for a 3.47 acre site in Farmington, NM. The complex will consist of 9 two-story 8 unit buildings, offering spacious garden-style apartments designed for medium to large families. The complex will have 32 two-bedroom apartments with 894 SF of living space and 40 three-bedroom apartments with 1,154 SF of living space. There will be 18 units set-aside for persons with physical disabilities. Every apartment will have a breakfast bar, dining room, living room sliding glass opening to a private patio, exterior bulk storage, high efficiency HVAC units, vertical blinds and individual washer and dryer hookups. Buildings will be southwestern style with arched accents and low pitched shingled roofs and the exterior troweled stucco of one shade with areas of a second accenting color. Grounds will be xeriscaped and utilize a fully automatic irrigation system. A clubhouse and a recreational area with playground equipment and a half-court basketball area have been proposed. Additional amenities include a community garden for use by the residents and a central mail center. La Terraza's location makes it convenient to nearby resources such as grocery stores, medical services and employment centers.	1	EA	done	1		12/9/2009	Yes

7061	Community Development Fund, Recovery Act	Rehabilitation of sidewalks, curbs, gutters and storm drain - The Municipality is proposing the rehabilitation of existing deteriorated sidewalks, curbs, gutters and storm drain at Sabana Seca, Cadelaria, Ingenio, San José and Campanilla Communities. Safe, pedestrian-friendly neighborhoods are a priority for our community. The proposed project objective is to eliminate damaged concrete and/or unsafe conditions located in the sidewalk, and curbs areas in low income communities and to make these areas reasonably safe for pedestrians and improve the flow of water. The Municipality inspected the sidewalks in the proposed areas and found tripping hazards, broken and uplifted sections of sidewalk and other conditions that make the area unsafe for pedestrian. - Sabana Seca, Cadelaria, Ingenio, San José and Campanilla Communities, Toa Baja, PR	1	CE	done	1			No

7072	Home Investment Partnership Program, Recovery Act	Cornerstone Apartments - This project is a housing and neighborhood revitalization partnership between the City, Cornerstone of Topeka, R & J Investment Group Inc., and the Kansas Housing Resource Corporation for the construction of ten duplexes, twenty housing units, in the eastern part of the City with a projected cost of approximately \$2,899,470.00. With final approval, the City of Topeka shall be supplying \$101,500.00 of CHDO set-aside funds for new construction. No more than eleven of the housing units will receive direct federal funding. The proposed project site is undisturbed agricultural property and will be purchased and owned by Cornerstone of Topeka, Inc. This site does not currently have an assigned address on SE 13th Street but has a recorded property ID Number of 132403017004000. The site is approximately 3 acres in size. The northeastern edge of the property begins at the southwestern corner of SE 13th Street and SE Long Street. Long Street is a yet to be developed as a street east of the proposed project site but is an existing street on the north side of SE 13th. The units are approximately 860 feet from access to public transportation and within approximately 380 feet of Interstate 70. Because of the proximity to the interstate, sound attenuation is required and will include the construction of six foot high concrete block fencing on portions of the east, west and center sections of the project as specified by the project conditions. Motor signs, directional signs, and call boxes shall be installed to provide all of the housing units.	1	EA	done	1		1/7/2009	Yes

7163	Community Development Fund, Recovery Act	Board of health Urgent Housing Services - Franklin County as a U.S. Department of Housing and Urban Development (HUD) entitlement Urban County has been awarded \$488,455 in Stimulus CDBG/Recovery Program Funding under the American Recovery and Reinvestment Act of 2009 (ARRA). The intent of the CDBG Recovery program is for communities to invest the program proceeds into economic development, housing, infrastructure and other public facilities activities that will quickly spur economic investment, increased energy efficiency, and job creation or retention. Under this resolution the County will allocate \$240,000 to the Board of Health to expand its urgent repair homeowner rehabilitation program which assists homeowners facing the possibility of being evicted from their homes by repairing failed systems within their residences (systems such as furnaces, electrical, roofs and structural issues). The Board of Health manages the program including applicant intake, specification writing, bidding and the contract management aspects of the program. The cost of each collective household improvement is limited to \$6,000.00 which is provided to the homeowner as a grant. The program anticipates performing 37 housing repairs, assisting in the retaining of 175 jobs. - Franklin County outside	1	CE	done	1		7/16/2009	Yes

7202	Community Development Fund, Recovery Act	ECDI - Growing Entrepreneurs Initiative - Franklin County as a U.S. Department of Housing and Urban Development (HUD) entitlement Urban County has been awarded \$488,455 in Stimulus CDBG/Recovery Program Funding under the American Recovery and Reinvestment Act of 2009 (ARRA). The intent of the CDBG Recovery program is for communities to invest the program proceeds into economic development, housing, infrastructure and other public facilities activities that will quickly spur economic investment, increased energy efficiency, and job creation or retention. 11 Under this resolution the County will allocate \$100,000 to the Economic and Community Development Institute (ECDI) to implement a business incubator training and micro-lending program. The Growing Entrepreneurs Initiative business incubation program. The first stage of the incubator will focus on developing the capacities of food-related enterprises in Franklin County. Clients eligible to be served with Franklin County CDBG-R funding must meet HUD income guidelines. Program participants will have access to ECDI's traditional microenterprise training and capitalization programs, will receive food industry specific training and technical assistance, and will be eligible to apply for micro-loans for their businesses. As appropriate, ECDI will facilitate client access to the facilities and food science experts at the Ohio State University Food Industries Center, the Center for Innovative Food Technology (CIFT) in Northwest Ohio, and to other food-related resources. 11 The program anticipates providing training to 15 clients and loans to 8 entrepreneurs creating 12 jobs. - 3146 Agler Road, Columbus, Oh	1	CE	done	1		7/16/2009	Yes		
7203	Community Development Fund, Recovery Act	Increase CDC Microenterprise Loan Program - Franklin County as a U.S. Department of Housing and Urban Development (HUD) entitlement Urban County has been awarded \$488,455 in Stimulus CDBG/Recovery Program Funding under the American Recovery and Reinvestment Act of 2009 (ARRA). The intent of the CDBG Recovery program is for communities to invest the program proceeds into economic development, housing, infrastructure and other public facilities activities that will quickly spur economic investment, increased energy efficiency, and job creation or retention. 11 Under this resolution the County will allocate \$50,000 to Increase, CDC for a micro-lending program (the program will compliment the microenterprise development program Increase currently administers for the County.) The purpose of the program is to initiate, cultivate and grow microenterprise businesses in Franklin County. The program provides development services to prospective, (low-income) business owners through the creation of individualized, comprehensive business plans and loans to those businesses whose plans are found viable and who are ready to be capitalized. 11 The program anticipates providing training to 15 clients and loans to 8 entrepreneurs creating 12 jobs. - 3146 Agler Road, Columbus, Oh	1	CE	done	1			No		
7204	Community Development Fund, Recovery Act	Clinton Sidewalks Project - Franklin County as a U.S. Department of Housing and Urban Development (HUD) entitlement Urban County has been awarded \$488,455 in Stimulus CDBG/Recovery Program Funding under the American Recovery and Reinvestment Act of 2009 (ARRA). The intent of the CDBG Recovery program is for communities to invest the program proceeds into economic development, housing, infrastructure and other public facilities activities that will quickly spur economic investment, increased energy efficiency, and job creation or retention. 11 Under this resolution the County will allocate \$50,000 to the Franklin County Engineer's Office for a Clinton Township sidewalk construction project serving as an investment in the County's public infrastructure as well as augmenting the County's Neighborhood Stabilization Program efforts in the area. The project arose from the 2008 Clinton-Mifflin plan. The project is a product of the mutual cooperation of the Franklin County Engineer's Office and the Department of Economic Development & Planning to implement Board of Commissioners' priorities. 11 The program anticipates constructing 1636 linear feet of sidewalks and assist in the retaining of 6 construction jobs. - Cooke road, Columbus, Oh	1	CE	done	1		7/16/2009	Yes

7213	Home Investment Partnership Program, Recovery Act	House to Home - House to Home is a single-family affordable rental housing development consisting of 20 homes located in the central core of Kansas City, Wyandotte County. Each home will have three bedrooms (1,300 square feet) and will include standard amenities. In addition, tenants will be provided home maintenance, homeownerownership and financial literacy classes to enable them to eventually become homeowners. The homes will be built on multiple sites located in an area bounded by Orville on the north, 10th on the east, Central on the south and the alley between Valley and Thorpe, Kansas City, Kansas (Census Tract: 421). The homes will be built on vacant infill parcels. The existing conditions of the project area are single-family homes, a commercial corridor on Central and a Medical Office building in the middle. Most of the single-family homes are deteriorating and are surrounded by vacant pieces of land. The majority of the land is held in the Land Bank. If the area were to continue without the project, it would just become older and more dilapidated. Most of the homes were built in the early 1900's and have not had much upkeep. Most families in this area are low-income families and cannot afford to fix up their homes. Project is also HOME funded. - Bethany Neighborhood. 7254	Home Investment Partnership Program, Recovery Act	Fifth Street Apartments - Bird City, KS - The proposed project is for four rental duplex units and two single-family homes for qualifying family households who meet HOME Program guidelines. The duplex units will have two bedrooms and the houses will have three-bedrooms. The single-family homes are part of a "lease to own" program. Tenants will be those who qualify at the 50% and 60% (of median income) level. The site is located in Bird City, Kansas. § § The project will have a total of six units. Units are to have a mix of three tenants qualifying at 50% and three at 60% of the median income. Projected rents, excluding utilities (estimated at \$111 and \$131) range from \$285 - \$325 for the two-bedroom units and \$375 - \$425 for the three-bedroom units. § § The duplex units will be approximately 1,342 square feet in size including the garage. They will have single-car attached garages. They will have all kitchen appliances (including microwave ovens) and washers and dryers. The single-family homes will be 1,520 square feet in size including the two-car attached garages. They will also have unfinished basements. They will have all kitchen appliances and washers and dryers. Maintenance on both types of units will include waste removal, lawn care, and snow removal. § § The project developer does have a finalized architectural plan specifically for this project which will comply with all disability laws. The total construction cost for a duplex is estimated at \$194,666 and the cost for a single-family home is at \$151,000. § §	1	EA	done	1		6/22/2009	Yes

TOTAL COMPLETED: 26295		TOTAL PENDING: 787		Total Yes 7148						
7422	Home Investment Partnership Program, Recovery Act	Hilltop Terrace - The Hilltop Apartments are an Acquisition / Rehabilitation of an existing 39 unit affordable housing development in Valencia County (2009 High Priority Geographic Area). The last rehabilitation was undertaken in 1988 as a Section 42 Low Income Housing Tax Credit. The project is in great need of capital improvements and presents an important preservation opportunity given that the existing 15 year compliance period expired in 2003. The developers are working with the architect to provide more than a face lift through Enterprise Green improvements and improved curb appeal. The unit improvements will decrease utility costs and improve livability. Common areas will be expanded from a small laundry area and dilapidated playground structure through construction of a new community building. The new community building will be flanked by an entry plaza and basketball court. The expanded space will house a new managers unit, laundry facilities, leasing office and space for social services including recreation room with computer access for tenants use. The end result will be a more visually appealing, accessible and sustainable 40-unit affordable rental community for a new generation of modern amenities for the families that reside there - 393 Canal	1	CE	done	1		No		
7423	Home Investment Partnership Program, Recovery Act	Belen Apartments - The Belen Apartments are an acquisition / rehabilitation of an existing 40 unit affordable housing development in Valencia County (2009 High Priority Geographic Area). The last rehabilitation was undertaken in 1988 as a Section 42 Low Income Housing Tax Credit. The project is in great need of capital improvements and presents an important preservation opportunity given that the existing 15 year compliance period expired in 2003. The developers are working with the architect (Autotrogh) to provide more than a face lift through Enterprise Green improvements and improved curb appeal. The unit improvements will decrease utility costs and improve livability. Common areas will be expanded from a small laundry area and dilapidated playground structure through construction of a new community building. The structure will be built on an adjoining parcel and will include offices for the social programs, modern laundry facilities and expanded recreation room with computers for tenant use, leasing offices along with a new manager's unit. The existing manager unit will be gutted and converted into a 3 bedroom handicap accessible unit and an existing two bedroom unit made fully accessible. The end result will be a more visually appealing, accessible and	1	CE	done	1		No

7526	Community Development Fund, Recovery Act	Hemet Area Senior Services Center - The County will fund to pay for costs associated with the construction (Conversion/renovation) of a 13,000 square foot facility located in the City of Hemet. The new facility, to be located in an existing commercial building, will replace the existing 8,000 square foot Hemet Senior Services Center. The existing Center can no longer provide adequate and functional space for the essential services needed by seniors in the mid-county region. The project includes the conversion and renovation of a vacant, 13,248 square foot, County-owned commercial building (former Smart and Final). This renovated facility will provide space for employment, counseling, referral, and veterans services. The reconfigured interior will include conference and meeting rooms, waiting areas, offices, storage space, restrooms, activities areas, a break room, as well as electrical and plumbing improvements. The exterior of the building will be redesigned to provide a modern façade. Other exterior improvements include parking, vehicular and pedestrian flow, landscaping, outdoor activities, drainage, signage, and other improvements. Further, the modernization and renovations to the structure will incorporate energy efficiency and water conservation measures.	1	EA	done	1		4/7/2010	Yes

7633	Community Development Fund, Recovery Act	46th Avenue Street Improvements - The purpose of the proposed 46th Avenue Street Improvements project is to make improvements to an existing city street in order to provide efficient traffic movement between 28th Street and the newly constructed 28th Street Elementary School. Project involves widening the existing road to 22 feet. Since a certain portion of the existing street is out of the city right-of-way, some existing sections will be demolished or abandoned and a new road section will be constructed in the right-of-way. The project limits include the entire length of 46th Ave, north from 28th St to end of the road (approximately 2100 linear feet) and a portion of 31st St in front of the school (approximately 400 ft). The existing roadway is 18 foot wide asphalt paved 2-lane facility not suitable for school bus traffic. The upgrade to the roads includes widening to achieve 22 feet, two-lane facility and improving the drainage system to city standards - 46th Avenue (between 28th St and 31st St), Gulfport, MS	1	EA	done	1		9/30/2009	Yes				
7634	Community Development Fund, Recovery Act	46th Avenue Street Improvements - The purpose of the proposed 46th Avenue Street Improvements project is to make improvements to an existing city street in order to provide efficient traffic movement between 28th Street and the newly constructed 28th Street Elementary School. Project involves widening the existing road to 22 feet. Since a certain portion of the existing street is out of the city right-of-way, some existing sections will be demolished or abandoned and a new road section will be constructed in the right-of-way. The project limits include the entire length of 46th Ave, north from 28th St to end of the road (approximately 2100 linear feet) and a portion of 31st St in front of the school (approximately 400 ft). The existing roadway is 18 foot wide asphalt paved 2-lane facility not suitable for school bus traffic. The upgrade to the roads includes widening to achieve 22 feet, two-lane facility and improving the drainage system to city standards - 46th Avenue (between 28th St and 31st St), Gulfport, MS	1	CE	done	1		9/30/2009	Yes

7800	Home Investment Partnership Program, Recovery Act	Bedell Terrace - Funding from HUD's Tax Credit Assistance Program (TCAP) is being sought in connection with a project known as Bedell Terrace (the Project). The Project consists of the acquisition and rehabilitation of a 244 unit multifamily rental development consisting of 26 apartment buildings located at 10-26 Bedell Street /& 91-101 & 105-145 Terrace Avenue in the Village of Hempstead, Nassau County, NY. The Project consists of 133,943 square feet of residential space that primarily serves low-income tenants. The 26-building, 244-unit Project was constructed in the late 1920s and has fallen into severe disrepair. Currently eight of 26 buildings are vacant and many others house only 1 or 2 tenants. The Project is presently 66% occupied. Ninety seven percent of the 243 revenue-generating units, or 236 units, are expected to be set aside for tenants with incomes at or below 60% of the Area Medium Income (AMI) for the Nassau-Suffolk, NY HUD FMR adjusted for family size.  The Borrower proposes a substantial rehabilitation to be undertaken with tenants in place. The proposed scope of work consists of interior and exterior capital improvements and apartment upgrades. Major improvements include the replacement and upgrading of structural systems and building mechanical, plumbing and electrical, new roof, brick	1	EA	done	1		9/22/2009	Yes

7804	Home Investment Partnership Program, Recovery Act	Vincintas Hall - The City of New York - Department of Housing Preservation and Development (HPD) intends to undertake activities funded through the US Department of Housing and Urban Development's (HUD) Tax Credit Assistance Program (TCAP) to finance the completion of a new, seven-story, 68-unit supportive housing development at 507-513 East 176th Street in the Bronx (Block 2924, Lot 38, 39, 42). The proposed project also includes ancillary common space for building residents, space for social service provisions, a laundry room and a landscaped rear yard. The project site is located on the north side of East 176th Street at Third Avenue. The project site covers approximately 6,852 square feet and was formerly used as a parking lot. The property is owned by Amber Housing Development Fund Corporation (HDFC), a subsidiary of the project sponsor, The Lantern Organization.  The Lantern Organization, the project sponsor, proposes to create a new supportive housing development which would offer 68 studio apartments. Building management would be provided by The Lantern Organization, which owns other nearby supportive housing developments. Of the total 68 units, 41 would be rented to individuals aging out of the foster care system who would otherwise be at risk of chronic homelessness. The remaining 27 units would be rented to members of the surrounding community, with preference given to younger tenants. All units would be limited to	1	EA	done	1		12/31/2009	Yes

7957	Public Housing Capital Fund, Recovery Act	Provo City Housing Authority ARRA Capital Fund Program Competitive Grant - ARRA Funding will be used for energy efficiency improvements at various family elderly housing sites. - 650 West 100 North, Provo, UT	1	CE	done	1			No				
7958	Home Investment Partnership Program, Recovery Act	Parkside Commons - Funding from HUD's Tax Credit Assistance Program (TCAP) is being sought in connection with a project known as Parkside Commons (the Project). The Project will consist of the acquisition and rehabilitation of a 393 unit, multifamily rental development, consisting of 14 apartment buildings, located at 1935-2001 East Fayette Street (Tax Map ID # 036-.01-18.0) in the City of Syracuse, Onondaga County, New York. The Project has an existing HFA mortgage from 1994 under the name Rolling Green. The Project was constructed in two phases in 1948 and 1962. The entire 14-building, 393-unit complex was renovated in 1980 and was refinanced in 1994 as an LHFC project. Amenities include laundry facilities, a playground, a community room, and outdoor parking lots for tenants. The management office is located on the premises. The Project is presently 97% occupied. The Borrower proposes a substantial rehabilitation to be undertaken with tenants in place. The proposed scope of work consists of interior and exterior capital improvements and apartment upgrades. Major improvements include the full modernization of elevators, new bathrooms and kitchens, new appliances, upgrading of the security system, installation of interior and exterior capital improvements and apartment upgrades. The Project will consist of the acquisition and rehabilitation of a project known as Parkside Commons (the Project). 8016	Home Investment Partnership Program, Recovery Act	Van Rensselaer Village Revitalization - Watervliet HDFC, Inc. proposes substantial rehabilitation of an existing 12 buildings with 100 units into proposed 17 buildings with 81 units by removing sections of some buildings. The two-story row houses for families, with 81 residential units, on a 5.8 acre site on 16th Street in the City of Watervliet, Albany County. Van Rensselaer Village Apartments is an existing project supervised by DHCR with 100 units in 12 garden apartment buildings. There is parking for 100 vehicles at present. The proposed scope of the project is substantial rehabilitation to reduce the total number of units to 81 and reconfigure the unit mix and building configuration. Through selective demolition, the long, low buildings will be divided thereby increasing the total number of buildings to 17, but lowering the overall density to 81 units. Work will include sprinkling the buildings, replacement of all windows and insulation of all exterior walls and additional insulation in the attic space, installation of high efficiency gas boilers and on-demand hot water in each unit and addition of central air conditioning. Also renovation of kitchens and bathrooms, replacement of appliances and lighting with Energy Star, the re-siding of all buildings and replacement of flat roofs with	1	EA	done	1		12/11/2009	Yes

8032	Home Investment Partnership Program, Recovery Act	Madison Plaza Apartments - Funding from HUD's Tax Credit Assistance Program (TCAP) is being sought in connection with a project known as Madison Plaza (the "Project"). The Project involves the acquisition and rehabilitation of a residential rental development, known as Madison Plaza, consisting of 127 units, located at 100 North Madison Street, Rome, New York. Madison Plaza consists of one seven-story residential building for family tenants on a 2.59 acre lot. The building is an existing Mitchell Lama project built in 1973, under HUD's Section 236 program. The project includes 29 efficiency apartments, 48 one-bedroom units and 50 two-bedroom units and includes 102 parking spaces. One, one-bedroom unit is reserved for the project superintendent. The first floor of the building contains a lobby, laundry room, community room, mechanical and storage rooms. ☺ ☺ The Borrower proposes a substantial rehabilitation to be undertaken with tenants in place. The proposed scope of work consists of facade repair, site-work, new windows, new doors, common area upgrades, kitchen and bathroom upgrades including refrigerators and stoves, elevator, trash compactor and fire system replacement/refurbishing. Total rehabilitation costs are anticipated to be approximately \$5,466,160 or \$43,041 per unit. Upon completion of the rehabilitation there would be no change in the number of dwelling units which would remain at 127. ☺	1	CE	done	1		8/27/2009	Yes	
8033	Community Development Fund, Recovery Act	Briarcliff Storm Sewer Project - The project consists of replacing the existing 36" diameter storm sewer with a new 42" diameter storm sewer at a steeper slope thus eliminating a bottleneck situation with increased capacity to minimize the probability of residential flooding. - Briarcliff Road, Bolingbrook, IL	1	CE	done	1		10/30/2009	Yes	
8034	Public Housing Capital Fund, Recovery Act	Gifford Tower Elevator Project - Planned upgrade to one elevator and planned replacement of another elevator in Gifford Tower. Contract has been signed and preliminary electrical work has begun. Anticipate elevator removal and replacement work to begin in February 2010. - 2510 N Clarkson St., Fremont, NE	1	CE	done	1		5/26/2009	Yes

8221	Home Investment Partnership Program, Recovery Act	Livonia Terrace - Funding from HUD's Tax Credit Assistance Program (TCAP) is being sought in connection with the rehabilitation of 17 existing apartment buildings in the East New York neighborhood of Brooklyn. Livonia Partners, LLC is seeking to rehabilitate apartments within 17 existing residential buildings located at 435, 441, 443, 446, 452, 456, 462, 466, 469, and 475 Alabama Avenue and 446, 450, 456, 466, 468, 470, and 476 Georgia Avenue (Block 3802, Lot 38; Block 3803, Lots 1 and 11). The existing four-story buildings currently contain a total of 171 dwelling units plus a superintendent's unit and a management office. Upon completion of the rehabilitation there would be no change in the number of dwelling units which would remain at 171. The unit distribution is as follows: 43 1-bedroom units with 1 bath, 50 2-bedroom units with 1 bath, 40 3-bedroom units with one bath, 28 4-bedroom units with 1.5 baths and 12 5-bedroom units with 1.5 baths. All 173 units will be rehabilitated using TCAP and HOME funds and current tenants will be allowed to remain in the building during rehabilitation activities, which consist of minor repairs and improvements. This project is determined to be categorically excluded according to 24 CFR 58.35 (a)(3)(ii) - 435, 441, 443, 446, 452, 456, 462, 466, 469, and 475 Alabama Avenue and 446, 450, 456, 466, 468, 470, and 476 Georgia Avenue, Brooklyn, NY	1	CE	done	1			No

8454	Home Investment Partnership Program, Recovery Act	Hudson Terrace Apartments - Evergreen Partners, LLC, proposes substantial rehabilitation of existing, 3-story buildings (13 buildings total) for families with 167 residential units, on a 5.8 acre site at 15 North Front Street, City of Hudson, Columbia County. The project was constructed in 1973. The property over looks the Hudson River at the top of a bluff. The property is separated into two sections by Promenade Hill Park. Four buildings contain laundry facilities. Interior improvements will be replacement of kitchens, bathrooms, flooring and doors. Each apartment will be painted and wired for smoke detectors. New gas fired heating systems will replace the existing electric heat and provide central air conditioning. Exterior improvements include replacement of roofs, windows and siding. Building insulation will be improved. The renovation will follow the DHCR green building design criteria. Tenants will be relocated in phases during rehabilitation. Minor site disturbance will occur in the form of underground installation of downspout extensions, regrading at base of buildings to provide positive drainage, sidewalk replacement and parking lot repair. Public water and sewer are available at the site. - 15 North Front Street, Hudson, NY	1	EA	done	1		12/11/2009	Yes

8500	Home Investment Partnership Program, Recovery Act	Veterans Apartments - The proposed Veterans Apartments Project will include construction of a twenty-seven unit apartment building, which will provide permanent housing and services for homeless veterans and their families. The apartment building will be four stories with the first level consisting of common areas and ground level, tuck-under parking, and the remaining three levels occupied rental units. All units will be affordable and are set-aside for individuals who will be at or below 60% of the Area Median Incomes (AMI), and most of the individuals will likely be at 0-30% of the AMI. There will be seventeen one-bedroom/one-bathroom units, eight two-bedroom/two-bathroom units and two three-bedroom/two-bathroom units. One of the one-bedroom units will be reserved for a fulltime manager. There will be rental assistance through the HUD-VASH (Veteran's Administration Supportive Housing) vouchers.  The Project will provide much needed high quality housing to homeless veterans and veterans in need of temporary support. Tax Credit Assistance Program (TCAP) financing is being requested from the CHFA to facilitate the Project's completion and long term success. 7626 North Eastern Boulevard, Denver, CO	1	EA	done	1	1/19/2010	Yes

8714	Home Investment Partnership Program, Recovery Act	Orcutt Townhomes III - Orcutt Townhomes Phase III is the continuation of the redevelopment of the former Orcutt Homes public housing project. Previously the developer, the Newport News Redevelopment and Housing Authority has replaced over 100 units of public housing with the Ashe Manor midrise, consisting of 50 units for elderly and disabled households; and Orcutt Townhomes Phase II, consisting of 40 units for families. Orcutt Townhomes Phase III will feature 30 units for families in two and three-bedroom townhouse duplexes and garden style apartments. The developer will utilize the principles of universal design to the greatest extent possible and will incorporate green building techniques enabling the project to receive Earthcraft Virginia certification.  The rents for every unit will be paid from the NNRHA's Annual Contributions Contract and as a mixed-finance project there will be no hard ebt service, therefore our debt service coverage ratio, and annual increases in revenues and expenses appear to be outside of VHDA's standards. - 3200 & 3500 Blocks of Orcutt Avenue and 1000 Block of 32nd,33rd, 35th, 36th and 37th Streets, Newport News, VA	1	EA	done	1		12/22/2009	Yes

8734	Community Development Fund, Recovery Act	Home Gardens Community Sidewalk & Pedestrian Safety Improvements - CDBG-R funds will be used by the County of Riverside to pay for costs associated with the design, engineering, and construction of approximately 3,000 lineal feet of sidewalk, ADA accessibility, curb, gutter, and ancillary improvements to portions of Indiana Ave, Neece Street, and Brotherton Street in the unincorporated community of Home Gardens. The improvements will benefit an established residential area that has a low/moderate-income percentage of nearly 70%. These improvements will provide immediate benefits to pedestrians, disabled persons, and motorists in this portion of Home Gardens. The improvements will provide secondary benefits including managed drainage and storm water runoff, PM10 (dust) mitigation, vehicle parking, and increased property values. This project has been selected for CDBG-R funding because it is anticipated that the activities can be started and completed expeditiously. It is expected that work can be initiated within 120 days of the date that the CDBG-R funds area made available to the County. However, there will be some factors that may delay the project implementation including delays of work and utility relocation. The RFP for the design and construction of the Refurbish fire pumps - refurbishing at 3 sites, Kennedy Apartments, Ribicoff Apartments and Graham Apartments - Martin Luther King Drive/East Main Street, New Britain, CT	1	CE	done	1		9/9/2009	Yes

8931	Home Investment Partnership Program, Recovery Act	774 West Main Street Apartments - Funding from HUD's Tax Credit Assistance (TCAP) is being sought in connection with a project known as 774 West Main Street Apartments (the Project). The Project will consist of site acquisition, the rehabilitation of an existing building(convent) and the new construction of two additional buildings comprising a total of 113-unit supportive housing rental apartments. The Project site is located at 750-782 West Main Street, 733 and 739 Brown Street in the City of Rochester. It is bordered by West Main Street on the south and Brown Street on the north. The site consists of an existing one-family structure, one two-family structure and a two story building constructed in 1993 and an attached three-story convent building, along with a vacant lot currently used for parking. The one-family, two-family and two-story building will be demolished. In addition to site acquisition, the Project involves rehabilitation and addition to an existing convent of 14 studio apartment units, the new construction of one three-story building containing 75 studio apartment units, the new construction of one two-story building containing 24 one-bedroom apartment units, and 43 on-site parking spaces. The eighty nine studio units will be occupied by tenants who are referred from the New York State Office of Mental Health (DOMHS) and will be persons with psychiatric disabilities. The remaining 24 units will house families making less than 60% of AMI. The Project will also include approximately 20,000 square feet of community space for use as offices and meeting rooms to provide supportive services to the residents. B	1	EA	done	1		8/25/2009	Yes

8935	Home Investment Partnership Program, Recovery Act	East Harlem MEC Center - Parcel C - Parcel C, LLC proposes new construction of an eight story, elevator building for families, with 49 residential units, on a .25-acre site located at 2293 Third Avenue (at East 125th St.) in the City of New York, New York County. The building will include street level commercial space and separate residential elevator lobby, with residential units on the upper floors. A community room, tenant storage and laundry services will be available to residential tenants in the building's basement. The design and construction of the project will follow the NYS Division of Housing and Community Renewal's guidelines for the Green Energy Efficiency Building Initiative. Public water and sewer are available at the site. Site work will include clearing, grading and excavation, construction of driveways, parking areas and sidewalks, finish grading and landscaping.  The proposed project is the first phase of a larger development, known as the East 125th Street Development, which comprises approximately 6 acres in East Harlem, from East 127th Street to East 125th Street and from Third Avenue to Second Avenue. STV Incorporated prepared a Final Environmental Impact Statement (FEIS) for the NYC Economic Development Corporation on the entire development in August 2008. In a City Environmental Quality Review (CEQR)	1	EA	done	1		12/30/2009	Yes

8937	Home Investment Partnership Program, Recovery Act	Farmington Senior Apartments - Funding from HUD's Tax Credit Assistance (TCAP) is being sought in connection with a project known as Farmington Senior Housing (the "Project"). The Project will consist of the construction of a new two-story garden style apartment complex with approximately 87,230 square feet of gross building area containing 88 units (seventy-two (72) one-bedroom, and sixteen (16) two-bedroom units). The Project will provide permanent housing for low-income households in which at least one member is 55 years of age or older. It is anticipated that fourteen (14) of the total units will be constructed to meet the needs of persons with physical disabilities, and that three (3) of the total units will be wired for audio/visual impaired individuals. Amenities will include laundry facilities, porches, and terraces attached to all of the units, energy efficient design and appliances, and a community meeting room/lounge. The building will be served by one elevator. A total of 90 parking spaces will be available for residents.¶ ¶ The Project is located on a 9.2 acre vacant parcel of land approximately 1,000 feet west of State Route 332, in the town of Farmington, Ontario County, New York. This parcel of land was part of a larger parcel (62.5 acres) that was rezoned from GB General Business and RB Restricted Business to IZ Incentive Zoning to accommodate a seven lot subdivision. This rezoning was approved by a Town Board Resolution on May 12, 2008. Environmental Protection Bulletin with a Monitoring Farmington Senior Apartments - Funding from HUD's Tax Credit Assistance (TCAP) is being sought in connection with a project known as Farmington Senior Housing (the "Project"). 8939	Native American Housing Block Grant, Recovery Act	Low Income Housing Construction - The Tribe is constructing four low-to-moderate-income rental units and three single family houses within the Haines Borough. This project clearly enhances the community's viability by reducing the number of families living in substandard housing by making four affordable rental units available. The project will result in an increase in affordable and decent rental units. This will reduce the number of families waiting for affordable housing who currently live in either substandard rental units or overcrowded homes because they are forced to stay in the home of their parents. The subdivision will be constructed on the Tribe's land less than one-tenth of a mile from downtown Haines. This allows the occupants easy access to the town's infrastructure: post office, grocery store, and schools. The four-plex will be 4,050 square feet in size and contain four two-bedroom apartments, the size with the highest demand, and an onsite laundry facility. - Lot 2 Block 3, Haines, AK.	1	EA	done	1		3/21/2008	Yes			
8940	Native American Housing Block Grant, Recovery Act	Low Income Housing Construction - The Tribe is constructing four low-to-moderate-income rental units and three single family houses within the Haines Borough. 8954	Home Investment Partnership Program, Recovery Act	Selfhelp Kissena I and II Apartments - Funding from HUD's Tax Credit Assistance Program (TCAP) is being sought in connection with a project known as Selfhelp Kissena I and II Apartments (the BProjectB). The Project consists of the acquisition and rehabilitation of a 424 unit senior housing Mitchell-Lama development located at 45-25 Kissena Boulevard (Kissena I) and 137-45 45th Avenue (Kissena II), Queens County, New York. B Kissena I is an existing Mitchell-Lama financed senior housing project. Built in 1969, it contains 135 apartments in a 12-story building on an approximate 1.32 acre site. Amenities include 13 above ground parking spaces, a computer lab, a library, a dining room, a community room, a laundry room and several landscaped areas. The Project is connected to an adjacent senior center operated by Selfhelp which provides various programs and meals for eligible seniors. These programs are supported by the City of New York Department for the Aging. The services of the senior center are available to the residents for a nominal fee. The building also includes offices for the Senior Services provided to the Queens community by Selfhelp as well as a medical office. B Kissena II is an existing Mitchell-Lama financed senior housing property. Built in 1971 it contains 289 apartments in a 19-story building on an approximately 0.33 acre site. Amenities include 55 above ground parking spaces, a computer lab, a library, a dining room, a community room, a laundry room and landscaped sitting areas. The Project is located one block away from the Kissena I Building and the senior center operated by Selfhelp. The services of the senior center are available to the residents for a nominal fee. The building also contains offices for the various programs operated by Selfhelp. B 24-hour security is provided by Selfhelp in both Projects. An on-site management office is maintained in both Projects. Two, two-bedroom units are set aside as non revenue units each occupied by a superintendent. Social workers employed by Selfhelp ensure that the needs of residents are addressed and referrals for any services needed are made available to the residents. B	1	EA	done	1		8/26/2009	Yes

8957	Home Investment Partnership Program, Recovery Act	Metro North Rehab Redevelopment Project (Hobbs Court and The Ciena), East Harlem - Funding from HUD's Tax Credit Assistance Program (TCAP) is being sought in connection with the development of affordable housing on two sites in the East Harlem neighborhood of Manhattan. Hobbs Ciena Associates L.P. is proposing redevelopment and rehabilitation affecting a total of 17 six-story walk-up buildings currently owned by the New York City Housing Authority. The existing buildings currently contain a total of 321 vacant dwelling units. The proposed project includes two components: (i) demolition of 12 buildings (containing 212 unoccupied units) on E. 102nd and 103rd Streets between First and Second Avenues to facilitate the construction of a new 8-story building with 259 affordable units, and (ii) the rehabilitation of five buildings (containing 109 unoccupied units) located on E. 100th Street between First and Second Avenues to provide 81 units which upon completion of rehabilitation would be contained within a single building. Upon completion, the two components will have a combined total of 340 units. The properties are currently owned and maintained by NYCHA. However, a ground lease between NYCHA and the project sponsor will be executed to facilitate the proposed redevelopment and rehabilitation. All units will be affordable and rented to low and moderate income households. B Of the total 340 units, 259 would be located in a new 8-story building to be constructed on E. 102nd Street between First and Second Avenues (Block 1674, Lots 5, 7, 8, 10, 11, 13, 40, 42-46, and 48). The remaining NYCHA structures on these lots will be demolished prior to redevelopment. Landscaped outdoor space for passive recreation, approximately 150 below-	1	EA	done	1		6/30/2009	Yes

8995	Home Investment Partnership Program, Recovery Act	Stonewood Village - Funding from HUD's Tax Credit Assistance Program (TCAP) is being sought in connection with a project known as Stonewood Village (the [Project]). The Project consists of the acquisition and rehabilitation of a 188 unit multifamily rental development located at 200 Myrtlewood Drive (also known as 3410 East Henrietta Road) in Henrietta, Monroe County, New York. [B] The Project is the combination of 31 townhomes for low-income families (which each contain 4 three-bedroom apartments) and two, 2-story apartment buildings which each contain 31, one-bedroom apartments for tenants who are elderly and /or have disabilities. Two additional units are currently used as community and office space and are not revenue producing. 100% of the revenue-generating units, or 187 units, are expected to be set aside for tenants with incomes at or below 60% of the Area Medium Income (SAMI) for the Rochester, NY MSA, adjusted for family size. [B] The rehabilitation will create a community room and a connection between the two apartment buildings for the elderly and people with disabilities. This addition will free up two apartments, which are currently used as community and office space, allowing 187 units to be rented to tenants and the creation of a one bedroom superintendent's unit. Upon completion of the rehabilitation there would be no change in the number of dwelling units which would remain at 188.[B]	1	EA	done	1		8/7/2009	Yes

9000	Home Investment Partnership Program, Recovery Act	Ogden Heights Senior Apartments - Funding from HUD's Tax Credit Assistance (TCAP) is being sought in connection with a project known as Ogden Heights Senior Apartments (the [Project]). The Project will consist of the new construction of a 63,915 square foot apartment building with 89 units (78 one-bedroom units ranging in size from 676 to 881 square feet and 11-bedroom units ranging in size from 918 to 960 square feet) for seniors 62 years of age or older. The Project is located on a 8.5-acre vacant parcel of land at 2359 Spencerport Road, just east of Gillett Road (Tax Map ID # 102.02-2-3.1) in the Town of Ogden, Monroe County, New York. This parcel of land was part of a larger parcel (90 acres) that was subdivided by the Town in 2007 to accommodate a larger development of single-family homes, senior patio homes and commercial development. Phase 1 of the project includes the Ogden Heights Senior Apartments and 31 senior patio homes that are not part of this funding request. [B] The two-story i-shaped building will include an elevator, air conditioning, tenant and visitor parking, common laundry, community room, tenant storage, rental office and individual tenant services provided by Unity Health System. The total development cost of the project is approximately \$13,656,709. \$ 4,370,000 in TCAP funds have been proposed for the project, as well as \$250,000 in Monroe County Community Development Block Grant Funds and other funding sources. [B]	1	EA	done	1		9/11/2009	Yes

9040	Home Investment Partnership Program, Recovery Act	Pine Harbor Apartments - Funding from HUD's Tax Credit Assistance Program (TCAP) is being sought in connection with a project known as Pine Harbor Apartments (the Project). The Project consists of the acquisition and rehabilitation of a residential rental development consisting of 208 units located at 10 Seventh Street, Buffalo, Erie County, New York. Pine Harbor Apartments is an existing Section 236, multifamily residential rental project, situated on approximately 7.5 acres, in 1 seven-story building with two elevators and 1 townhouse containing a total of 208 units, including 1, non-revenue one-bedroom model unit. Unit mix includes 85 one-bedrooms, all approximately 550 square feet, 43 two-bedrooms, all approximately 650 square feet, 40 three-bedrooms, all approximately 800 square feet, 40 four-bedrooms, all approximately between 900 and 1050 square feet. The buildings were constructed in two phases in 1974 and 1975. Amenities include 210 parking spaces, including 10 handicap spaces, a community room, playground area and laundry facilities.  The Borrower proposes a moderate rehabilitation to be undertaken with the tenants remaining in place. The proposed scope of work consists of new windows, roof replacement, security monitoring system, lighting upgrades throughout, landscaping, office and community room upgrade, elevator modernization, bathroom upgrades and many new kitchen	1	EA	done	1		10/13/2009	Yes			
9041	Home Investment Partnership Program, Recovery Act	Pine Harbor Apartments - Funding from HUD's Tax Credit Assistance Program (TCAP) is being sought in connection with a project known as Pine Harbor Apartments (the Project). 9046	Public Housing Capital Fund, Recovery Act	CFRG ARRA - Patio Doors and Siding Replacement - 2400 Nevada Ave, St. Louis Park, MN	1	CE	done	1			No			
9047	Native American Housing Block Grant, Recovery Act	Chilkoot Estates, ARRA IHBG - The Recovery Act Funds will be used to supplement ICDBG funding that the Tribe is using to construct four low-to-moderate-income rental units within the Haines Borough. This project clearly enhances the community's viability by reducing the number of families living in substandard housing by making four affordable rental units available. The project will result in an increase in affordable and decent rental units. This will reduce the number of families waiting for affordable housing who currently live in either substandard rental units or overcrowded homes because they are forced to stay in the home of their parents. The four-plex will be constructed on the Tribe's land less than one-tenth of a mile from downtown Haines. This allows the occupants easy access to the town's infrastructure: post office, grocery store, and schools. The four-plex will be 3,600 square feet in size and contain four two-bedroom apartments, the size with the highest demand, and an onsite laundry facility. - Lot 2, Block 3, Haines, AK	1	CE	done	1		12/4/2007	Yes

9696	Native American Housing Block Grant, Recovery Act	The Settlement - The project is the development of nine single family homes for the Tribe's elders. All homes are green construction and built on a 36-acre parcel located in Wayland Twp., MI., on 128th Ave. To meet the elders' needs, the homes are a mixture of barrier free and general floor plans. Holland Engineering, Inc. was selected as a result of the Request for Proposals (RFP), which solicited engineers. Holland and the Committee overseeing the project addressed site plans and the steps necessary for approval from the local township. During this reporting period, the following items within Holland's scope of work were completed: surveying, development of a site plan, street design, and geotechnical assessment. Plans for the utility layout and development of a storm water management plan have been initiated. The Wayland Township Planning Commission held their preliminary review of the Tribe's rezoning request. Substantial time was spent preparing a Request for Qualifications (RFQ) for general contractors. Important factors in the RFQ are: relevant experience, financial capacity, green building experience, applicant profile, Indian preference, experience with the Department of Housing & Urban Development, compliance with RFQ requirements, and references. The RFQ was published on March 26 on the Tribe's website, in the Tribe's newsletter, in two local papers, and on-line.	1	EA	pending		1		No

Holland Engineering, Inc. was selected as a result of the Request for Proposals (RFP), which solicited engineers. Holland and the Committee overseeing the project addressed site plans and the steps necessary for approval from the local township. During this reporting period, the following items within Holland's scope of work were completed: surveying, development of a site plan, street design, and geotechnical assessment. Plans for the utility layout and development of a storm water management plan have been initiated. The Wayland Township Planning Commission held their preliminary review of the Tribe's rezoning request. Substantial time was spent preparing a Request for Qualifications (RFQ) for general contractors. Important factors in the RFQ are: relevant experience, financial capacity, green building experience, applicant profile, Indian preference, experience with the Department of Housing & Urban Development, compliance with RFQ requirements, and references. The RFQ was published on March 26 on the Tribe's website, in the Tribe's newsletter, in two local papers, and on-line.	1	CE	pending		1		No	
9698	Home Investment Partnership Program, Recovery Act	Mesquite Terrace Apartments - New construction of a 106 unit multi-family complex, comprised of 4 one-story buildings and 1 three-story building on 6.9 acres. 9732	Community Development Fund, Recovery Act	Bartolo Square North Improvement Project Phase I - The Bartolo Square North Neighborhood Street Improvement Project involves the construction and installation of a new polyvinyl chloride (PVC) 88 water main pipe lines to replace existing 88 cast iron pipes that are corroded. Due to the corrosion, water main breaks and leaks occur frequently. These leaks and breaks affect water quality and pressure as well as increase the potential for contamination of the drinking water system. The reduced water pressure affects fireline service to the area in the event of an emergency, but most significantly, main breaks result in a loss of potable water to the residents. The new proposed PVC water main pipe line is an industrial standard that prevents corrosion and has a greater useful life as compared to the cast iron pipe. PVC water pipe lines will provide residents with improved quality of potable water, improved water distribution and improved fireline service. The new water main pipe lines comprise of 6,796 linear feet and will be constructed and installed on Hill Street from Ventura Road to B Street (2,200 linear feet) on B Street from Wooley Road to Hemlock Street (3,796 linear feet) and on Hill Street from Cypress Street to Fairbank Street (800 linear feet). - Hill Street, Redding, CA	1	CE	done	1			No

10263	Public Housing Capital Fund, Recovery Act	Installation of Heating & Cooling Systems - Installation of energy efficient HVAC Systems. Sites: Jewett Circle, San Juan Homes, Mission Park, Williamsburg, Tarry Towne, Escondido, Glen Park, Madonna, Sahara Ramsey, Kenwood North & Manor, Dispersed and Scattered Site SFRs. - 425 S.W. 34th Street, San Antonio, TX	1	CE	done	1		10/9/2009	Yes	
10264	Community Development Fund, Recovery Act	Marion - Downtown Slums and Blight Project - This project will further the implementation of a Town Campus Plan to ensure connectivity between anchor destinations and commercial sites (shopping, lodging, dining, etc.) in Downtown Marion through pedestrian way improvements, façade revitalization, and physical blight elimination. A significant activity will be the transfer of the Historic Marion School as well as renovations at the adjacent Smyth County Courthouse to include improved and expanded parking in Downtown Marion. By revitalizing Downtown Marion and initiating the adaptive reuse of the Historic Marion School Building as the Appalachian School of Music and Art, this project will play a significant role in the overall economic restructuring of Southwest Virginia. The tourism cluster in Southwest Virginia has been shown to be a driving force for economic restructuring, which will help maintain strong economies in the small, rural communities during difficult economic times. The project is expected to create 40 temporary construction jobs. - P.O. Box 1005, Marion, VA	1	EA	done	1		7/1/2009	Yes	
10265	Community Development Fund, Recovery Act	Marion - Downtown Slums and Blight Project - This project will further the implementation of a Town Campus Plan to ensure connectivity between anchor destinations and commercial sites (shopping, lodging, dining, etc.) in Downtown Marion through pedestrian way improvements, façade revitalization, and physical blight elimination. A significant activity will be the transfer of the Historic Marion School as well as renovations at the adjacent Smyth County Courthouse to include improved and expanded parking in Downtown Marion. By revitalizing Downtown Marion and initiating the adaptive reuse of the Historic Marion School Building as the Appalachian School of Music and Art, this project will play a significant role in the overall economic restructuring of Southwest Virginia. The tourism cluster in Southwest Virginia has been shown to be a driving force for economic restructuring, which will help maintain strong economies in the small, rural communities during difficult economic times. 10266	Community Development Fund, Recovery Act	City of Franklin - Business Incubator Build-Out - This project will expand an immensely successful business incubator program that has operated at capacity since it was initially opened. The Franklin Business Incubator has an existing waiting list for services and will quickly make use of additional space provided by this expansion. Currently, the Incubator is home to twenty-eight (28) businesses employing one hundred and twenty (120) individuals [6] sixty-two (62) full-time and fifty-eight (58) part-time employees. The remaining part of the building will be built-out in order to accommodate up to eighteen (18) more businesses employing seventy-seven (77) individuals so that they operate in the City of Franklin and surrounding communities. The creation of this build-out will serve to maximize job creation and economic development benefit for not only the City, but also the region and Commonwealth of Virginia. The project is expected to create up to 77 new, permanent jobs in Franklin and the surrounding counties. It is also expected to create 15 temporary construction jobs. - 207 West Second Street, Franklin, VA	1	EA	pending		1		No

10485	Public Housing Capital Fund, Recovery Act	Partial Demolition and Construction of New Units at Garden Valley - The Garden Valley Phase III initiative will consist of 69 replacement public housing units to be built on the land area between Port Avenue, Carson Avenue, and East 71st and East 73rd Streets in the City of Cleveland's Kinsman neighborhood. CMHA will relocate residents and demolish 136 units at the site to prepare for this new development. The new development will consist of 69 ACC/LH/TC units in primarily two-story townhouse structures ranging from 4 to 7 units each along with single family detached homes. The project also includes the construction of new streets and related infrastructure improvements. All units will have individual entrances, and all accessible units will be one-story flats. The construction will be wood frame, and each unit will have its own utilities, meters, and heating and air conditioning systems. The building envelope is detailed and insulated to achieve an Energy Star rating. The mandatory requirements of the Green Communities will be met. Prior phases of development at the site have been designed to meet the Enterprise Green Building Criteria. The site is compact, suitable, and served by public transportation. It will conserve water use through water conservation appliances. <del>Before</del>	1	EA	done	1	11/4/2009	Yes

Such project will be an infrastructure improvement to the sewer septic system and will protect the environment from hazardous waste build-up on site. Moreover, the CNMI will ensure that the entire public facility is accessible for the disabled residents of the CNMI. CNMI estimates that (4) construction jobs will be preserved or created, promoting economic recovery in the construction industry. - Marpi, Saipan, MP	1	EA	done	1		1/20/2010	Yes			
10814	Community Development Fund, Recovery Act	Grotto Infrastructure Improvement - Investing in environmental protection and other infrastructure that will provide long-term economic benefits. The project is to rehabilitate the septic tank currently located at the Grotto on the island of Saipan and to ensure that the entire public facility is ADA compliant. Such project will be an infrastructure improvement to the sewer septic system and will protect the environment from hazardous waste build-up on site. Moreover, the CNMI will ensure that the entire public facility is accessible for the disabled residents of the CNMI. CNMI estimates that (4) construction jobs will be preserved or created, promoting economic recovery in the construction industry. - Marpi, Saipan, MP	1	CE	done	1		1/20/2010	Yes			
10815	Community Development Fund, Recovery Act	Tinian Infrastructure Improvement - Investing in environmental protection that will provide long-term economic benefits. The project is located in the village of San Jose on the island of Tinian. CDBG-R funds will be used to construct an infiltration system on the site. The infiltration system is a system that collects run-off water from a storm. An infiltration system (usually 3-12 ft.), provides total peak discharge, runoff volume and water quality control for all storm events equal or less to the specific design storm. The infiltration reduces the volume of runoff, removes many pollutants, provides stream base flow and groundwater recharge. The description of an infiltration system was found at <a href="http://www.metrocouncil.org/environment/watershed">www.metrocouncil.org/environment/watershed</a> . The project focuses on environmental protection and would be necessary on-site in order for the residents of Tinian to maximize the use of the public facility. CNMI estimates that 8 construction jobs will be preserved or created promoting economic recovery in the construction industry. - San Jose Village, Tinian, MP	1	CE	done	1		2/3/2010	Yes			
10816	Community Development Fund, Recovery Act	Sinapalo Elementary School Public Facility - Preserving and creating jobs and promoting economic recovery. The project is to rehabilitate the Sinapalo Elementary School Public Facility in order to maintain a safe and decent environment for the students and faculty of the school. The project includes the rehabilitation of the faculty building, the school library, school cafeteria, and a total of (16) classrooms. The absence of the project may pose as a hazard to the residents and result in a closure of the school. As such, the project will retain 25 jobs for the faculty and staff of Sinapalo Elementary School and create 10 temporary jobs for contractors/construction workers. - Sinapalo, Rota, MP	1	CE	pending		1		No			
10817	Community Development Fund, Recovery Act	Lower Township PF Storm Water Project - Villas Storm Water Beach Outfall Project - to eliminate flooding in the Villas Neighborhood through extension and reconstruction of seven storm water beach outfalls. - Villas Section to bay, or 2600 Bayshore Road, Lower Township, NJ	1	CE	done	1		12/3/2009	Yes

10972	Public Housing Capital Fund, Recovery Act	Former Firehouse to Office Conversion - A Phase I Environmental Review on the subject property, which is a former firehouse constructed in 1963. The property is being converted to office space for the City of Waukesha Housing Authority. It is a concrete block building with brick facing, spancrete roof, and concrete floors. There is a small basement area with spancrete floors above this area. The project will create an office space inside, studding out the walls, insulating, adding mechanicals, and drywall, new windows, roof, and several "green" building systems. The building has been abandoned for almost 30 years, and use for storage by the City forestry Department. The environmental review found no environmental problems. All existing interior surfaces that exist will be covered with new materials. - 600 Arcadian Avenue, Waukesha, WI	1	EA	done	1		1/4/2010	Yes		
10973	Public Housing Capital Fund, Recovery Act	Former Firehouse to Office Conversion - A Phase I Environmental Review on the subject property, which is a former firehouse constructed in 1963. The property is being converted to office space for the City of Waukesha Housing Authority. It is a concrete block building with brick facing, spancrete roof, and concrete floors. There is a small basement area with spancrete floors above this area. The project will create an office space inside, studding out the walls, insulating, adding mechanicals, and drywall, new windows, roof, and several "green" building systems. The building has been abandoned for almost 30 years, and use for storage by the City forestry Department. The environmental review found no environmental problems. All existing interior surfaces that exist will be covered with new materials. - 600 Arcadian Avenue, Waukesha, WI	1	CE	done	1		1/4/2010	Yes		
10974	Public Housing Capital Fund, Recovery Act	Appliance Replacement - Replace Stoves, Refrigerators and Water Heaters - 16 Stacy Drive, Roswell, NM	1	CE	done	1			No		
10975	Community Development Fund, Recovery Act	Fries - Volunteer Fire Department Relocation Project - The Town of Fries is relocating the fire station as the cornerstone of the economic restructuring strategy the Town has developed. The revitalization strategy and Master Plan has been very community-driven and has the full support of the neighboring localities and the regional economic development entity. This strategy, which includes future revitalization efforts in the adjacent business district, centers upon heritage and ecotourism as the future for economic development for the Town. Development of these opportunities along the New River, with this site as a premiere outdoor recreation and business center, will help create a sustainable economic development anchor for the town and lead to a economic boost for the region by driving more visitors to this new destination. Revitalization of the site will provide a much needed boost for the Town and the region, a region that has been hard hit by the overall economic slowdown and by the closing of a number of manufacturing and textile-based industries that were once widespread through the area. The project is expected to create approximately 34 temporary jobs. - P.O. Box 452, Fries, VA	1	EA	pending		1		No		
10976	Community Development Fund, Recovery Act	Fries - Volunteer Fire Department Relocation Project - The Town of Fries is relocating the fire station as the cornerstone of the economic restructuring strategy the Town has developed. 11505	Home Investment Partnership Program, Recovery Act	Crane Meadows Apartments - DKZ-Zion, L.P. proposes the acquisition/Rehabilitation of Crane Meadows Apartments in Zion, Illinois. It was built approx. 15 years ago and the rehab. plans will address 100% of the property's immediate and long-term physical needs and create major aesthetic enhancements and improvements to the site and buildings. The rehabilitation plan will not permanently displace any residents. - 1503-1519 & 1521-1617 Lorelei Drive, Zion, IL	1	EA	done	1		1/21/2010	Yes		
11506	Home Investment Partnership Program, Recovery Act	Crane Meadows Apartments - DKZ-Zion, L.P. proposes the acquisition/Rehabilitation of Crane Meadows Apartments in Zion, Illinois. It was built approx. 15 years ago and the rehab. plans will address 100% of the property's immediate and long-term physical needs and create major aesthetic enhancements and improvements to the site and buildings. The rehabilitation plan will not permanently displace any residents. - 1503-1519 & 1521-1617 Lorelei Drive, Zion, IL	1	CE	done	1		1/21/2010	Yes		
11507	Home Investment Partnership Program, Recovery Act	Eastside Revitalization III - This project will rehabilitate, according to Section 106 standards, and modernize 17 structures on scattered sites in the city of Covington, Kentucky. Each of these structures are currently vacant and dilapidated. In some cases, once rehabilitated these current single-family structures will be broken up into 2, 3, 4 unit buildings. These affordable units will have upgraded, market rate finishes, including bamboo hardwood floors, ceramic tile kitchens and baths, upgraded cabinetry, energy star appliances and high efficiency HVAC units. - Scattered Sites in Covington, Kentucky, Covington, KY	1	CE	done	1		1/7/2010	Yes		
11508	Home Investment Partnership Program, Recovery Act	Edgewood Apartments - The Edgewood Apartments Project is an existing Rural Development financed affordable housing community. This project is going to provide needed funding to address deferred maintenance; modernize the complex, and, add essential energy-efficient features to preserve the property as an affordable housing complex. - 734 National Turnpike, Munfordville, KY	1	CE	done	1		1/11/2010	Yes		
11509	Home Investment Partnership Program, Recovery Act	Wilart Arms Apartments - The Wilart Arms Apartments is an existing affordable housing apartment community. This project is going to provide needed funding to address deferred maintenance, address asbestos and lead safety issues and modernize the complex. A primary focus of the work will be to improve the quality of housing for the residents of this building, and the community at large. A major consideration for the scope of the project is to reduce the density of housing units on the site, from the current 100 units to a proposed 66 units in addition to improving the parking and exterior condition of the building. This work will improve the viability of the property over the long term, and the quality of life for the residents and the surrounding neighbors. This reduction in the number of units will allow for a change in the unit mix of the building. Currently, all of the units are one bedroom units, and the renovation will provide the space to incorporate a good mix of two and three bedroom units. This change will allow for more families to reside in the property as opposed to primarily being occupied by single individuals. - 1797 Wilart Drive, Louisville, KY	1	EA	done	1		12/23/2009	Yes

11567	Home Investment Partnership Program, Recovery Act	Wildewood Place Apartments - This development will consist of the green rehabilitation of 96 units of three bedroom family affordable housing in a multi-family complex located at 3910 Wynnbrook Drive in Florence, Kentucky. This property is designed to assist families whose income is 31% up to 50% of the area median income. All the units in this development will include a washer/dryer hookup, range, refrigerator and dishwasher, as well as other amenities. The subject property consists of six (6) two-story apartment structures constructed in 1991. The site structures contain a total of 96 residential dwelling units and are situated on 8.344 acres of land. The subject property contains a grass building area of approximately 118,838 square feet. In addition, located at the subject property is a leasing office/clubhouse building. Located within the apartment structures are laundry facilities and a maintenance shop. Exterior property improvements include a playground, an in-ground swimming pool, landscaped regions, and asphalt parking areas. The subject property is serviced by electricity, natural gas, and municipally supplied water and sewer. - 3910 Wynnbrook Drive, Florence, KY	1	CE	done	1	11/16/2009	Yes

11653	Public Housing Capital Fund, Recovery Act	Amory - Create a comprehensive services center for frail elders at its Amory Street Elderly/Disabled development. These CFRC funds coupled with \$203,136 of leveraged funds and \$1,976,200 of matched funds will enable BHA to renovate an existing 10,000 square foot community and office space into a full-service Center serving the needs of BHA frail elders and people with disabilities who are over the age of 55. The Center will be operated by Upham's Corner Health Center's Elder Service Plan-PACE (Program of All-inclusive Care for Elders) (UESP-B PACE)-a community-based, comprehensive initiative providing medical, adult day health and supportive care for frail elders. The program allows elders to remain living independently in the community, rather than in a nursing home. As elder residents age, many face increasing need for coordinated, comprehensive supportive care while their physical and cognitive abilities and monetary resources are decreasing. Too many elders face unnecessary hospitalization, emergency room visits and permanent nursing home placement, when positive options such as the BHA-Upham's Corner PACE collaboration can help them continue to age in place. - 125 Amory Street, Boston, MA	1	EA	done	1		10/28/2009	Yes

11654	Public Housing Capital Fund, Recovery Act	Amory - Create a comprehensive services center for frail elders at its Amory Street Elderly/Disabled development. These CFRC funds coupled with 2023.136 of leveraged funds and \$1,976,200 of matched funds will enable BHA to renovate an existing 10,000 square foot community and office space into a full-service Center serving the needs of BHA frail elders and people with disabilities who are over the age of 55. The Center will be operated by Upham's Corner Health Center's Elder Service Plan-PACE (Program of All-inclusive Care for Elders) (UESP/PACE)-a community-based, comprehensive initiative providing medical, adult day health and supportive care for frail elders. The program allows elders to remain living independently in the community, rather than in a nursing home. As elder residents age, many face increasing need for coordinated, comprehensive supportive care while their physical and cognitive abilities and monetary resources are decreasing. Too many elders face unnecessary hospitalization, emergency room visits and permanent nursing home placement, when positive options such as the BHA-Upham's Corner PACE collaboration can help them continue to age in place. - 135 Amory Street, Boston, MA	1	CE	done	1		10/28/2009	Yes
