Subject: CEQ comments

09/24/02 10:20 AM

I am writing regarding The White House Council on Environmental Quality (CEQ) task force to review the National Environmental Policy Act (NEPA) and examine opportunities to modernize NEPA analyses and documentation and improve the coordination of NEPA processes between all levels of government and the public.

I have written many NEPA comments over the years and was not notified of this proposed action.

Please extend the comment period and include many of us who were not notified.

I request to be placed on your mailing list. Please send me a copy of the Environmental Assessment.
