Subject: National Environmental Policy Act (NEPA)

CQ501

09/20/02 06:42 PM

I am **opposed** to the Bush Administration's proposed changes to the National Environmental Policy Act (NEPA). These changes could limit, if not eliminate, legally mandated requirements that citizens have opportunities to comment on federal projects being imposed upon them with little or no regard on the impact to their lives.

This affects my area (Knoxville, Tennessee) with the proposed controversial 475 Beltway which will ruin this rural area.

Thank you for your attention.

Sincerely,

Vickie Foster
