Subject: Full Protection Official Comment

09/06/02 01:21 AM

Please register this as my full official comment. I am for not tampering with the current law in this regard. We need full protection of our lands to safeguard unwise development. Greed has show its face quite a bit lately and I don't want to see it gutting our environmental safeguards in exchange for campaign donations. American citizens cherish their lands. Protecting them is the priority.
