NEPA Task Force Web Site Reports a New Feedback Entry:

Name: Tony Johnson

Email Address: TJStubby@msn.com

Comments: Today is the first day in approx. 8 weeks I ahve been able to take my Daughter outside as she has a Trach. and has been unable to enjoy this whole Summer. Why has this 2 year old little girl been house bound for so Long. We have sufered because of these Damn Enviromental Laws that have made our AIR Quality unbearable to take her outside.We have been under the threat of Smoke (Air Pollution) because of Enviromentalists tying up the clearing of Trees and under brush, in which Southern Oregon has lost almost 800,000 acres of Land.

This air pollution caused by Enviromentalists who do not give a Damn about the people that live here in Southern Oregon.Last year they tied up the Water supply

to a SOuthern Oregon Community for a Damn Sucker Fish.SO 230,000 acres of land didn't get water, this land FEEDS PEOPLE and CHILDREN, again, Enviromentalists don't give a Damn about PEOPLE, only there own pockets, as they SUE FEDERAL AGENGIES under the guideline of an ancient law that they have lined thier own pockets from.

It is time to amended this Law as I want CLean air for my daughter and the rest of my Family, we shouldn't have to be placed in this HELL of Air Pollution again.

I shudder to think about the Jobs that have been lost because of thes Enviromentalists shutting down Mills, Farmers, @Ranchers.If it keeps going there will be NO FOOD to feed our Children with.There will be no Union Jobs or any Jobs. AS the United States has been brought about thru the Labor of Men and Women that have worked this land, and the only way it can conitue is for Men and

CQ281

Women to work this land in a Good and Godly fashion.

THank You Tony.L.Johnson

PS God Bless you George W.Bush and Keep you and Yours Safe.
You got this Democratic Families Votes.

PS take away ever Envirmonentalists Groups Tax Exemption Status and make em
pay
Taxes, as these are NOT NON PROFIT GROUPS.
